

AMEND BOARD REPORT 02-1120-PR02**RATIFY THE AWARD OF CONSTRUCTION CONTRACTS AND RATIFY OR APPROVE
CHANGES TO CONSTRUCTION CONTRACTS FOR THE BOARD OF EDUCATION'S
CAPITAL IMPROVEMENT PROGRAM****THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:**

Ratify the award of Capital Improvement Program construction contracts in the amount of \$4,639,859.73 \$4,628,159.73 to the respective lowest responsible bidders for various construction projects, as listed in Appendix A of this report. These construction contracts are for projects approved as part of the Board's Capital Improvement Program. Work involves all labor, material and equipment required to construct new schools, additions, and annexes, or to renovate existing facilities, all as called for in the plans and specifications for the respective projects. Proposals, schedules of bids, and other supporting documents are on file in the Department of Operations. These contracts have been awarded in accordance with section 5-7 of the Rules of the Board of Education of the City of Chicago.

This amendment is necessary to remove the environmental project in Region 6 in Appendix A for a project at Burnham/St. Kevin that was cancelled because the Archdiocese is planning to correct this condition over the Christmas break.

Ratify changes to existing Capital Improvement Program construction contracts, in the amount of \$549,328.00 as listed in Appendix B of this report. These construction contract changes have been processed and are being submitted to the Board for ratification in accordance with section 5-10 of the Rules of the Board of Education of the City of Chicago.

Approve changes to existing Capital Improvement Program construction contracts, in the amount of \$3, 880,140.63 as listed in Appendix C of this report. These construction contract changes are being submitted to the Board for approval prior to processing in accordance with section 5-10 of the Rules of the Board of Education of the City of Chicago, since they require an increased commitment in excess of \$10,000 or 10% of the original contract amount, whichever is less, or, as provided under Section 5-4 of the Rules, are necessitated by an unforeseen combination of circumstances or conditions calling for immediate action to protect Board property or to prevent interference with school sessions.

LSC REVIEW: Local School Council approval is not applicable to this report.

AFFIRMATIVE ACTION: The General Contracting Services Agreement entered into by each of the pre-qualified general contractors stipulates goals of 50% MBE (32.0% African-American, 12.0% Hispanic, 2.0% Asian) and 10% WBE utilization for General Contractors in Category "B". General Contractor's in Category "A" have goals of 25% MBE (16% African-American, 6% Hispanic, 1% Asian) and 5% WBE utilization. Other Miscellaneous Construction Contracts awarded outside the pre-qualified general contractor program have goals of 26% MBE (16% African-American; 7.5% Hispanic, 2.0% Asian) and 5.0% WBE utilization. Both the new construction contract awards and the changes to existing construction contracts are subject to the provisions of the M/WBE Plan and the Per Contract and Category Goals method of calculating M/WBE participation. Thus, contracts issued pursuant to the general contracting program are subject to compliance reviews on a contract-by-contract basis. The Bureau of Compliance and Vendor Services will report aggregated compliance of the pre-qualified general contractors on a quarterly basis.

FINANCIAL: Expenditures involved in the Capital Improvement Program are charged to the Department of Operations, Capital Improvement Program. Budget classification: Fund – 410,415,477,478,492 & 481 will be used for all Change Orders (Appendix B & C); Funding source for new contracts is so indicated on Appendix A
