

AMEND BOARD REPORT 01-0822-PO2
ADOPT-A RESIDENCY POLICY FOR ALL EMPLOYEES OF THE BOARD OF EDUCATION

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education amend its policy regarding residency for all employees of the Board of Education.

PURPOSE:

The purposes of this policy are to establish consistent, equitable, and enforceable guidelines concerning the Board's requirement that all officers and employees of the Board of Education be residents of the City of Chicago that are consistent with state law, 105 ILCS 5/34-83.1, and to establish new provisions to the residency requirement.

This policy is amended to (1) identify responsible persons and offices for monitoring compliance with new, non-resident employees' obligation to establish actual residence within the City of Chicago; (2) identify responsible persons and offices for monitoring compliance with warnings and written reprimands issued to non-compliant employees; (3) establish consistent discipline for non-compliant employees; (4) reduce the compliance period for non-compliant employees from six (6) months to sixty (60) days; (5) clarify the policy and the requirements and procedures for "special needs waivers;" and (6) require employees who must file Statements of Economic Interests under the Ethics Policy to annually certify their compliance with the Residency Policy in the Statement of Economic Interests.

HISTORY OF BOARD ACTION:

On July 9, 1980, the Board adopted its a "Resolution to Require Residency Within the City of Chicago of all Personnel Employed by the Board of Education On or after September 1, 1980" (See Resolution #80-149-2.) The Board subsequently adopted Board Report #83-110, which superceded the previous resolution and which provided waivers to its residency policy under certain circumstances. On April 18, 1990, the 1983 resolution was amended to provide waivers for employees in "Special Needs" categories and for exemption of principals from the residency requirement (See Resolution #90-0418-RS1). On November 20, 1996, the Board adopted its ~~current~~ a residency policy (See Board Report #96-1120-PO1), which exempted employees hired prior to September 1, 1980; allowed any employees hired between September 1, 1980 and August 26, 1996, whose address of record with the Department of Human Resources indicates that he/she resided outside the City of Chicago to continue to live outside the City; and required all new employees to be City residents. ~~As amended, this policy allows~~ On August 27, 1997, the Board amended the residency policy (See Board Report #97-0827-PO4) to allow a six-month grace period for compliance with the policy for newly hired or rehired employees and for those employees formerly in a special needs exemption area. On August 22, 2001, the Board rescinded the residency policy adopted under Board Report #97-0827-PO4, and adopted its current residency policy 01-0822-PO2, which requires all full-time employees hired on or after November 20, 1996 to be actual residents of the City of Chicago, sets forth disciplinary actions for teachers, principals and all other employees and provides for waiver of the policy upon Board action.

POLICY TEXT:

1. Introduction

The boundaries of the school district under the charge of the Board of Education of the City of Chicago are coterminous with the boundaries of the City of Chicago. It has been, and continues to be, the belief of the governing board of the district that it is desirable to maintain a policy requiring that its officers and employees maintain their residence within the City of Chicago, and that its educational and governmental purposes are best served by the establishment of the residency policy contained herein.

The Board of Education, therefore, deems it proper and appropriate to maintain a residency requirement for its officers and employees for reasons which include, but are not limited to, the following:

- a) quality of performance of duties by officers and employees of the Board will be enhanced by a more comprehensive knowledge of the conditions existing in the school system and by a feeling of greater personal stake in the system's progress;
- b) resident officers and employees will be more likely to be involved in school and community activities, thus bringing them into contact with community leaders and citizens;
- c) absenteeism and tardiness will be diminished;
- d) economic benefits will accrue to the school system from local expenditure of salaries and the payment of local sales and real estate taxes, and educational benefits will be derived from residency by teachers, administrators and other employees in the City of Chicago. The Chicago Board of Education, therefore, adopts without the necessity of annual readoption the following residency policy.

2. Definitions

For the purpose of this policy only, the following definitions will apply:

- a) "Residency" means an employee's domicile, the one actual place where an employee lives and has his or her true, permanent home to which, whenever he or she is absent, he or she has an intention of returning.
- b) "Employees" means all full-time employees as defined by Section 4-48 of the Rules of the Board of Education of the City of Chicago and officers of the Board. "Employees" does not include the following: day-to-day substitute teachers; part-time employees including part-time Educational Support Personnel employees; full-time provisional substitute teachers; individuals working in the Troops to Teachers program; interns working for the Board on a part-time or temporary basis; or those individuals participating in professional training programs designed to prepare participants for full-time employment as CPS educators.
- c) "Continuously employed" means employment that has not been interrupted by a break in service.
- d) "Break in Service" means a loss of employment as a result of discharge, separation, and resignation not followed by rehire within one year. "Reassigned teachers" who are appointed to full-time teaching positions within two years following honorable termination shall not have had a break in service for purposes of this policy.
- e) "Academic year" means the regular school year commencing in August or September and ending in June.

3. Current Employees Hired On or After November 20, 1996

All employees hired on or after November 20, 1996 will be required to be actual residents of the City of Chicago within six months from the day their employment begins, except where the employee has been granted a waiver in accordance with the provisions of this policy. This residency requirement includes principals. A Sworn Residency statement must be completed by each prospective employee by the time his or her employment with the Board begins. ~~The one exception to this residency requirement will be for employees working in assessed special needs areas. In the event that an employee hired on or after November 20, 1996 no longer works in a special needs area, the employee will be required to establish residency in Chicago within six months after the Board's assessment that the employee no longer works in a special needs area.~~

Employees who are hired without being actual residents shall have an affirmative obligation to notify their principal, area instruction officer, or department head and the Department of Human Resources that they have established actual residency no later than fourteen (14) calendar days after the six (6) month anniversary of their date of hire. Principals, area instruction officers, and department heads or their respective designees shall be responsible for monitoring compliance by employees under their supervision with the obligation to establish actual residency within six (6) months of hire. Principals, area instruction officers and department heads shall commence appropriate disciplinary proceedings for those employees who are not in compliance with this policy. A principal's, area instruction officer's or department head's failure to monitor compliance with the policy shall not relieve employees of their obligation to comply with the policy.

4. Current Employees Hired Prior To November 20, 1996

All employees hired prior to November 20, 1996 - the date when the Board originally adopted a residency policy requiring employees hired on or after November 20, 1996 to reside in Chicago - who have remained continuously employed by the Board shall not be required to live within the Chicago city limits regardless of whether such employees have moved into the city since November 20, 1996. Any employee hired prior to November 20, 1996 who has had a break in service **after** November 20, 1996 will be regarded as a new employee and will be required to reside in Chicago within six months after returning to full-time employment with the Board unless the employee ~~works in a Board determined special needs area~~ obtains a waiver in accordance with Section 8 of this policy.

5. Notification of Change of Residency Address

~~Employees subject to this policy have an obligation to notify the Board of their change of residency. All employees must notify the Board of a change in their address within fourteen (14) calendar days of their change of address. Notification to the Board of a change of residency shall be made using the procedures, forms and documentation established and provided by the Department of Human Resources. Employees shall provide the Board with a change of residency notice within 60 days after their move.~~

6. Proof of Residency

For the purposes of this policy, the question of an employee's residence is principally one of where an employee intends to live and have his or her one true, permanent home or domicile to which an employee intends to return following an absence. The presumption in this policy is that the address an employee gives on a completed Residency Form is that employee's correct address. In disputed cases, the burden of proof rests with the employee to show that his or her claimed residence is the one where the employee intends to live and have as his or her one true permanent home or domicile. Because intent may be manifested in innumerable ways, any residency inquiry must consider all the pertinent factors on a case-by-case basis. Such an inquiry shall consider, but not be limited to, the following factors: voter registration, place of filing tax returns, property ownership, driver's license and car registration.

7. Penalties for Violations of the Residency Policy

A. Principals and Tenured Teachers

According to the Illinois School Code, tenured teachers and principals only may be discharged for conduct deemed "irremediable," or for "remediable" conduct which employees have been specifically warned may lead to their discharge if repeated. The School Code defines "irremediable" conduct as conduct which is cruel, immoral, negligent, or criminal or which in any way causes psychological harm or injury to a student. 105 ILCS 5/34-85. The Board shall consider any tenured teacher or principal who intentionally provides falsified documents and/or residential addresses as a means of avoiding the residency requirements set for in this policy **as having engaged in irremediable conduct punishable by discharge**. Other initial violations of this policy that do not involve the intentional falsification of documents and/or residential addresses in order to avoid the requirements of this policy shall not be treated as "irremedi-

able" offenses. Accordingly, in those cases where no falsification of information occurs, a principal or tenured teacher who is subject to this policy may be discharged for failure to comply with the residency requirement if, after receiving a Warning Resolution from the Board, the employee fails to comply with the warning and establish his or her residency in Chicago. All Warning Resolutions issued under this section shall direct the teacher or principal to establish actual residency in the City of Chicago within sixty (60) calendar days of the service of the Warning Resolution. All Warning Resolutions issued to employees under this section shall direct the teacher or principal to submit evidence of compliance with the terms of the Warning Resolution by a date certain, not to exceed fourteen (14) calendar days after the designated period for compliance, to the Office of Labor and Employee Relations. Teachers and principals who fail to comply with the Warning Resolution shall be discharged.

B. Other Employees Subject to the Board's Residency Requirement

All Board employees other than tenured teachers and principals who are subject to the Board's residency requirement and fail to comply may be discharged. An employee in violation of this policy shall receive a written warning signed by the Chief Executive Officer or designee indicating that the employee may be subject to discharge if he or she fails to establish residence in Chicago within ~~six months after receipt of the warning~~ sixty (60) calendar days of the service of the written warning. All written warnings issued to employees under this section shall direct the employee to submit evidence of compliance with the terms of the written warning by a date certain, not to exceed fourteen (14) calendar days after the designated period for compliance, to the Office of Labor and Employee Relations. Employees who fail to comply with the written warning shall be discharged. ~~However, any~~ Any employee, including newly hired individuals, who intentionally provides falsified documents and/or residential addresses in order to avoid the requirements of this policy shall be ~~considered as having engaged in irremediable conduct punishable by discharge~~ subject to immediate discharge in accordance with the Board's Employee Discipline and Due Process Policy.

8. Waiver of Residency Requirement for Designated Special Needs Positions Through Board Action

~~The Board shall have authority to waive the residency requirement when it determines that such waiver clearly will benefit the educational mission of the Chicago Public Schools. The Board shall determine on a case-by-case basis when a waiver is appropriate.~~

The Board may grant special needs waivers ("special needs waivers") of the residency requirement for new employees hired to positions designated by the Board as special needs positions. Special needs waivers provided for under this section may only be granted at the time of the employee's hire and shall not be granted to existing employees except where the existing employee has been previously and continuously eligible for a waiver since the Board adopted the waiver policy on August 22, 2001; provided however, that nothing in this policy shall be interpreted to permit an employee who was a City resident at the time of hire to be eligible to apply for a waiver for the purpose of changing his or her residency. Special needs waivers shall be valid for three (3) academic years after the employee's date of hire and may be renewed for subsequent three (3) year periods provided that the employee continues to be employed in a special needs position. Special needs waivers granted under this section shall expire on a date certain. In May of each year, upon recommendation of the Department of Human Resources, the Board shall designate special needs positions to which special needs waivers shall apply.

New employees must apply for a special needs waiver at the time of hire in accordance with procedures established by the Department of Human Resources. Current employees who are eligible for special needs waivers under this section must reapply for the special needs waiver in accordance with procedures established by the Department of Human Resources. The Department of Human Resources shall grant such applications for a special needs waiver or to renew a special needs waiver without further Board action provided that the employee will be working in a designated special needs position. Applications for special needs waivers and notices to employees that they have been granted a special needs waiver shall clearly inform applicants that: (1) the special needs waiver is limited to a designated three (3) year period; (2) the special needs waiver expires on a date certain; (3) if granted, the employee must

re-apply for the special needs waiver upon expiration of the waiver; (4) a failure to reapply for a special needs waiver shall obligate the employee to become an actual resident of the City of Chicago within six (6) months of the end of the prior academic year; and (5) if the employee ceases to occupy a designated special needs position within the waiver period, the employee must become an actual resident of the City of Chicago within six (6) months in accordance with this policy.

9. Annual Certification of Residency on Statement of Economic Interest

Employees who are required under the Board's Code of Ethics to file a Statement of Economic Interest shall also certify their compliance with this residency policy in their annual Statement of Economic Interest. The employee's certification shall include an oath or affirmation that the employee is not required to be an actual resident because his/her date of hire is prior to November 20, 1996 or that the employee has a valid, current Board waiver of the policy issued in accordance with this policy or that the employee is an actual resident of the City of Chicago.
