

**APPROVE THE 2010-2012 SCHOOL IMPROVEMENT PLANS FOR SCHOOLS ON PROBATION AND FOR SCHOOLS WITH SCHOOL IMPROVEMENT STATUS**

**THE CHIEF EXECUTIVE OFFICER RECOMMENDS THE FOLLOWING:**

Approve the 2010-2012 School Improvement Plans for Advancing Academic Achievement (SIPAAAs) for schools on probation and for schools with state or federal school improvement status.

**DESCRIPTION:** The Chief Executive Officer is requesting approval of the SIPAAAs for correcting academic deficiencies for the 434 schools noted on the attached Exhibit A as required by ISBE. These schools are on probation and/or are in school improvement status for the 2010-2011 school year. This includes the 28 schools with Corrective Action status under NCLB that have developed corrective action plans. Exhibit A excludes schools that closed at the end of the 2009-2010 school year and schools for which a two-year SIPAAA was approved through Board Report 10-0125-EX5.

The SIPAAAs were developed pursuant to Sections 5/2-3.25d and 5/34-2.4 of the Illinois School Code. Board approval of school improvement plans is required for schools placed on probation pursuant to Section 5/34-8.3 and schools designated by the Illinois State Board of Education (ISBE) as being in school improvement status pursuant to Section 5/2-3.25d. These plans include specific steps that the Local School Councils and school staff must take to correct deficiencies and specific objective criteria by which the schools' subsequent progress shall be judged. For schools in Corrective Action, corrective action plans were developed pursuant to Section 1116(b)(5)(7) of the No Child Left Behind Act and included in the SIPAAA.

Individual SIPAAAs were developed collaboratively at each school with the assistance of the Chief Area Offices, AMPS Office or the Office of New Schools, the Office of Management and Budget, Local School Councils, parent and community representatives, and school personnel. Each school's SIPAAA includes specific expenditures directly calculated to correct educational and operational deficiencies that resulted in the school being placed on probation or in school improvement status. Schools appended to the SIPAAA, as applicable, a Parent Compact and Parent Involvement Policy, technology plan, attendance plan and for high schools, Advanced Placement (AP) plan. Many plans included the following actions: implementing new reading and mathematics programs, providing professional development, implementing reduced class size, purchasing instructional materials, and teaching reading at the high school level.

Once submitted to the Area Offices, AMPS Office or Office of New Schools, SIPAAAs were reviewed to ensure that: areas in need of improvement were addressed, the stated targets and activities were consistent with trend analyses and analysis of current conditions, instruction was the focus, and plans were supported by schools' discretionary school improvement (state and federal) funds.

For schools in Corrective Action, the school's principal together with Chief Area Officer, AMPS Officer or Officer of New Schools selected one or more corrective actions from those enumerated under No Child Left Behind. They further ensured that the school's SIPAAA included the relevant details of those corrective actions plans and that funding was appropriated to those activities as necessary.

Monitoring of and support for these SIPAAAs and corrective action plans will be the responsibility of the Chief Area Offices, AMPS Office or the Office of New Schools with the assistance of the Office of Management and Budget, the Chief Performance Office, and the Office of Grants Management and Administration. The Chief Area Officer is authorized to modify a probation school's SIPAAA as necessary to correct deficiencies throughout the school year.

Copies of the fully executed SIPAAAs and corrective action plans are available in the Chief Area Offices, AMPS Office or the Office of New Schools.
