2j: Maintain a minimum program enrollment of, the lesser of, 100 students or 10% of students enrolled at each High School. Discontinued the requirement that the cadets be citizens.

2o: Ensure that minimum salary paid to NJROTC instructors is at least the level of active duty pay and allowances, less retired or retainer pay.

3f: Expanded program termination provisions to include a probation status if there is low student enrollment in the program or other program requirements are not met. In all other aspects, the amended and restated agreements shall be in accordance with the original agreements.

**TERM:** Each restated agreement shall provide for the NJROTC program to operate for a continuous term unless terminated by either party.

**OUTCOMES:** The NJROTC Program provides students with leadership training, academics, citizenship development and self-discipline and the ability to qualify for leadership positions as Navy officers and enlisted personnel.

**PROGRAM FUNDING:** The Board will continue to receive the following funding from the Dept. of the Navy through these NJROTC program agreements: 1) reimbursement for one-half of the difference between the NJROTC's instructor's entitled retired pay and the active duty pay and allowances excluding hazardous duty and proficiency pay which they would receive if ordered to active duty, and 2) payment for cost of cadet uniforms and authorized travel and 3) student enrollment-based government purchase GSA credits to obtain all curriculum, books and other classroom supplies required to operate the program.
