

ADOPT A RENAISSANCE SCHOOL PERFORMANCE PLAN FOR UPLIFT COMMUNITY SCHOOL

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board adopt a Renaissance School Performance Plan attached as Attachment 1 for the Uplift Community School.

HISTORY:

On January 26, 2005 the Board approved a proposal to open the Uplift Community School ("Uplift") as a Performance School serving grades 6 through 12 (Board Report 05-0126-EX15). The Board's Renaissance Schools Policy (Board Report 04-0922-PO4) states that Performance Schools are schools specially designated by the Board where the Board approves a Performance Plan setting forth specific standards for academic performance and a clear statement as to how the school will be held accountable. In exchange for higher accountability, Performance Schools are granted autonomy over various educational and operational issues. The specific degree of autonomy available to each Performance School is set out in each individual school's Performance Plan.

DURATION OF PERFORMANCE PLAN:

The Performance Plan for Uplift shall continue for five years beginning July 1, 2005 and ending June 30, 2010. During the final year of the Performance Plan, Uplift's status as a Performance School and their Performance Plan shall be subject to renewal by the Board. The Board may, at any time, rescind Uplift's status as a Performance School and the Performance Plan set out herein upon the school's failure to implement the educational plan set out in the Performance Plan, failure to make reasonable progress towards achieving the accountability requirements set out in the Performance Plan, failure to satisfy the requirements of the Performance Plan or for any other reason set out in the Performance Plan.

PERFORMANCE PLAN DESCRIPTION:

The Uplift Performance Plan ("Plan") attached as Attachment 1 outlines the educational plan, operational structure, autonomies and accountability requirements for Uplift. Uplift's Renaissance School proposal shall be included as an attachment to the Plan. The Plan includes the following key components:

<u>School Day:</u> *	8:30-3:05 for Elementary School 8:30-4:02 for High School Extended day programs will run until 6pm and community service will be performed on designated Saturdays.
<u>School Calendar:</u> *	Uplift will begin the day after Labor Day and end on the last day of June. This is 5 days longer than other CPS schools. Rather than utilizing the regular CPS professional development schedule, Uplift plans to provide one monthly daylong professional development day when classes will not be in session.
<u>Student Discipline:</u>	Uplift will follow the Uniform Discipline Code. Uplift will also utilize the 'Talking Circles' conflict resolution model as well as Peer Mediation and Peer Jury systems for Group 1-3 violations.

* The modified school day and school calendar shall be subject to the availability of sufficient funds, compliance with applicable collective bargaining agreements and all waiver provisions contained therein.

Governance: An Interim Advisory Committee (IAC) will be in place for a minimum 2 years. An LSC election will be held in 2008 unless the IAC submits a request for the Board to approve Uplift an alternative school and to establish an alternative LSC thereafter.

Reporting Structure: Uplift will be assigned to an Area Instruction Office for oversight purposes.

Finance: Uplift will be funded on a per-pupil basis and will follow all CPS policies on cash flow management, purchasing, payroll and audits.

Board Policies & Rules: Uplift will comply with all Board Policies and Rules in the operation and administration of the school except as previously noted above. Specifically, in implementing the CPS Elementary School Promotion policy Uplift will also require its elementary students to pass all core courses to be promoted. Uplift may in the future opt-out of the Board Policies listed in Table III of the attached Plan, upon notice to the CEO.

Academic Accountability: Uplift shall be evaluated in accordance with the Board's "Accountability System for All Chicago Public Schools" Policy (Board Report, 04-0225-04), as may be amended. Further, Uplift shall be evaluated based on the additional accountability criteria which includes:

- a) Percentage of students performing at national norms on norm-referenced assessments;
- b) Average individual gains on norm-referenced assessments;
- c) Percentage of students achieving state standards on the ISAT or PSAE;
- d) Change in percentage of students achieving state standards on the ISAT or PSAE from prior year;
- e) Student attendance rates;
- f) Student dropout rates;
- g) Percentage of students transferring out of the school;
- h) For high schools, student graduation rates;
- i) For high schools, freshmen on-track performance;
- j) For high schools, percentage of students enrolled in post-secondary education

EVALUATION: Uplift shall be evaluated annually by the Chief Executive Officer or designee based on the criteria set out in this Performance Plan. The Chief Executive Officer shall report annually on each Performance School's performance and shall rate each school's performance.

The Performance School will operate under the terms of this Performance Plan and all applicable Board Reports related to the formation and operation of the Performance School.

The Board desires to provide the Performance School with certain autonomies with respect to its educational mission and operations. In addition, the Board will require additional accountability of the Performance School above that generally required of Chicago Public Schools that do not operate under Performance Plans.

The Performance Plan for the Performance School consists of the following:

1. This Performance Plan and all exhibits to the Plan
2. All Board policies and rules which the Board has not waived for the Performance School
3. All applicable laws and regulations
4. The Board Reports through which the Board created the Performance School, defined its attendance boundaries, established its governance structure and authorized this Performance Plan.

The Performance School acknowledges and agrees that its Proposal is an integral part of this Plan, and the Board shall have the right to hold the Performance School responsible for all information, representations and statements contained in the Proposal. The Proposal, however, is not a complete statement of each detail of the Performance School's operation. To the extent the Performance School desires to implement specific policies, procedures or other specific terms of operation that supplement or otherwise differ from those set forth in the Proposal, the Performance School shall be permitted to implement such policies, procedures, and specific terms of operation, provided such policies, procedures and terms of operation are consistent with all applicable laws and regulations, Board policies and rules unless otherwise specifically waived by the Board, the Renaissance Schools Policy as amended, all Board consent decrees and settlement agreements, and the goals, standards and general operational policies set forth in the Proposal.

Performance School shall submit to the Chief Education Officer or designee its school calendar for such academic year and the following summer session.

3. Any proposal to establish days or hours of operation or a school calendar that would require members of a collective bargaining unit to work on a schedule that differs from that set forth in the applicable collective bargaining agreement is subject to the acquisition of a waiver pursuant to the agreement's procedures for waiver.

In the event the Board approves the formation of an ALSC, the Board also will define the process by which the ALSC is to be formed and maintained, and its duties and responsibilities.

In the event the Board approves an ALSC for the Performance School, but the proposal does not provide sufficient information to determine the process by which the ALSC is to be formed and maintained, or does not sufficiently define its duties and responsibilities, the Board may apply the *Guidelines for Alternative Local School Councils* to this ALSC.

C. Permanent Governance – Elected Local School Councils

If the Performance School does not select an ALSC as its form of governance, or the Board does not classify the Performance School as an alternative or small school, the school will operate with an elected LSC.

The Performance School will be managed by an interim principal until a permanent governing body is formed.

If the permanent governing body is an ALSC, its duties and responsibilities with respect to principal selection and evaluation will be determined by the Board. In the event the Board forms the ALSC without specifically defining its duties and responsibilities, they shall be as outlined in the Guidelines for Alternative Local School Councils.

If the permanent governing body is an LSC, its duties and responsibilities will be defined by applicable state law and board policies.

EXHIBIT C

FUNDING

- I. **Base Allocation:** The School will receive from the Board a Base Allocation on a per pupil, per annum basis in accordance with the formula stated below:
 - A. A per pupil funding amount which is equal to a fraction, the numerator of which is the total current year operating expenses of the Board (excluding capital and debt service), minus expenses from Supplemental General State Aid, Federal title programs, food service, special education, bilingual education, early childhood education, competitive and foundation grants, and State and Federal categorical programs, and the denominator of which is the current year enrollment in either Kindergarten through eighth grade or ninth through twelfth grade of the school district, as applicable to the School, which information will be found in the budget adopted by the Board at the commencement of each fiscal year (the "Per Pupil Funding Amount").
 - B. For the 2004-05 fiscal year, the Per Pupil Funding Amount for grades kindergarten through eight is \$5,075. For subsequent years, the Per Pupil Funding Amount for grades kindergarten through eight shall be equal to the fraction described above, calculated using the Board's enrollment and expense figures for all students in the Chicago Public School system in grades kindergarten through eight. The Per Pupil Funding Amount for subsequent years will appear in the Final Budget Book adopted by the Board on an annual basis.
 - C. For the 2004-05 fiscal year, the Per Pupil Funding Amount for grades nine through twelve is \$6,075. For subsequent years, the Per Pupil Funding Amount for grades nine through twelve shall be equal to the fraction described above, calculated using the Board's enrollment and expense figures for all students in the Chicago Public School system in grades nine through twelve. The Per Pupil Funding Amount for subsequent years will appear in the Final Budget Book adopted by the Board on an annual basis.
 - D. Pursuant to guidelines to be issued by the Board's Office of Early Childhood Programs, the School may apply to receive per-pupil funding for pre-Kindergarten students. The per pupil amount for an approved program varies depending on program and student characteristics.
- II. **Additional Funding:** The School may be eligible to receive additional funding from the Board on a per pupil, per annum basis if the School satisfies the criteria described in any of the categories stated below:
 - A. School size

The School will receive an additional \$300 per pupil if its maximum planned enrollment at each individual campus is 599 or less.
 - B. Special Education

Special Education Teachers will be provided to Performance Schools by the Board based on each school's population of students with disabilities.
 - C. Community Schools

Pursuant to guidelines to be issued by the Board's Office of After School and Community School Programs, the School may apply to be considered a "Community School".

Approved Community Schools will receive an additional \$217 per pupil for the 2005-2006 school year, up to a maximum of \$130,000 per school. The per pupil amount for Community Schools will be subject to annual review and revision by the Board's Office of After School and Community School Programs.

D. English Language Learners

The School will receive an additional per pupil funding amount for each English Language Learner (ELL) student attending the School, which amount will equal a fraction, the numerator of which is the state bilingual block grant (excluding administrative expenses), and the denominator of which is the total number of ELL students attending Chicago Public Schools in the current year, as determined by student counts on the 20th day of the school year (the "ELL Per Pupil Funding Amount"). For the 2005-2006 school year, the ELL Per Pupil Funding Amount is \$589 per eligible student.

E. Categorical Funding

CPS shall use its best efforts to allocate Categorical Funds to eligible Schools to support eligible programs provided to eligible students. The amount of Categorical Funds provided to a School shall be dependent upon (a.) the number of eligible students; (b.) engaged in comparable programs; (c.) in comparable Chicago Public Schools. Eligibility criteria for schools, students and programs shall be reviewed and approved annually by both the Board's Chief Education Officer and the Illinois State Board of Education.

Availability of Categorical Funds to a School is conditioned upon the School's maintaining continuous reporting, and inspections and audits, the quality of which shall be satisfactory to CPS and other relevant regulatory organizations. The scope and frequency of program reporting shall be agreed upon by the School and CPS prior to funding the relevant programs.

F. NCLB Title I funds

Federal NCLB funds will be allocated to the School based on a Poverty Index which is calculated using two factors: (1) the number of students qualifying for Federal Free Lunch ("FRL") and (2) the number of students receiving Temporary Assistance for Needy Families ("TANF").

The formula for determining the School's Poverty Index is as follows:

$$\frac{40\% \text{ of TANF students} + 60\% \text{ of FRL students}}{\text{Total student enrollment}}$$

Total student enrollment is defined as the School's attendance on the first Friday in December prior to the start of the relevant school year.

Each year, the Board determines a minimum Poverty Index threshold for Title I eligibility. For the 2005-2006 school year, that threshold is 40%. If the School's Poverty Index is at least 40%, it shall be eligible to receive NCLB Title I funding for the 2005-2006 school year.

Allocations to the School will be made on a per eligible student basis. The number of eligible students shall equal the numerator from the Poverty Index formula. The per eligible student rate shall begin at \$430 and increase by \$10 with each percentage point increase in the School's Poverty Index. Thus, a Poverty Index ranging from 40-40.99% would result in \$430 per eligible student; a Poverty Index rating between 41-41.99% will result in \$440 per eligible student and so on.

Because prior-year data is not available for new schools, such schools are assumed to have a Poverty Index of 40% for their opening year. A new school therefore receives a Federal NCLB Funds allocation equal to 40% multiplied by total enrollment multiplied by \$430. Enrollment information captured on the first Friday in December of that first school year will determine the school's allocation for its second year.

G. Supplemental General State Aid

The School will receive Supplemental General State Aid ("SGSA") for each student receiving free or reduced-price lunches. Eligible students are counted on the first Friday in December for the following school year, but if the School has a declining or increasing enrollment, it may apply to have the count adjusted on the 20th day of the current school year. To determine the per-pupil SGSA rate, total SGSA funding is divided by the number of all CPS students who are eligible for free or reduced-price lunches. For the 2005-2006 school year, the SGSA per pupil rate for students in grades Kindergarten through twelfth is \$716. The SGSA per pupil rate for students in pre-Kindergarten is \$358 for eligible half-day students and \$716 for eligible full day students. The School will receive an allocation that equals the SGSA per-pupil rate times the number of students eligible for free or reduced-price lunches.

- III. Deductions for Administrative Services: A 5% deduction from the Base Allocation (defined as the Per Pupil Rate multiplied by total enrollment) will be applied to annual payments from the Board to all Performance Schools.

- IV. Board of Education Required Contribution to the Public School Teachers' Pension and Retirement Fund of Chicago: On an annual basis, the Board is instructed by the Public School Teacher's Pension and Retirement Fund of Chicago ("CTPF") to make a Required Employer Contribution to the CTPF in the upcoming fiscal year. The full cost of the Required Employer Contribution will be distributed among all Chicago Public Schools employing CTPF members. Such costs will be allocated and deducted on an annual basis from payments issued by the Board to the School. Performance Schools will have such funds deducted from the payment made at the start of each school year.

The cost allocated to the School for each CTPF member employed by the School shall be determined as a percent of each member's pension-eligible salary. This percent shall be determined by a fraction, the numerator of which will be equal to the Required Employer Contribution for the current fiscal year, and the denominator of which will equal the total payroll for all active members of the CTPF as of the beginning of the prior fiscal year. For the 2005-2006 school year, 6.3 percent of each CTPF member's annual salary will be deducted.

- V. Deductions for other services rendered: The Board may offer to provide certain services to the School. Performance Schools will be charged an annual fee of (A) \$750 per pupil in grades Kindergarten through eight and (B) \$1,000 per pupil in grades nine through twelve in exchange for facilities management, technology support and security services provided by the Board.

Exhibit D**ACCOUNTABILITY PLAN FOR
UPLIFT COMMUNITY SCHOOL**

The Board and the Uplift Community School (“Uplift” or “Renaissance School”) have determined that it is in the best interests of the Board, the Uplift students, parents and the public to articulate clear standards for Uplift and to annually inform the public about the level of achievement of Uplift with respect to those standards. It is also the Board’s intent to use data from this Accountability Plan to decide on the renewal of Renaissance schools beyond the initial five year performance period.

The Board may delegate its authority to perform the functions described herein to appropriate departments or contracting entities.

Uplift shall be evaluated annually in accordance with this Accountability Plan.

1. Annual Performance Reports

Annually the Board shall publish a Performance Report indicating the Renaissance School’s performance on specific indicators in the following categories:

- A. Student Performance
- B. Financial Management
- C. Compliance with Applicable Laws and Policies
- D. Special Education

A Performance Report for the preceding school year shall be issued by October 31st of each year.

A. Student Performance Indicator

The intent of the Student Performance section is to provide a multi-faceted understanding of student performance at the Renaissance School upon which the Renaissance School's academic performance will be evaluated. Student Performance will be evaluated based on a series of common indicators as defined in Table I.

Each Renaissance School will be required to participate fully in all required state and local testing and assessment and maintain all necessary records to allow for the effective administration of the accountability system.

At such time as the Board is able to utilize value-added analysis, post-secondary data, or other relevant student performance information for accountability purposes, such indicators may be added to this Accountability Plan.

A Renaissance School's performance on attendance, transfer-outs, one year drop-outs, and graduation will be rated as:

1. Exceeds – performance is in the top quartile of all CPS schools
2. Meets – performance is in the middle quartiles of all CPS schools
3. Does not meet – performance is in the lowest quartile of all CPS schools

(1) Individual Indicators

A. Attendance

Beginning with year 1 of the five year performance period and in every subsequent year, the Board will compare the Renaissance School's attendance to the attendance of all of its schools.

B. Transfer Out Rate

Beginning with year 2 of the five year performance period and in every subsequent year, the Board will compare the transfer out rate of students in each Renaissance School to all of its schools.

C. One Year Drop Out Rate (High School Grades only)

In years 1 and 2 of the five year performance period, the Board will compare the one-year drop-out rate of the Renaissance School to the one-year drop-out rate of all of its schools. A progress drop-out rate is incorporated into the CPS Accountability Designation for years 4 and 5.

D. Graduation Rate (High School Grades only)

Beginning with year 4 of the five year performance period and in every subsequent year, the Board will compare the cohort graduation rate of the Renaissance School to the cohort graduation rate of all of its schools.

(2) CPS Accountability System Rating

(This is subject to change with Board approval.)

Beginning with year 4 of the five year performance period and in every subsequent year, the Board will rate each Renaissance School using certain indicators in the district's Accountability System for All Chicago Public Schools No. 04-0225-PO3 as amended (see Table II). In the event a school cannot be assigned a CPS Accountability System Indicator in its 4th or 5th year, the Board will review all the available indicators that comprise an Accountability Designation.

Table II – Indicators used in the CPS Accountability Designations

	Elementary Schools	High Schools
Overall Level of Achievement	ISAT Composite	PSAE Composite
Progress Level	ISAT School Growth Index (Compares growth in the % of students meeting state standards on the ISAT composite to citywide growth. Growth is the most recent year minus the average of the previous three years.)	Dropout Progress (Compares the most recent year minus the average of the previous three years)
	AYP (Looks at whether a school made the annual target for AYP and whether it is on the School Improvement List)	On-track to Graduate Progress (Measures the % of 9 th graders who are on track to graduate in the most recent year minus the average of the previous three years. On-track to graduate is the % of 9 th graders who at the end of 9 th grade, have earned enough credits to advance to the 10 th grade.
		PSAE School Growth (Compares growth in the % of student meeting state standards on PSAE to citywide growth. Growth is the most recent year minus the average of the previous three years.)
		AYP (Looks at whether a school made the annual target for AYP and whether it is on the School Improvement List)

*other assessments may be added and assessments may be removed with Board approval

(3) Schedule for reporting Student Performance Indicators.

The Renaissance School will be required to annually report to the Chief Executive Officer on their preceding year's performance by August 1. The Board reserves the right to audit results in any manner that establishes the validity and integrity of the results. The use of unique standards and assessments shall not affect the School's obligation to comply with the ISAT and PSAE assessments or any other assessment required by the Board for all public schools.

B. Financial Management Indicator

The Renaissance School is required to comply with the Board's Internal Accounts Manual and all other Board policies with respect the management of funds. The Renaissance School also is required to cooperate with the Board's Internal Auditor and other internal and external auditors assigned to review the school's financial practices and records.

C. Compliance

The following Compliance Indicator will be included and evaluated in each Performance Report:

Indicator	Exceed	Meets	Does Not Meet
Compliance with Relevant Laws/Policies	No findings	Any minor finding(s)	Any repeated finding; any major finding
Reporting Obligations	No findings	Any minor finding(s)	Any repeated finding; any major finding

It is the goal of the Policy to Establish Renaissance Schools, where practicable and to the extent allowable under law, to exempt Renaissance Schools from applicable laws and Board policies and regulations so that the school may design and implement an education program that more precisely fit its particular educational mission. To that end, the Board has included in the Compliance Indicator only those items the district, by approval of this Accountability Plan and accompanying Performance Plan, either cannot permit Renaissance Schools to waive, or where exemption would be impracticable or contrary to the Board's obligation to protect the welfare and safety of students and employees. Any Board policies or rules adopted following Board approval of this Accountability Plan shall be deemed to apply to contract and performance schools unless specifically exempted.

The Performance School shall abide by all applicable laws and Board Policies and Rules except as described below.

Where the Performance School has opted out of one of the policies listed in Table III, the Performance School must notify the CEO or designee no later than July 1 prior to the school year. The CEO will report this information to the Board in a timely manner.

Where appropriate to a specific Renaissance School, the following items shall be reviewed, evaluated, and presented as part of the Reporting Obligations Indicator:

- a) Open Meetings Act (5 ILCS 120/1.01 *et seq*);
- b) Student Records Act (105 ILCS 10);
- c) The school's governance structure;
- d) Ongoing presence of management and financial controls;
- e) The school's designated or approved enrollment process; and
- f) Maintenance of Corporate Status and Good Standing.

Performance Schools shall have the applicable items tested and reported upon by the Board.

When determining how to classify a Financial Management and Compliance Indicator, the Board may consider information from various sources, including, but not limited to audits, site visits, and information provided by parents or employees. An audit finding shall be considered minor unless the Board determines a finding is major. The Board may also ask the Renaissance School to respond to the finding.

In general, a finding will be considered Major if it indicates a deliberate act of wrongdoing or reckless conduct, causes a loss of confidence in the abilities or integrity of the Renaissance School, or seriously jeopardizes the continued operation of the Renaissance School. Classification of a finding as Major shall be the sole discretion of the Board.

D. Special Education

The Performance School must comply with all Board rules and policies related to the education of students with disabilities and all requirements of the consent decree in the Corey H. litigation.

E. Performance Reviews

The Board shall hold the Renaissance School accountable in all of the categories established in this plan (Student Performance, Financial Management, Compliance and Special Education) through the indicators outlined or referred to in this Accountability Plan.

Failure to meet any of the indicators in any of the categories constitutes grounds for Board intervention, including targeted site visits by teams of individuals with expertise in the area(s) of concern. After the site visit, the team will produce a report of their findings. The school may be required to submit to the Board a corrective action plan that addresses the area(s) of concern. The administration will respond, if necessary, in writing and set a time for a follow-up visit. If satisfactory progress as determined by the Board has not been made at the time of the follow-up visit, the team will report its findings and detail additional interventions that may be appropriate. At all times, the school remains an operating unit of the Board and nothing in this Accountability Plan limits the Board's authority under applicable laws.
