EDUCATIONAL PERSONNEL COMPENSATION PLAN

(1) Salary Increases

Automatic salary increases shall be granted to educational employees appointed to positions for which the salary schedule provides automatic salary schedule increases based on a time element. With the exception of members of the administrative staff covered by the provisions of the Administrative Compensation Plan (Board Report 74-469-7 Revised) who are granted step increases in accordance with said plan, such increases shall be granted provided the employee has worked the required time period specified in the salary schedule. Automatic salary step increases are granted annually during the first payroll period of the appropriate month during which the teacher has completed 176 paid days of satisfactory service subsequent to the last step increase. In the event a teacher's absence with loss of full pay exceeds 19 days or the teacher's efficiency rating is less than satisfactory for a period in excess of 19 days, the automatic salary increase shall be deferred one school month. For each succeeding multiple of 19 days for which the teacher is not on the payroll or the teacher's efficiency rating is less than satisfactory, the automatic salary increase shall be deferred an additional school month. The first payroll period of the month is defined as the initial pay period of the month which includes the payment of a minimum of three weekdays of said new calendar month.

(2) Full-Time Basis Substitute Teachers

Teachers holding temporary teaching permits (other than provisional permits) who are employed as Full-Time Basis (FTB) substitutes shall be eligible to receive salary adjustments up to and including the second step of the appropriate lane on the appropriate salary schedule to allow credit for prior service as a full-time day school teacher in the Chicago Public Schools or in schools outside Chicago Public School system provided, however, that the provisions of Section 4-28 of the Rules of the Board of Education covering salary adjustments are met.

To be eligible for a salary adjustment based on teaching experience in the Chicago Public Schools effective on the date of employment, FTB substitute teachers must make proper claim to the Bureau of Salary Administration, Staffing & Employee Records within 60 days of the date of employment. After 60 days, the effective date for salary adjustment based on teaching experience in the Chicago Public Schools shall be the date proper claim is received in the Bureau of Salary Administration, Staffing & Employee Records. Salary step adjustments for outside teaching experience for FTB substitute teachers shall be made effective from the date of employment provided that proper claim and documentary proof are on file within 90 days of employment. After 90 days of employment, the effective date for salary adjustment becomes the date on which the application and affidavit are received in the Bureau of Salary Administration, Staffing & Employee Records. No salary adjustment claim or verification of employment outside of the Chicago Public Schools system filed after one year of original placement as an FTB temporarily certified teacher will be considered.

Teachers holding temporary teaching permits (other than provisional permits) who are employed as FTB substitutes and who qualify to take an examination for a standard state teaching certificate and who agree to take the examination as soon as it is offered by the State of Illinois shall also be eligible for an additional salary adjustment up to and including the third step of the appropriate lane on the appropriate salary schedule provided, however, that they have not had such a salary adjustment at a previous time and that the provisions of Section 4-28 of the Rules of the Board of Education covering salary adjustment are met and an application (Salary Adjustment T. Per 41)

and, if outside time is involved, an affidavit (Affidavit Form T. Per 42) are filed in the Bureau of Salary Administration, Staffing, Enrollment & Employee Records.

Any FTB substitute teacher who has had the above-mentioned salary adjustment and who fails to take, fails to complete, or fails to pass the appropriate written examination within one year for a standard state teaching certificate if offered by the State of Illinois shall revert to his or her appropriate step and lane but no higher than step two.

Whenever an FTB substitute teacher acquires and registers a state standard teaching certificate or a transitional bilingual teaching certificate with the Bureau of Salary Administration, Staffing, Enrollment & Employee Records of the Department of Human Resources, said FTB substitute teacher shall not be subject to the above-mentioned salary limitations of this section.

For further information regarding lane and step placement for educational personnel, please refer to the *Teacher's Salary Information Handbook*.
