**APPROVE THE PURCHASE OF WIDE AREA NETWORK EQUIPMENT,  
MAINTENANCE AND ASSOCIATED TRAINING FROM AT&T DATACOMM, INC. f/k/a  
SBC DATACOMM, INC.**

**THE CHIEF EXECUTIVE OFFICER REPORTS THE FOLLOWING DECISION:**

Approve the purchase of Wide Area Network ("WAN") equipment, maintenance and associated training from SBC DataComm, Inc. ("SBC DataComm" or "Vendor") for the ~~Office of Information & Technology Services ("OITS")~~ at a cost not to exceed \$104,099,450.00, of which \$82,073,632.00 is eligible for, and contingent upon, discounts in accordance with the guidelines and requirements of the Federal Government's Universal Services Program ("E-Rate"); at a cost to the Board not to exceed \$2,690,952.00 in FY04 and \$4,040,731.00 in FY05, for an aggregate cost to the Board not to exceed \$6,731,683.00. SBC DataComm is the provider of services that qualifies the Board for the negotiated discount on all Cisco purchases, which discount is currently 42.5% under that certain contract for a term commencing September 26, 2002 and ending September 25, 2004, with one (1) option to extend for a three (3) year period, between SBC DataComm and the Illinois Century Network ("ICN"), by its fiscal agent, Illinois Board of Higher Education, which contract was awarded pursuant to a competitive solicitation issued by ICN for the benefit of various governmental agencies (the "ICN Contract"). The ICN Contract has been extended through September 24, 2007. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these WAN services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No additional written contract is required for this matter. Information pertinent to this matter is stated below.

This amendment is necessary to extend the approval period of the purchase of the Cisco Local Area Network (LAN) equipment in order to take advantage of the discounts provided by the ICN contract for school system improvements for FY 05. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these LAN services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No written contract is required for this matter.

This second amendment is necessary to allow for the Board's participation in Year 5 of the E-Rate program and to increase the dollar amount of this purchase by \$4,686,677.00 of which \$3,963,973.00 is eligible for and contingent upon, discounts in accordance with the guidelines and requirements of the Federal Government's Universal Services program ("E-Rate"); at a cost to the Board not to exceed \$722,704.00 for the purchase, installation, and project management of E-Rate year 5 WAN upgrades. The funds for the above amount were previously authorized under Board Report 01-1219-PR23 which expired June 30, 2003. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No written amendment is required for this matter.

This third amendment is necessary to allow for the Board's participation in Year 8 of the E-Rate program and to increase the dollar amount of this purchase by \$24,368,783.00 of which \$20,775,879.00 is eligible for and contingent upon, discounts in accordance with the guidelines and requirements of the Federal Government's Universal Services program ("E-Rate"); at a cost to the Board not to exceed \$3,592,904.00 for WAN equipment upgrades. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No written amendment is required for this matter.

This fourth amendment is necessary to allow for the Board's participation in Year 9 of the E-Rate program and to increase the dollar amount of this purchase by \$23,572,687.00 of which \$17,893,492.00 is eligible for and contingent upon, discounts in accordance with the guidelines and requirements of the Federal Government's Universal Services program ("E-Rate"); at a cost to the Board not to exceed \$5,679,195.00 for WAN equipment upgrades. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No written amendment is required for this matter.

This fifth amendment is necessary to allow for the Board's participation in Year 10 of the E-Rate program and to increase the dollar amount of this purchase by \$21,976,689.00 of which \$15,954,653.00 is eligible for and contingent upon, discounts in accordance with the guidelines and requirements of the Federal Government's Universal Services program ("E-Rate"); at a cost to the Board not to exceed \$6,022,036.00 for network equipment upgrades. It is also necessary to amend to add installation, configuration, and project management services for school LAN system improvements, These services shall have a cost not to exceed of \$2,993,880.00, of which approximately \$2,543,880.00 is eligible for E-Rate discounts and the total cost to the Board shall not exceed \$450,000.00. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No written amendment is required for this matter.

This sixth amendment is necessary to extend the approval period of the purchase of the Cisco Network equipment in order to take advantage of the discounts provided by the ICN contract for school WAN upgrades and system improvements for FY 07, to coincide with the new contract term of the ICN agreement from July 1, 2003 extended until December 24, 2007. These services shall have a cost not to exceed \$101,077,414.00, of which approximately \$82,073,632.00 is eligible for discounts and the total cost to the Board shall not exceed \$19,003,782.00. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these LAN services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No written amendment is required for this matter.

This seventh amendment is necessary to extend the approval period of the purchase of the Cisco Network equipment in order to take advantage of the discounts provided by the ICN contract for school WAN upgrades and system improvements for FY 09, to coincide with the new contract term of the ICN agreement from July 1, 2003 extended until March 31, 2008. No orders may be placed for Cisco Network Equipment until SBC DataComm submits a contractor disclosure form to the Board and the Board accepts the contract disclosure form. This amendment is also necessary to increase services by \$4,536,926.04 to add the cost of E-Rate Year 11. These services shall have a cost not to exceed \$105,614,340.04, of which approximately \$85,088,973.70 is eligible for discounts and the total cost to the Board shall not exceed \$20,525,366.04. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these LAN services is effectuated via the issuance of a purchase order to SBC DataComm from the Board. No written amendment is required for this matter.

This eighth amendment is necessary to correct the vendor name because the legal name has changed with the State of Illinois from "SBC Datacom, Inc." to "AT&T Datacomm, Inc. f/k/a SBC DataComm, Inc". No orders may be placed for Cisco Network Equipment until AT&T Datacomm, Inc. submits a contractor disclosure form to the Board and the Board accepts the contract disclosure form. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these LAN services is effectuated via the issuance of a purchase order to AT&T Datacomm, Inc. f/k/a SBC DataComm, Inc. from the Board. No written amendment is required for this matter.

This ninth amendment is necessary to extend the approval period of the purchase of the Cisco Network equipment in order to take advantage of the discounts provided by the ICN contract for school WAN upgrades and system improvements for FY 09, to coincide with the new contract term of the ICN agreement from July 1, 2003 extended until June 21, 2008. The ICN Contract allows other governmental agencies to purchase under the ICN Contract; thus, the purchase of these LAN services is effectuated via the issuance of a purchase order to AT&T DataComm, Inc. from the Board. No written amendment is required for this matter.
