President del Valle provided the following statement:

Before we begin, I want to introduce and welcome our new Board Member. Joyce Chapman is our newest Board Member, and she has a long history as an advocate for public education. And I also want to acknowledge that her three daughters and her granddaughter are with us here today in the audience. So we're very excited, Joyce, to have you on this Board and look forward -- we all look forward to working with you.

Member Chapman provided brief remarks.

Next, today we are saying goodbye to two Board Members, two Board Members that I feel passionate about. I feel passionate about all our Board Members, by the way, because they all have given so much since they were appointed in June three years ago. This is, as new Board Member Chapman knows already, this is a demanding job, a demanding position. It's a volunteer position that's very, very demanding in terms of time and energy and all our Board Members have given much of both time and energy. And I use both of those because you can put in the time, but if your heart is not in it and you're not giving everything you have, then -- then the time doesn't make as much difference as you think it would. In this case two Board Members who brought their expertise to this Board and put their expertise to work, and I'm talking about two Board Members that will be completing their term at the end of June, Luisiana Melendez and Member Lucino Sotelo.

I would like to thank them for their service, commitment and, as I said, their time spent on the Board. As a recognition of their dedicated service to all the stakeholders of CPS, we would like to provide them with a small gift. And I want to once again thank Luisiana for her contribution again particularly in the area of Early Childhood Education. I learned so much from her, and her contributions have helped guide the direction of our Early Childhood Education Department during the last three years. And Member Sotelo who has done double duty because he also represented the Board on the Capital Development Board, so that required even additional time beyond what was spent on Board matters. So again, as I put in a note to you, your steady hand is going to be missed on this Board, so I thank you.

Board Members Meléndez and Sotelo provided remarks.

Board Member Truss, Vice President Revuluri, Board Member Todd-Breland provided remarks.

The next introduction is why we're all here, I want to introduce, and this is exciting every year when we introduce our new Honorary Student Board Member who is with us today, Emmanuel Ofosuhene. We are very pleased to have you with us today, and we welcome the student perspective you will bring to the Board.

Honorary Student Board Member provided brief remarks.

FINAL

RESOLUTION ADOPTING THE ANNUAL SCHOOL BUDGET FOR FISCAL YEAR 2023

WHEREAS, pursuant to Section 34-43 of The Illinois School Code (the "Code"), the Board of Education of the City of Chicago (the "Board") is required to adopt an annual school budget for each fiscal year of the Board within the first 60 days of the fiscal year of the Board to which such budget relates; and

WHEREAS, the Board is directed by the provisions of Section 34-43 of the Code to balance its budget in each year within standards established by the Board; and

WHEREAS, Section 34-43 of the Code authorizes the Board's budget for any fiscal year to (i) provide for the accumulation of funds for educational purposes as the Board may direct for capital improvements or in order to achieve a balanced budget in a future year within the four-year period of the Board's financial plan to begin in that budget year; and (ii) to provide for a reserve in the educational fund to ensure uninterrupted services in the event of unfavorable budget variances; and

WHEREAS, Section 34-45 of the Code directs that the budget shall include the organization units, purposes, and objects for which appropriations are made; the amount appropriated for each organization unit, purpose or object; and the fund from or to which each amount appropriated is to be paid or charged; and

WHEREAS, the Board is empowered and directed by the General Assembly pursuant to the provisions of Section 34-3.3 of the Code to, among other things: (i) increase the quality of educational services in the Chicago Public Schools; (ii) reduce the cost of non-educational services and implement cost-saving measures including the privatization of services where deemed appropriate; and (iii) streamline and strengthen the management of the system, including a responsible school-based budgeting process, in order to focus resources on student achievement; and

WHEREAS, the District has provided most schools with budget allocations using a Student Based Budgeting model which calculates allocations for core instruction funding based on a per-pupil formula and further provides a principal with discretion on the use of per-pupil funds; and

WHEREAS, the Board's Debt Management Policy, Section III.I. (Board Report 13-0724-PO1), authorizes the Board to use its operating funds to establish a reserve balance accounted for within the Debt Service funds to be used for any governmental purpose approved by the Board and delegates authority to the Chief Financial Officer of the Board to authorize any transfer to or from Debt Service funds; and

WHEREAS, the President and Members of the Board desire to declare their intent that the Board reimburse itself for the payment of all or a portion of capital expenditures as outlined in Resolution 22-0622-RS1, Exhibit A and the website www.cps.edu/capitalplan with the proceeds of tax-exempt Bonds (the "Bonds") when such proceeds are available, which declaration of intent is intended to comply with Section 1.150-2 of the U.S. Treasury Regulations; and

WHEREAS, the Board currently expects that the proceeds of the Bonds will be applied to so reimburse itself not later than 18 months after the later of (a) the date the original expenditure is paid, or (b) the date the Project is placed in service or abandoned, but in no event more than three years after the original expenditure is paid; and

WHEREAS, it is now appropriate for the Board to adopt its annual school budget for its Fiscal Year 2023 and related standards and policies;

NOW, THEREFORE, BE IT HEREBY RESOLVED BY THE BOARD OF EDUCATION OF THE CITY OF CHICAGO as follows:

Section 1. Findings. It is found, declared and determined as follows.

(a) Pursuant to section 34-43 of the Code, the Board has previously established standards by which its budgets shall be balanced in each fiscal year, consistent with the requirements of the Code. These standards provide that each budget of the Board shall cover a fiscal year of the Board and shall be developed and adopted in accordance with the requirements of the Code, including, but not limited to,

Sections 34-42 through 34-51 thereof. These standards also provide that each budget shall be prepared in accordance with generally accepted accounting principles and shall be balanced such that, for each fund, the estimated sum of all revenues for the fiscal year from all sources and the amount of Fund Balance Available for appropriation in the fiscal year is greater than or equal to the estimated sum of all appropriations required to defray the amount of all expenditures and charges to be made or incurred during the fiscal year and the amount of all unpaid liabilities at the beginning of the fiscal year. The standards further provide that in determining the amount of the Fund Balance Available for appropriation in the Educational Fund, there shall be deducted (i) the amount, if any, which the Board directs to be accumulated to achieve a balanced budget in a future year within the four-year period of the financial plan to begin in the budget year or for capital improvements, and (ii) any reserve to insure uninterrupted services in the event of unfavorable budget variances. The Board's goal is to have a balanced budget over the period of the four-year financial plan that is to be developed.

- (b) The annual school budget for Fiscal Year 2023 was prepared in tentative form by the Board and was available for public inspection for at least fifteen days prior to adoption (to wit, since June 7, 2022) by having at least five copies of the tentative budget on file in the Office of the Board and was posted June 7, 2022, on the district's web site at www.cps.edu/budget.
- (c) On June 13 and 15, 2022, two public hearings were held concerning the adoption of the annual school budget for Fiscal Year 2023, notice of such hearings having been given by publication on June 7, 2022, in a newspaper of general circulation in the City of Chicago.

Section 2. Budget Approval. The Annual School Budget for Fiscal Year 2023, incorporating Exhibit A of this Resolution and the web site at https://cps.edu/budget, is adopted.

Section 3. Transfers Between Appropriations. The Office of Budget and Grants Management may approve transfers within any Board fund and within an object group and purpose in accordance with this Section. Except for matters approved by the Board as being within the discretion of the Office of Budget and Grants Management, transfers within a fund and between object groups and purposes must be recommended by the Office of Budget and Grants Management and approved by the Board by a vote of two-thirds of the members, provided that such transfers shall not exceed 10% of the fund during the first half of the fiscal year, and no appropriation shall be reduced below an amount sufficient to cover all obligations that will be incurred against the appropriation. The Chief Executive Officer shall define object groups and purposes that are subject to these requirements.

The Chief Financial Officer is hereby authorized to transfer and use Debt Service funds not otherwise restricted under bond documents for the purpose of operating and capital expenditures to support cash flow during the fiscal year. Transfers from the Debt Service funds for this purpose will be repaid from the next receipts of property tax revenues.

Section 4. Capital Budgeting Process. The Chief Executive Officer proposed a one-year Capital Improvement Plan (the "CIP") consistent with the annual budget and the requirements of Section 34-215 of the Code on June 22, 2022, for the Board's approval. Three public hearings were held to receive public comment on the proposed CIP. Such meetings were held virtually on June 15, 16, and 17, 2022.

The Board reasonably expects to reimburse itself for the payment of capital expenditures incurred and paid by the Board from its own funds with the proceeds of the tax-exempt Bonds upon the issuance thereof. These capital expenditures are outlined in Resolution 22-0622-RS1, Exhibit A and the website www.cps.edu/capitalplan.

Section 5. Grants. The Office of Budget and Grants Management shall be responsible for the structure and accountability of the school district's grants management process. The Office of Budget and Grants Management is designated as the managing fiscal agent for the Board for all grant money received from funding agencies.

The principal of a local school or unit head, serving as an agent of the Board, is responsible for the implementation and management of all school-based or unit-based grants from governmental and non-governmental agencies. The principal or unit head is responsible for implementing the program in a timely fashion, as approved by the funding agency, and for expending funds in accordance with the terms, budget, and liquidation requirements of the approved proposal.

Section 6. Budget Allocations. Any Policy that refers to the use of a quota formula to determine school budget allocations or other related requirement is hereby deemed to constitute reference to the Student Based Budgeting model referenced in this Resolution.

Section 7. Personnel Policies. The appropriations herein made for personnel services shall be regarded as maximum amounts to be expended from such appropriations. Such expenditures shall be limited to personnel only as needed, or as may be required by law, not to exceed the maximum that may be employed for any position by title. Notwithstanding any item in the budget, one person may be employed or more than one person may be employed, upon recommendation of the Budget Officer and the Chief Executive Officer, whether such title is printed in the singular or plural. The salary or wage rate fixed shall be regarded as the maximum salary or wage rate for the respective positions, provided that salaries or wage rates are subject to change by the Board during the fiscal year in accordance with collective bargaining agreements approved by the Board.

Initial appointments to any position, transfers among positions and resignations of Board personnel shall be made in accordance with, and subject to, current Board Policies and Rules, as may be amended, from time to time.

Section 8. Settlement Agreements and Judgments. No expenditure may be made from any fund or line item account herein for the purpose of executing settlement agreements, entering into consent orders or paying judgments except upon the approval of the Board; provided, however, that this section shall not apply to judgments, settlement agreements or consent orders involving an amount up to \$50,000 or to labor arbitrations. In those cases, the General Counsel is authorized to approve such documents and expend such funds without approval of the Board.

Section 9. Fiscal Stability. Pursuant to the Fund Balance and Budget Management Policy (Board Report 21-0127-PO2, as may be amended), in the event that the stabilization fund decreases below 15% of the operating and debt service budget, the Chief Financial Officer will prepare and present to the Board a plan to replenish the reserve. The Board must approve and adopt a plan to restore these balances to the target levels within a 12-month period. If the restoration of the reserve cannot occur within a 12-month period, the Chief Finance Officer or Budget Officer can request that the Board approve an extension of this deadline.

Section 10. Severability. To the extent that any prior resolution or policy of the Board (excluding Board Rules) is in conflict with the provisions of this Resolution, the provisions of this Resolution shall be controlling. If any section, paragraph, clause or provision of this Resolution shall be held invalid, the invalidity of such section, paragraph, clause, or provision shall not affect any of the other provisions of this Resolution.

Section 11. Effectiveness. This Resolution is effective immediately upon its adoption.

RESCIND BOARD REPORT 06-0222-PO2 AND ADOPT NEW COMPREHENSIVE POLICY ON ATTENDANCE

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

The Chicago Board of Education ("Board") rescind Board Report 06-0222-PO2 and adopt new Comprehensive Policy on Attendance. The policy was posted for public comment from April 22, 2022 to May 23, 2022.

PURPOSE: The Comprehensive Policy on Attendance addresses the need to align all CPS schools including CPS-contracted Charter, Contract and Options schools with ISBE school codes, and reflect the District's approach that aligns with best practices around relational trust, school connectedness, and tiered social emotional learning strategies that are recognized nationally as best practice around attendance and absenteeism.

POLICY TEXT:

I. DEFINITIONS

The following definitions apply to this policy:

- A. "Valid Cause For Absence" means:
 - (i) illness; including the mental or behavioral health of the student;
 - (ii) observance of a religious holiday;
 - (iii) death in the immediate family;
 - (iv) a specified family emergency;
 - other situations beyond the control of the student as determined by the principal, or principal's designee, on a case-by-case basis.
 - (vi) other circumstances which cause reasonable concern to the parent or legal guardian for the mental, emotional, or physical health or safety of the student (the reasonableness of the parent's or legal guardian's concern is subject to evaluation by the principal, principal's designee, or other Board officials, on a case-by-case basis);
 - (vii) sounding "Taps" at a military honors funeral held in this State for a deceased veteran; or
 - (viii) a student's parent or legal guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings.
- B. "Excused Absence" means an absence for which there is a valid cause for absence, that is attested by a communication stating the cause for absence, and is approved by the principal or the principal's designee after the date of the absence, or is known to the principal or principal's designees, including suspensions issued under the District Student Code of Conduct. Medical documentation does not need to be provided as part of the communication to excuse absences.

Communication needs to meet specific criteria in order for it to be reviewed for consideration. The cause for absence may come in the form of:

- a letter (or note) dated and signed by the parent or legal guardian explaining the reason for absence, and approved by the principal or principal's designee either before or after the date of absence; or
- (ii) a direct phone call/voicemail to the school that communicates the date of the absence, the reason for absence, the absent student's name, the name of the caller, and the caller's relationship to the student. The school is required to maintain a designated log and document this call.
- (iii) a District designated and secured system that collects absence reason communication
- C. "Unexcused Absence" means an absence for which there is no valid cause either:
 - (i) known to the principal or principal's designee; or
 - (ii) no communication is provided as outlined in Section B.

- D. "Communication" means intentional contact that provides information that enables a school to understand the reason for a student's non-attendance. The contact must be recorded and stored as required by the District's Records Retention Schedule and any guidelines and procedures developed by the Chief Executive Officer or designee and the Records Management Unit as required in the Board's Records Management and Retention Policy, Section 203.2. Communication does not automatically mean an absence is excused, but it provides information that allows a school to review, and determine if the information aligns with ISBE requirements for Valid Reasons for Absence.
- E. "Immediate Family" means parents, legal guardians, spouse, brothers, sisters, children, grandparents, parents-in-law, brothers-in-law, sisters-in-law, aunts and uncles.
- **F.** "**Truant**" means: a student subject to compulsory school attendance and who is absent without valid cause for a school day or portion of the school day.
- G. "Chronic Truant" shall mean: a student subject to compulsory school attendance and who is absent from such attendance without valid cause for 5% or more days at any time of the school year.
- **H.** "Chronically Absent" shall mean: a student subject to compulsory attendance that is absent from such attendance 10% or more at any time of the school year.
- I. "Tardy" shall mean arriving after the designated start time of a school day or period.

II. SCHOOL RESPONSIBILITY

A. School Attendance Monitoring:

- All schools, including non-district managed schools, must report and monitor attendance on a daily basis.
- Schools must not bar students from daily attendance or send them home for violations of a uniform policy.
- c. School Attendance Plan. Schools must implement a socio-emotional focused attendance approach that targets the underlying causes of chronic truancy. All schools must have a plan filed annually that addresses attendance through a whole child lens of equity, policy, and student supports. School plans must reflect:
 - 1. a clear awareness of State and District policies
 - 2. systems and structures that are organized and student-centric
 - 3. an application of the social emotional learning lens tiered system of supports
 - 4. school-based team(s) that discuss, review and strategize ways to improve attendance, while vigilantly working to proactively identify students who may need additional support, all the while being consistent with the recorded progress monitoring of intervention efforts
 - a system of response that utilizes restorative justice practices to provide meaningful support to identified students
 - 6. consideration of all students
 - 7. demonstrates an understanding of the importance of family involvement

B. Notification of Unexcused Absences

- Schools must send a letter notifying a student's family of 5 unexcused absences, and, subsequently, 10 unexcused absences.
 - a. 10 day letters of unexcused absence notification are to be sent certified, return receipt requested
- Daily outgoing calls are made for all unreported absent students to notify families of absence, for the purpose of the child's safety;
 - a. This is separate from the mandated robocall required by the School Code.
- c. All outgoing and incoming calls are to be logged and stored according to the District's Records Retention Schedule and any guidelines and procedures developed by the Chief Executive Officer or designee and the Records Management Unit as required in the Board's Records Management and Retention Policy, Section 203.2.

- C. School Tardy Policy: All schools must develop and adopt a tardy policy prior to the beginning of each school year. This policy must be shared with all students and parents/guardians annually.
 - a. Schools must accept all enrolled students who have not been suspended or expelled who present themselves for daily attendance.
 - Students are not to be sent home or refused admission to school/class due to tardiness.
 - Students who arrive late for any class period must be allowed to proceed to their classes after obtaining proper documentation of their tardiness.
 - d. Schools may impose interventions or consequences in compliance with the District Student Code of Conduct, Section 705.5, for persistent tardiness to school or class
 - 1. Out-of-school suspensions for persistent tardiness or unexcused absences should not be used.
- D. School Make-Up Work Policy. Each school must develop a make-up work policy, and share that plan with all students and parents/guardians at the start of every school year. Make-up work policies must be fair, equitable, and take into account the challenges students and families face.
 - Students who are experiencing hardship (i.e., homelessness, pregnancy, chronic illness, trauma) that results in absence must have make-up work provided.
 - 2. Any time limits as to when make-up work can be offered and/or submitted must be clearly defined in the school make-up work policy.

III. REMOVAL FROM ENROLLMENT DUE TO ATTENDANCE

- A. Students must not be removed from enrollment because of excessive absences. Students must not be removed from enrollment if the parent/legal guardian informs the school that they will be absent for an extended time.
- B. Student removal from enrollment due to attendance can only occur when the following criteria are met

A student may be removed from enrollment if their whereabouts cannot be determined and the school has completed all of the following:

- 1. called all phone numbers on file for the student, including emergency contacts;
- sent a certified letter addressed to the student's last known address asking the parents to call or come to the school to discuss the student's absenteeism; and it has been returned as undeliverable;
- visited the student's last known address without finding the student or the student's family; and
- completed and filed an official report.

Upon completion, a school may apply the proper leave code.

- C. No student under 17 years of age shall be permitted to withdraw from enrollment. Students 17 years of age require the express, written, and informed consent of their parent or guardian to withdraw from enrollment.
- D. CPS must not deny re enrollment to a student who seeks re enrollment after dropping out of school. Following a transcript review, students who present for re-enrollment, and are determined to have an age and credit status that makes graduation requirements difficult to be met after a transcript review, must be counseled about educational options that best meet their individual needs. All children between the ages of five and twenty-one who live in the City of Chicago who seek admission must be enrolled in Chicago Public Schools.
- E. For students in temporary living situations, students who are provided specialized services, and enrolled in alternative schools or secure facilities, schools must comply with the requirements in the Board's Enrollment and Transfer of Students in the Chicago Public Schools, Section 702.1, and CPS Guidelines for High School Transfer.

RESCIND BOARD REPORT 18-0627-PO3 AND ADOPT NEW POLICY ON THE REPORTING OF CHILD ABUSE, NEGLECT AND INAPPROPRIATE RELATIONS BETWEEN ADULTS AND STUDENTS

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education (the Board) rescind Board Report 18-0627-PO3, and adopt new Policy on the Reporting of Child Abuse, Neglect and Inappropriate Relations Between Adults and Students. The policy was posted for public comment from April 22, 2022 to May 23, 2022.

PURPOSE: The Board is committed to providing a comprehensive framework for reporting the suspected cases of child abuse and neglect by school personnel and others responsible for the welfare of children. This policy sets forth clear expectations that all employees must protect students by reporting any interactions or behaviors which suggest that an adult has or had an inappropriately intimate relationship with a child or may be grooming a child, even if the employee does not have reasonable suspicion that sexual misconduct is occurring or has occurred; and requires mandated reporters to immediately call the Department of Children and Family Services (DCFS) Hotline when they have reasonable suspicion of any type of child abuse or neglect. Chicago Public Schools (CPS) employs dedicated and professional staff members who provide students with a safe and supportive learning environment. The District encourages healthy relationships between students and school staff and administrators to promote student achievement and success. This Policy defines appropriate and reasonable boundaries for staff members and students to (1) protect students from sexual misconduct and abuse, and (2) to protect staff members from misunderstandings and false accusations.

POLICY TEXT:

I. DEFINITIONS

A. An "abused child" means a child whose parent, immediate family member, parent's paramour, any individual residing in the same home as the child, any employee, volunteer, vendor or contractor at the child's school, or any other person responsible for the child's welfare:

- 1. Inflicts, causes to be inflicted, allows to be inflicted, or creates a substantial risk of, physical injury by other than accidental means, which causes or would be likely to cause death, disfigurement, impairment of physical or emotional health, or loss or impairment of any bodily function;
- 2. Commits or allows to be committed a sex offense against the child;
- 3. Commits or allows to be committed an act of torture upon the child;
- 4. Inflicts excessive corporal punishment;
- 5. Commits or allows to be committed the offense of involuntary servitude, involuntary sexual servitude or human trafficking upon a child;
- 6. Allows, encourages or requires a child to commit an act of sex trafficking; or
- 7. Commits the offense of grooming against the child.
- B. A "neglected child" means any child who is not receiving the proper support, medical or remedial care necessary for the child's well-being, including adequate food, clothing, or shelter, or a child who is abandoned without a proper plan of care by parents or other persons responsible for the child's welfare.
- C. "Mandated reporters" include all Board employees (including administrators and both certificated and non-certificated school employees), educational advocates assigned to a child pursuant to the School Code, social workers, registered nurses, licensed practical nurses, recreational program personnel, registered psychologists, psychiatrists, physicians, and others, who have reasonable cause to believe that a child known to them in their professional or official capacity may be an abused or neglected child. Mandated Reporters also include vendors, contractors, volunteers and Local School Council members.

As used in this Section, "a child known to them in their professional or official capacities" means: (A) the mandated reporter comes into contact with the child in the course of the reporter's employment or practice of a profession or through a regularly scheduled program, activity, or service; (B) the mandated reporter is affiliated with Chicago Public Schools; (C) a person makes a specific disclosure to the mandated reporter that an identifiable child is the victim of child abuse or child neglect, and the disclosure happens while the mandated reporter is engaged in his or her employment or practice of a profession, or in a regularly scheduled program, activity, or service.

D. "Sexual Misconduct" - A form of sex or gender-based discrimination or harassment that includes any conduct that is sex-based or of a sexual nature that is unwelcome or inappropriate. With respect to conduct between Covered Individual adults and students, any sexual or romantic conduct constitutes Sexual Misconduct. (See Final New Comprehensive Non-Discrimination, Harassment, Sexual Harassment, Sexual Misconduct and Retaliation Policy). Examples of Sexual Misconduct between Covered Individual adults and students, include, but are not limited to, (1) a sexual or romantic invitation, (2) dating or soliciting a date, (3) engaging in sexualized or romantic dialog, (4) making sexually suggestive comments that are directed toward or with a student, (5) self-disclosure or physical exposure of a sexual, romantic, or erotic nature, or (6) a sexual, indecent, romantic, or erotic contact with a student.

E. "Grooming" - Benavior a person in a position of trust or authority uses to build an emotional connection with a child or young person, including a student who may be over 18 years of age, to gain their trust and break down their inhibitions for a sexual purpose.

- 1. The definition of grooming under this Policy includes but is not limited to the following:
 - a. A person commits grooming when they knowingly use a computer on-line service, internet service, local bulletin board service, or any other device capable of electronic data storage or transmission, performs an act in person or by conduct through a third party, or uses written communication to seduce, solicit, lure, or entice, or attempt to seduce, solicit, lure, or entice, a child, a child's guardian, or another person believed by the person to be a child or a child's guardian, to commit any sex offense in Section 2 of the Sex Offender Registration Act, to distribute photographs depicting the sex organs of the child, or to otherwise engage in any unlawful sexual conduct with a child or with another person believed by the person to be a child.
- A person may be "grooming" a child or engaging in inappropriate intimate behavior with a child when the person engages in behavior that includes but is not limited to:
 - a. Creating or engaging in isolated, one-on-one interactions with a child (e.g., transporting a child without the written authorization of the principal and the parent, texting or direct messaging the child);
 - b. giving or attempting to give gifts to a particular child (e.g., money, clothing); or
 - c. crossing physical boundaries (e.g., touching, giving prolonged frontal hugs, or making the child sit on their lap).
- F. A "Boundary Violation" is an act, omission, or pattern of such behavior by an employee that does not have a legitimate educational purpose; and results in abuse of the staff/student professional relationship or has the potential to cause harm to the student.
- G. "Staff" or "staff members" or "employees" as referred to in this Policy include all Board employees (including and without limitation to teachers, coaches, counselors, administrators), volunteers, vendors, consultants and their employees, and other third-parties who interact with students.
- H. A "child" or "student" includes all individuals currently attending CPS schools, regardless of their age.
- I. Title IX of the Education Amendments of 1972 (Title IX): "No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance."

II. RESPONSIBILITIES OF EMPLOYEES

A. Training

- 1. All Board employees are required to complete the Department of Children and Family Services (DCFS) online training module, "Recognizing and Reporting Child Abuse: Training for Mandated Reporters," which can be accessed on SafeSchools, the training website accessible to all CPS employees.
 - a. All employees must complete the online training within one month of their date of hire by the Board and every year thereafter.
- 2. The Chief Executive Officer, or their designee, will create, disseminate and train all appropriate employees on Protecting Chicago's Children annually. This training will include training on preventing, recognizing, reporting, and responding to child sexual abuse and grooming behavior, including when grooming or abuse is committed by a member of the school community, with a discussion of the criminal statutes addressing sexual conduct between school personnel and students, professional conduct, and reporting requirements, including, but not limited to, training as outlined in Erin's Law.

B. Illinois Educator Code of Ethics

1. This Policy incorporates the Illinois Educator Code of Ethics. Nothing in this Policy shall be construed as circumventing the Illinois Educator Code of Ethics.

C. Identifying Students who are Abused or Neglected

Based upon the training they have received, Board employees must use their best efforts to identify students who are abused or neglected. Board employees must not, however, ask any student to remove any item of clothing, other than a coat, jacket or similar item of outerwear, to check for signs of child abuse or neglect.

When sexual abuse or sexual exploitation is suspected, principals are permitted to ask questions solely to gather the minimal information necessary to make a report to the Department of Children and Family Services and request a formal investigation by district investigators, or to ensure the safety of students.

D. Reporting and Documenting Reasonable Suspicions of Child Abuse, Child Neglect, Sexual Misconduct, Grooming or Inappropriately Intimate Relationships

- 1. A mandated reporter who has reasonable cause to believe that a child known to the reporter in the reporter's official capacity may have been abused or neglected is required to immediately call the DCFS Hotline at 1-800-252-2873 (1-800-25-ABUSE). Mandated reporters must also report to DCFS any sexual misconduct by an adult against a student as well as any interactions or behaviors which suggest that an adult has or had an inappropriately intimate relationship with a child or may be grooming a child, even if the employee does not have reasonable suspicion that sex abuse is occurring or has occurred. NOTE: A mandated reporter's legal obligation is not satisfied by notifying the reporter's supervisor or principal of the reporter's suspicion.
- 2. After notifying the Hotline, a mandated reporter must inform the reporter's principal/supervisor of the report. If the alleged abuser is the mandated reporter's principal/supervisor, or the mandated reporter fears retaliation from their principal/supervisor, the mandated reporter must notify the Network Chief/Chief Officer of the report. An anonymous report to DCFS does not satisfy a mandated reporter's obligations under this policy.
- 3. When the mandated reporter notifies the principal/supervisor that the mandated reporter has called the Hotline to report suspected abuse or neglect, the principal/supervisor must complete an Incident Report form in the Board's electronic incident-reporting system.
- 4. Within 48 hours after making a DCFS Hotline call, the mandated reporter or the principal/supervisor must send written confirmation to the appropriate DCFS field office and upload a copy of the written confirmation into the Board's electronic incident-reporting system.
- 5. A mandated reporter must not notify a parent, guardian, family or household member of allegations or investigations of suspected child abuse or neglect by a parent, guardian, family or household member. Notification will be handled by DCFS or the police.
- 6. A mandated reporter must preserve confidentiality by discussing the reporter's suspicions only with the alleged victim; the mandated reporter's supervisor; the school nurse or social worker; district investigators; any employee of DCFS, the Chicago Police Department or the State's Attorney's Office; and the child's court appointed attorney or guardian *ad litem*.
- 7. A mandated reporter shall cooperate fully with investigators from the DCFS Division of Child Protection (DCP). Any employee subpoenaed to testify in any court or administrative proceeding shall notify the employee's supervisor of the subpoena. The requirements for a paid court-attendance leave are specified in Board Rule 4-14. See also Section III.A, regarding employees' obligation to cooperate with District investigations.

E. Providing Support to Students Who are Abused or Neglected

- 1. If the principal or designee determines that the child needs medical assistance, the principal or designee must call the Emergency Services at 9-1-1.
- 2. If the principal or designee determines that it is not safe for the child to return home, the principal or designee must not allow the child to go home and must contact DCFS immediately.
- 3. If a notification is made to DCFS pursuant to II.E.2., the principal or designee must:
 - a. Remain in contact with DCFS and follow the instructions received regarding dismissing the student when the school day has ended.
 - b. If DCFS requests that the child be dismissed home and the principal or designee determines that it is not safe, request that DCFS take custody of the child and remove them from the school building within a reasonable amount of time after the school day has ended.
 - c. Inform DCFS that district policy prohibits the principal or other staff members from taking a student into their care, in the event DCFS requests that a staff member engage in this practice following a report to DCFS. Nor shall a staff member volunteer to take a child into their care or take the child to their residence.
 - d. If DCFS has not arrived on the scene by the end of the school day, notify the Chicago Police Department at 9-1-1 to take protective custody.
 - e. Notify the Student Safety Center at 773-553-3335 for guidance on the rare occasion that the principal has a child in their custody at a school building beyond the end of the school day.
 - f. Assign a school mental health professional to support the student and contact the Crisis Management Team.
 - g. Notify each of the child's teachers of the Hotline call and maintain in the child's school record a copy of the written confirmation and any police report (if available).
- 4. The principal or designee shall also contact the Office of Student Protections and Title IX, who will coordinate with the school's Behavioral Health Team to ensure that the student has access to appropriate support services at the school and connect the student with third party counseling providers if appropriate.

5. The following resources can provide assistance to students that have been abused or neglected. When a staff member reports suspected abuse, neglect, or grooming, the Office of Student Protections and Title IX will provide this list to the staff member and the impacted student(s).

F. Reporting and Documenting Boundary Violations (Other than Child Abuse, Neglect, Sexual Misconduct, or Grooming)

- 1. If there is not reasonable cause to believe that a child is an abused child, but an employee has witnessed any interaction or receives information suggesting that a staff member failed to maintain professional boundaries with a student (as defined in section G), the employee must report the information to a principal/supervisor or the Network Chief/Chief Officer as soon as possible. An anonymous report does not satisfy an employee's reporter's obligations under this policy.
- 2. Upon receipt of such a report, the principal/supervisor or Network Chief/Chief Officer must notify the Office of Student Protections and Title IX (773-535-4400) and complete an Incident Report in the Board's electronic incident-reporting system detailing the alleged failure to maintain professional boundaries. The Incident Report must include the information reported which led to the Incident Report as well as any additional relevant information they possess.
- 3. Students and parents/guardians should notify the Office of Student Protections and Title IX (773-535-4400) if they believe a staff member may be engaging in conduct that violates Section G.
- 4. Staff shall immediately notify the Equal Opportunity Compliance Office (773-553-1013) if they believe that they are receiving inappropriate attention from a student, or if they have been subject to sexual advances, comments or communications by a student. Any complaints/notifications must be logged as an incident report by the principal or assistant principal immediately. The failure of a staff member to timely report conduct that violates this Policy can result in disciplinary action up to and including dismissal from employment.

G. Maintaining Professional Staff/Student Boundaries

- 1. For staff members whose children are students of CPS or who have family members who attend a CPS school, Subsection G does not apply to the usual parent/child or familial relationship.
 - a. All employees must follow the following general standards that apply to all staff and student interactions:
 - Personal contact between students and staff members must always be appropriate to the circumstances, non-sexual and unambiguous in meaning.
 - Staff members shall maintain a strictly professional relationship with students, whether on or off school property and during or outside of school hours.

- iii. Staff members are responsible for maintaining professional and appropriate physical and emotional boundaries with students at all times.
- Interactions between staff members and students should be based on mutual respect and trust.
- Staff members are responsible for treating all students consistently and in line with the educational mission of the District.
- The following behaviors are unacceptable, cross a professional boundary and are prohibited by this Policy:
 - Staff members must not target a particular student or students for the purpose of developing a friendship or personal relationship. Gossiping with or about other students or staff and confiding in students beyond the normal staff member-student relationship is prohibited.
 - ii. Staff members must not ask a student to keep a secret, promise to keep a student's secret or coerce a student to confide their personal or family problems. This example does not apply when counseling staff are meeting with students. If a student initiates a discussion of their personal or family problems, staff members are expected to be supportive and to refer the student to the counseling staff member, if appropriate.
 - iii. Staff members must not engage in sexual, racial, religious, or any biased based speech or actions, including jokes or innuendoes, with students. Discriminatory speech that marginalizes a student or groups of students is strictly prohibited. This applies to one's actual or perceived membership in one or more of the Protected Categories as defined by the Final New Comprehensive Non-Discrimination, Harassment, Sexual Harassment, Sexual Harassment, Sexual Misconduct and Retaliation Policy.
 - Staff members must not show inappropriate images, including pornography or child sexual abuse material, violence or explicit language to students.
 - v. Staff members must not engage in, discuss or plan future romantic or sexual relationships with students.
 - vi. Staff members must not make sexual advances towards students or flirt with students.
 - vii. Staff members must not engage with a student's flirting or sexual overtures. Any incidents of a student flirting with a staff member or making sexual overtures towards a staff member must be reported pursuant to Section II F 4.
 - Staff members must not provide or offer to provide alcohol, drugs, tobacco, or paraphernalia to students.
 - ix. Staff members must not single out any one student and provide the student with gift(s) or accept expensive or numerous gifts from students. Nominal gifts to multiple students or the whole classroom are permissible. Nominal gifts to teachers as a form of appreciation are acceptable.
 - x. Staff members must not address students with unique pet names or personalized terms of endearment that suggest a unique and overly familiar relationship. Staff members must not allow students to address them by their first name alone, nickname, pet names or personalized terms of endearment that suggest an overly familiar relationship.
 - xi. Staff members must not comment on a student's physical appearance.
 - xii. Staff members must not engage in any type of inappropriate physical contact with students or any other conduct that might be considered harassment, discrimination, or retaliation under the Chicago Board of Education's (Board) Final New Comprehensive Non-Discrimination, Harassment, Sexual Harassment, Sexual Misconduct and Retaliation Policy.
 - xiii. Staff members must not use corporal punishment or engage in any disciplinary action with the intention of producing physical or emotional pain (such as humiliation, embarrassment, threats, or other punitive or demoralizing actions toward a student), this includes conduct towards the children of staff members enrolled in CPS.

- xiv. Staff must not take or possess a photograph or video of a student for personal use. Photos or videos for educational purposes must be expressly approved by the student's parent or guardian or with a District media consent release form signed by the student's parent or guardian. This includes posts of photographs or videos of students to social media.
- c. Staff should avoid activities with students that present opportunities for inappropriate relationships or that create the appearance that the staff and student are in an inappropriate relationship.
 - i. In certain situations, the following activities may be within professional staff/student boundaries (for example, if a staff member's child is friends with another student). However, in these situations, a staff member must never be alone with a student and the staff member's supervisor must be made aware of the staff member's activities and receive prior approval. In general, the following activities must be avoided and could result in a violation of this Policy. These include:
 - a. Being alone with an individual student out of the view of others, unless required in connection with providing educational services in accordance with your employment (e.g., health screening, counseling, therapy, nursing, personal care and other services required by individualized education plans, 504 plans or other medical condition action plans).
 - b. Inviting or allowing individual students to visit the staff member's home.
 - c. Visiting a student's home or meeting the student at another location outside of school for non-educational purposes.
 - d. Transporting a student in a staff member's private vehicle without written permission of the principal and the parent, and in line with Section II.G.3.

2. Electronic Communication

- a. When communicating with students via electronic means, staff members must abide by the Board's Staff Acceptable Use Policy. Staff members communicating with students via electronic means must do so using the CPS network and for educational purposes only.
- Staff members must not engage in any unacceptable behavior with students via electronic means. Staff members should also avoid any appearances of impropriety with students via electronic means.
- c. Staff members must not communicate with students via a student's mobile device, whether phone, text or instant message, except when permitted by an exception outlined in the Staff Acceptable Use Policy.
- d. Staff members must not communicate with students via a student's personal email
- e. Staff members must not accept or initiate connections with current students on social networking sites.
- f. If a staff member has a social networking site for educational purposes, the staff member must obtain permission from the principal and parents to engage with students via this site.

3. Travel/Transportation

- i. Consistent with the Board's Student Travel Policy, staff members are strongly discouraged from transporting a student in the staff members' private vehicle(s) under any circumstances. However, staff members may transport a student with the written consent of both the principal and parent/guardian of the student. Written consent from the parent/guardian must be given in advance of the trip on the Private Vehicle Permission Slip available on the employee intranet site for Student Travel. If the principal gives consent to a staff member to transport a student in a private vehicle, the principal must maintain a copy of the staff member's driver's license and insurance documentation.
- ii. If a staff member transports a student with permission from the parent/guardian and the principal, efforts should be made for an additional adult to be in the car such that the staff member is not alone with a student outside the view of others.

H. Unfounded Hotline Reports

1. A mandated reporter is entitled to receive information about findings made and actions taken by DCFS as a result of the reporter's Hotline report, including any steps taken to protect the child.

2. Within 10 days of receipt of notice that DCFS has "unfounded" the reporter's Hotline report, a mandated reporter, who believes the determination was inaccurate, may request a review by a Multi-Disciplinary Review Committee within DCFS. If the mandated reporter believes that a student continues to be abused, neglected, or is in danger, the mandated reporter must contact the Office of Student Protections and Title IX (773-535-4400) as soon as possible but no later than 48 hours after receiving notice that the Hotline report was unfounded to request a review of the DCFS investigation. If the case involves grooming or sexual misconduct, OSP will forward the matter to the Office of the Inspector General.

I. Cooperating with DCFS Investigation

- 1. **Student Interviews.** If a DCFS investigator requests to interview a student who is the subject of a child abuse or neglect report, or a student who is a witness to abuse or neglect, the principal or designee must follow the Procedure for Interviewing Students in Chicago Public Schools, Board Report 08-0723-PO1.
- 2. **CPS Employee Interviews.** When a DCFS investigator requests to speak with an accused staff member, ask the investigator to question the staff member, to the extent possible, in a manner that would minimize disruption of the school day.
- 3. **Protective Custody**. If a DCFS investigator or police officer takes protective custody of a student at school, the principal or designee shall:
 - a. Ask the DCFS investigator/police officer for a contact name and telephone number;
 - b. Attempt to notify the parent/guardian that protective custody has been taken and provide contact information to the parent/guardian; and
 - c. Document the action taken in the Board's incident reporting system and in the student's temporary student record.

J. Requests for School Records, Subpoenas and Court Orders in Relation to Reports of Abuse or Neglect

- 1. **School Records.** A DCFS investigator may review a document from the student's school records in only two circumstances:
 - a. When DCFS has been appointed as temporary custodian or guardian of the student; or
 - b. In an emergency, when the principal determines that review of a particular school record is necessary to protect the health or safety of the student. Within three working days of the emergency release of a school record, the student's parent will be notified in writing that the record was released, the date of release, and the name and title of the person to whom it was released.
- 2. **Subpoena to Testify.** Any supervisor whose supervisee receives a subpoena to testify in juvenile court or in a DCFS administrative hearing must grant the employee a court attendance leave in accordance with Board Rule 4-14.
- 3. Subpoena/Court Order for Records. When the school receives a subpoena or court order for records, the principal or designee shall promptly provide a copy of the subpoena or court order to the Law Department. The principal or designee shall collect all documents that are responsive to the subpoena or court order and shall provide these documents to the Law Department. The Law Department will respond to the subpoena or court order.

K. Upon Notification of the Result of the DCFS Investigation

- 1. If the school receives written notice that a Hotline report about a student was "indicated" by DCFS, the principal shall direct the school clerk to place the notice in the student's temporary school record.
- 2. If the school receives written notice that a Hotline report about a student was "unfounded" by DCFS, the principal shall direct the school clerk to remove any documentation of the report from the student's school record and return that documentation to DCFS.

III. INTERNAL REPORTING AND INVESTIGATIONS OF EMPLOYEES, VOLUNTEERS AND CONTRACTORS SUSPECTED OF CHILD ABUSE OR NEGLECT

A. District Investigators

- 1. Investigators from the Law Department, Office of Student Protections and Title IX, or Office of the Inspector General (OIG) ("authorized investigators") may investigate allegations of child abuse or neglect by employees of the Board, employees of a private vendor or contractor, or volunteers.
- 2. Principals, supervisors, vendors, or contractors must cooperate with authorized investigators by making their employees and volunteers available for interviews, participating in requested interviews and providing requested information and documentation.
- 3. Employees, volunteers, vendors, and contractors must cooperate fully with authorized investigators. Employees who fail to cooperate are subject to appropriate discipline.

B. Removing Employees, Volunteers, Vendors, and Contractors from Contact with Students Pending an Investigation

- 1. When an employee, volunteer, vendor, or contractor is alleged to have abused or neglected a student, the Office of Inspector General (OIG), the Office of Student Protections and Title IX (OSP), the Law Investigations Unit, or Talent Office will request removal of the respondent pending the outcome of the investigation to the Title IX Officer, or their designee.
- 2. When an employee, volunteer, vendor, or contractor is removed pending the outcome of the investigation appropriate notice will be sent to the employee, volunteer, vendor or contractor.

IV. STUDENT CURRICULUM

A. CPS shall provide an age appropriate and evidence-informed curriculum for pre-K through 12th grade students addressing sexual abuse of children.

V. PENALTIES

- A. Mandated reporters who fail to report suspected child abuse, neglect, grooming, sexual misconduct, or any other inappropriately intimate interactions or behaviors between an adult and child, or boundary violations as outlined in this Policy may be subject to discipline, up to and including dismissal. The Board reserves the right to discipline employees for incidents of child abuse or neglect which are substantiated by District investigations, even if the reports about those incidents are determined to be "unfounded" by DCFS.
- B. Any Principal or other Supervisor who discourages a mandated reporter from reporting suspected child abuse or neglect to DCFS, or who asks a mandated reporter to modify the reporter's report, shall be subject to discipline, up to and including dismissal.
- C. The State Superintendent of Education may suspend for up to five years or revoke the license of any educator who willfully fails to report suspected child abuse or neglect.
- D. Any mandated reporter who willfully fails to report suspected child abuse or neglect is guilty of a Class A misdemeanor for a first violation and a Class 4 felony for a second or subsequent violation.

VI. DELEGATION

The Board delegates to the Chief Executive Officer or his/her designee authority to create guidelines as necessary to implement and enforce this policy.

RESCIND BOARD REPORT 20-0226-PO3 AND ADOPT NEW BEHAVIORAL INTERVENTIONS, PHYSICAL RESTRAINTS, TIME OUTS, AND MOMENTARY PHYSICAL INTERVENTION FOR STUDENTS POLICY

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education (the Board) rescind Board Report 20-0226-PO3 and adopt new Behavioral Interventions, Physical Restraints, Time Outs, and Momentary Physical Intervention for Students Policy. The policy was posted for public comment from April 22, 2022 to May 23, 2022.

PURPOSE: In compliance with The Behavioral Interventions Act (105 ILCS 5/14-8.05 and Public Act 102-0339) each school board must develop policies and procedures on the use of behavioral interventions for students who require such interventions. This policy provides requirements, restrictions, and procedures related to the use of physical restraints, isolated time out, time out, and momentary physical intervention for all Chicago Public Schools students in compliance with the Illinois State Board of Education's (ISBE) administrative rules. In August 2021, Public Act 102-0339 was enacted, which amended Section 10-20.33 of the *School Code* to align with ISBE rules regarding the use of isolated time out, time out, and physical restraint.

EQUITY STATEMENT:

Physically restraining or placing a student in time out can carry many risks to the student's physical well-being, emotional health, self-image, and reputation in the school community. The use of these interventions can also erode trust among stakeholders in the student's education and prevent the student from receiving a Free Appropriate Public Education (FAPE). While restrictive practices intend to provide protection from immediate physical harm, there is increasing concern that restraint and time out are being used more broadly and that students with disabilities are being disproportionately subjected to their use.

POLICY TEXT:

I. Definition of Terms

Behavioral Interventions: Positive or preventative non-physical techniques used with students to promote desirable behaviors and reduce identified inappropriate behaviors.

Time-out: The involuntary monitored separation of a student from classmates with a trained adult for part of the school day, only for a brief time, in a non-locked setting.

 Does not include a student-requested break, a student-initiated or teacher-initiated sensory break, an in-school suspension or detention, or a student's brief removal to the hallway or similar environment.

Isolated Time Out: The confinement of a student alone in a time out room or some other enclosure, whether inside or outside of the learning environment, without a supervising adult from which the student's access is restricted.

Momentary Physical Intervention: The use of brief (i.e., 5 seconds or less) physical intervention with a student using limited force by direct person-to-person contact. Momentary physical interventions do not restrict or immobilize a student from freely moving their body and limbs for a period of time.

Imminent Danger of Serious Physical Harm: A situation where a student presents an immediate danger to the safety and well-being of himself, herself, or another person and is likely to cause immediate physical harm.

Physical Restraint (also referred to as "Physical Management"): A physical restriction that immobilizes or reduces the ability of a student to move their torso, arms, hands, legs or head freely for a period of time. Physical restraint is used only by personnel trained in a CPS-approved behavioral safety curriculum and only after all other less restrictive and intrusive measures have been tried and proven ineffective in stopping the imminent danger of serious physical harm.

The physical removal of a disruptive student who is unwilling to leave voluntarily, or transported to
another setting is considered a restraint, which can only be used if there is a risk of imminent
danger of serious physical harm.

Mechanical Restraints: The use of any device or equipment that restricts, reduces or immobilizes the ability of a student to move his or her torso, arms, hands, legs or head freely for a period of time. The term does not include equipment utilized by a student that are prescribed by a related service provider including body positioning devices, equipment for balance, vehicle safety restraints, or orthopedically prescribed devices that allow a student to participate in activities without risk of harm.

Chemical Restraints: means the use of medication to control a student's behavior or to restrict a student's freedom of movement.

Supine Restraint: A restraint that places the student in a face-up position on the student's back on the floor or other surface, and physical pressure is applied to the student's body to keep the student on their back.

Prone Restraint: A restraint that places an individual in a face-down position on the floor or other surface while using physical pressure that immobilizes or reduces the student's ability to move their torso, arms, legs, hands, or head freely.

Restraints that Restrict Breathing: Any restraint that places pressure on or around a student's chest, back, abdomen, neck or head (i.e., basket holds, bear hugs) or any use of placing items on, near or around a student's mouth, nose or face (i.e., pillows, blankets, etc.) while a physical restraint as defined in section I-F is being utilized.

II. Prohibitions

- A. Prohibitions for the use of Restraint:
 - a. Physical restraint must not be used as a form of discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, response to civil disobedience/protest, or to prevent property damage in the absence of imminent danger of immediate serious physical harm to the student or others.
 - b. Students must not be subjected to physical restraint for using profanity or other verbal displays of disrespect for themselves or others. A verbal threat may not be considered as constituting a physical danger unless a student also demonstrates a means or intent to immediately carry out the threat, which will result in imminent physical danger.
 - c. The use of mechanical and/or chemical restraint for the purpose of managing behavior or maintaining discipline is prohibited.
 - d. The use of prone restraints must not be used.
 - e. The use of supine restraints must not be used.
 - f. The use of restraints that restrict breathing must not be used.
- B. Prohibitions for the use of Time Out:
 - a. Use of a locked room or where the door is obstructed and/or unable to open.
 - b. Use of a confining space such as a closet.
 - c. Use of a room or location where the student cannot be continually observed.
 - d. The deprivation of necessities or unreasonable delay in providing the following is prohibited:
 - i. Food or liquid
 - ii. Medication
 - iii. Use of the restroom
- C. Prohibitions for the use of Isolated Time Out:
 - a. Use of isolated time out is prohibited in all public schools.
 - This restriction does not apply to ISBE-approved educational or residential facilities under contract with the Board to provide educational programming to appropriately identified students, when such use is outlined in a student's IEP.

III. Allowances

- A. Staff must develop procedures for the appropriate use of positive behavioral interventions with students. These procedures will:
 - Include criteria for determining when a student may require a Tier III behavioral support plan or behavior intervention plan;
 - emphasize positive behavior interventions that are designed to develop and strengthen desirable student behaviors:
 - incorporate procedures and methods consistent with evidence-based practices in the field of behavioral intervention;
 - d. include requirements for monitoring the use of behavioral interventions; and
 - be consistent with the Illinois State Board of Education's guidelines regarding Behavioral Interventions.
- B. The use of physical restraint is permitted when:
 - a. A student poses an imminent danger of immediate serious physical harm to themselves
 - b. Other less restrictive and intrusive measures have been tried and have proven to be ineffective in stopping the imminent danger of immediate serious physical harm,
 - c. Used by trained school staff, and
 - d. Use of the restraint is not known to be medically contraindicated.
 - e. Use with various student populations:
 - i. For Students with Disabilities, a Functional Behavioral Assessment (FBA) must be conducted to determine if a Behavioral Intervention Plan (BIP) is warranted to implement the use of positive, non-restrictive interventions as defined in section I-A. The use of physical restraint must be included in the BIP section of the IEP when deemed appropriate and authorized by the student's IEP team. The use of physical restraint must be used in compliance with a student's IEP.

- If the student's IEP indicates they use sign language or an augmentative or alternative communication system, the student's hands must not be immobilized, and access to functional communication must be provided during the restraint.
- ii. For General Education Students, when the student displays behaviors that pose an imminent threat of immediate serious physical harm on a minimum of three (3) occasions within a thirty (30) day period, a Tier III behavior support plan should be developed to identify positive strategies to prevent and address challenging behavior and authorize the use of physical restraint or time out, as necessary in accordance with this policy.
 - The use of MTSS behavioral support is not exclusive to general education students and can be implemented for a student with disabilities in conjunction with an IEP or 504 Plan.
- C. The use of physical restraint requires that staff stop the restraint after no more than ten (10) minutes to evaluate the imminent danger of serious immediate physical harm.
 - If at any point during the restraint a student complains of pain or difficulty breathing, the restraint must be immediately released.
 - When the threat of imminent danger of serious physical harm no longer exists, the restraint must be released.
- D. School staff may employ a momentary physical intervention with any student (including students with disabilities) in the following circumstances:
 - In emergency situations to prevent a student from completing an act that would result in physical harm to himself or another, or serious damage to property.
 - Examples include, but are not limited to:
 - 1. blocking a student from running into on-coming traffic
 - 2. briefly helping a student down from a dangerous height
 - removing a dangerous substance or weapon from a student's possession, or
 - physically blocking a student from throwing an item that would shatter glass.

IV. Training Requirements

Any adult who is supervising a student in time out or applying <u>a</u> physical restraint must complete at least 8 hours of developmentally appropriate training annually. Training in the area of physical management must be completed in person. A training certificate will be issued for all training completed, which must be kept for records, in the event of an audit. Training is required in the following areas:

- A. crisis de-escalation;
- B. restorative practices:
- C. identifying signs of distress during physical restraint and time out;
- D. trauma-informed practices;
- E. behavior management practices;
- F. implicit bias; and
- G. physical management practices.

V. Reporting Requirements

- A. Complete the ISBE Physical Restraint and Time Out (PRTO) form:
 - a. All staff/participants involved in the PRTO must be noted in the report.
 - b. Each event must have at least one Safety Check Participant for every 10 minutes if physical restraint is used and one every 30 minutes if time out is used. The Safety Check Participant should:
 - Observe the student for distress and need for necessities to be provided (food, water, restroom, medication, etc.)
 - ii. Be someone who is trained in the use of physical restraint to be able to monitor the hold(s) being used and inform others of any adjustments that may need to be made.
 - Monitor the length of time the hold is taking place and notify staff when a release is required or warranted.
- B. Document the incident of physical restraint and/or time out in Aspen within 24 hours, upload the completed ISBE PRTO form to the Aspen ICT, as part of the Incident Details entry.
 - If the student has an IEP or 504 Plan the completed ISBE PRTO form must also be uploaded to the student's profile in SSM.

C. Complete the ISBE PRTO Survey within 24 hours of the documented incident.

VI. Parent Notification and Post PRTO Incident Meeting

Every attempt to notify the student's parents/guardians of the physical restraint and/or time out must be made by the end of the school day.

- A. Parent(s)/Guardian(s) must be provided with the following information, following an incident of PRTO:
 - a. Standards for when PRTO can be used
 - b. Parent and student rights
 - c. State complaint process
 - d. A copy of the completed ISBE PRTO form AND the Aspen ICT report must be provided to the parent/guardian within 24 hours of the physical restraint or time out occurring.
 - A hard copy of the completed ISBE PRTO form must be placed in the student's file
 - e. Written notice of the right to request a meeting with school personnel must be provided to the parent(s)/guardian(s) at the time they are notified of the incident, but no more than 2 days after the incident took place.
 - If a meeting is requested by the parent(s)/guardian(s), the meeting must take
 place within two (2) school days after the request is made, provided that the two
 (2) day limitation may be extended only if requested by the parent/guardian.
 - Parent(s)/Guardian(s) may request the meeting be held by phone or video conference, in addition to in person.
 - a. Post-PRTO meetings are separate from an IEP or Section 504 meeting.
 - i. Meeting participants must include the following:
 - 1. Student, if appropriate
 - 2. Parent(s)/Guardian(s)
 - 3. At least one (1) staff member involved in the PRTO incident
 - At least one (1) staff member not involved in the PRTO incident
 - 5. The meeting will provide the opportunity for all to describe and discuss the following:
 - The events that occurred prior to the incident of PRTO and any actions that were taken by school personnel or the student leading up to the PRTO incident.
 - 7. The PRTO incident itself
 - The events that occurred or the actions taken following the PRTO incident and whether the student returned to regular school activities. If not, how the student spent the remainder of the day.
 - What school personnel could have done differently to avoid the PRTO incident.
 - What alternative courses of action, if any, the school can take to support the student and avoid future uses of PRTO.
 - f. Written summary of the Post-PRTO meeting and any agreements/conclusions reached must become part of the student's temporary school record and must be provided to the parent(s)/guardian(s).
 - If agreements/conclusions will impact, add, or change the services or supports a student will receive as part of their IEP or 504 Plan a separate meeting will need to be held to finalize those changes.
 - g. If the parent(s)/guardian(s) does not request a Post-PRTO meeting within ten (10) school days or they fail to attend a requested meeting that must be documented as part of the student's school record.
 - h. At no point may a student be excluded from school solely because a meeting has not occurred.

VII. School-Based Review Meeting

- A. When a student experiences instances of time out or physical restraint on three (3) days within a 30 day_period, the school personnel who initiated, monitored, and supervised the incidents must conduct a review of the effectiveness of the procedures used and create an individual plan for the student that provides either for continued use of these interventions or for the use of other, specified interventions.
 - a. The review will consider the student's potential need for MTSS behavioral supports, special education eligibility, consent for an FBA and BIP, or revision of a current FBA and BIP. The review of procedures will consist of the following:
 - i. At least one psychologist, social worker, nurse, or behavior specialist;
 - ii. review of data (frequency, duration, discipline referrals/action, etc.);
 - iii. consider the development of additional or revised positive behavioral interventions and supports to reduce the use of restrictive procedures;
 - iv. determine if modification of the student's IEP, 504 Plan, Tier III behavior intervention plan, or other plan of care is necessary;
 - review any known medical or psychological limitations that may contraindicate
 the use of restrictive procedures and if applicable document such restrictions in
 the student's plan; and
 - vi. The plan will be placed in the student's temporary student record.

VIII. Systematic Reduction of PRTO use Requirements

- A. Required District Plan must outline specific actions to reduce and eventually eliminate the use of PRTO as behavioral interventions and develop non-coercive environments. Plans must include specific actions to ensure the following:
 - Individualized student plans oriented toward the prevention of the use of PRTO are developed.
 - These are separate and apart from a student's IEP or 504 Plan.
 - b. Appropriate school personnel are fully informed of a student's history, including physical or sexual abuse, and other relevant medical and mental health information, as permissible within district policy, state, and federal laws governing student confidentiality and privacy rights.
 - c. Support a vision for cultural change that reinforces the following:
 - i. Positive behavioral interventions and supports in place of the use of PRTO
 - ii. Effective ways to de-escalate situations to avoid the use of PRTO
 - iii. Crisis intervention techniques that use alternatives to the use of PRTO
 - iv. Use of debrief/after action review meetings to reassess what happened, why it happened, and ways to prevent the use of PRTO in the future.
- B. The District is required to create a time out and physical restraint oversight team including, but not limited to teachers, administrators, paraprofessionals, RSPs, and district and network staff
 - a. Student and parent/guardian focus groups will be established in areas where the use of restraint and time-out are used most frequently, to continue to incorporate student and family voice into the process.
- C. The District_must establish and maintain a committee to develop policies and procedures on the use of positive behavioral interventions. These policies and procedures must:
 - a. be developed with the advice of parents with students with disabilities and other parents, teachers, administrators, advocates for persons with disabilities, and individuals with knowledge or expertise in the development and implementation of behavioral interventions for persons with disabilities;
 - emphasize positive interventions that are designed to develop and strengthen desirable behaviors;
 - incorporate procedures and methods consistent with generally accepted practice in the field of behavioral intervention;
 - d. include criteria for determining when a student with disabilities may require a behavioral intervention plan;
 - reflect that the guidelines of the State Board of Education have been reviewed and considered and provide the address of the State Board of Education so that copies of the State Board of Education behavioral guidelines may be requested; and
 - f. include procedures for monitoring the use of restrictive behavioral interventions.

IX. Compliance

- A. The Chief Executive Officer or designee is authorized to develop procedures and guidelines for the appropriate use of physical restraints and time out and the reporting of incidents that comply with Illinois State Board of Education regulations.

AMEND BOARD REPORT 20-1216-PO2 LOCAL SCHOOL WELLNESS POLICY FOR STUDENTS

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education ("Board") amend Board Report 20-1216-PO2 Local School Wellness Policy for Students. This policy was posted for public comment April 22, 2022 - May 23, 2022.

PURPOSE: The purpose of this policy is to ensure the Board's expectations for a healthy school environment are articulated and satisfied by establishing requirements for nutrition education, physical activity and the provision of healthy food choices at schools and for all students in grades PK-12. This policy also establishes nutrition standards, requirements and recommendations for foods and beverages sold, provided or served to students at school that compete with food provided under the National School Lunch Program (NSLP), School Breakfast Program (SBP), Seamless Summer Option (SSO), Summer Food Service Program (SFSP) and the Child and Adult Care Food Program (CACFP). This policy seeks to create a school environment that supports student nutrition and healthy food choices by providing nutrition standards for food and beverages sold 1) as competitive foods in vending machines or in school stores, 2) by food vendors on school grounds, 3) as a la carte items sold in the school dining centers, 4) as part of school fundraisers, celebrations or rewards. The nutrition standards set forth in this policy are consistent with the USDA's Smart Snacks Guidelines and best practices for competitive foods. The requirements outlined in this policy only apply to activities that take place during the school day, i.e. from midnight the previous night until thirty minutes after the final bell.

BELIEF STATEMENT: The Board recognizes the relationship that exists between academic achievement and student health and wellness. Accordingly, this policy reflects the Board's commitment to removing health-related barriers to learning via health policy, promotion, education and services, and implementation of the WSCC (Whole School, Whole Community, Whole Child) framework.

EQUITY STATEMENT: This policy seeks to mitigate the effects of numerous inequities experienced by CPS students, such as food insecurity and inequitable access to safe spaces for outdoor play, by ensuring that schools provide consistent access to nutritious food and opportunities for physical activity and nutrition education. However, the Board recognizes that this policy does not address the root cause of said inequities which may disproportionately impact our greatest needs groups. The Office of Student Health and Wellness is engaging in ongoing work to operationalize the CPS Equity Framework through this policy within the locus of our control.

VII. Local School Implementation:

- 1. School Wellness Champion: The principal must annually designate a school employee to serve as the School Wellness Champion who will (i) lead and coordinate their school's efforts to create and sustain a culture of health and wellness, (ii) serve as the liaison to CPS Office of Student Health and Wellness regarding school level efforts to implement this policy and reporting as needed, and (iii) annually establish, serve on and lead a School Wellness Team that develops goals, strategies and initiatives for student health and wellness during the school year.
- 2. School Wellness Team: Each school is required to have a wellness team, a group of individuals who work to create a culture of health and wellness within the school. The principal must ensure that a School Wellness Team is formed annually to spearhead health and wellness initiatives at the school that are in compliance with the Office of Student Health and Wellness' Healthy CPS Initiative, as well as coordinate compliance plans and efforts for ensuring adherence to policy requirements. The Wellness Team must be representative of the overall school community to the greatest extent possible, and should include parents/guardians, teachers of physical education, classroom teachers, school health professionals, students, school administrators and community health and wellness partners, and other relevant stakeholders. Schools that have gardens and Pre-K programs must include representatives of both on their Wellness Team, and student groups must be consulted on a regular basis. The principal must establish a system to identify School Wellness Team members annually.
- 3. Parent/Family Outreach. Schools are encouraged to provide parents/guardians with information to help them incorporate healthy eating and physical activity into their child's lives in and outside of school. This information may be provided in the form of handouts, postings on the school website, information provided in school newsletters, presentations that focus on nutrition and healthy lifestyles and any other appropriate means available for reaching parents.
- 4. Reporting: The principal must provide quarterly updates to the Local School Council regarding the school's health and wellness initiatives and the school's implementation of this policy. In addition, schools must report progress to the Office of Student Health and Wellness when requested including through completion of an annual survey.

VIII. Support and Oversight: The Office of Student Health and Wellness will:

- Provide technical assistance, support and professional development/training to assist schools with implementation of the policy and improve programming functions;
- Ensure schools are offered support services through various departments including the Office of Student Health and Wellness, Nutrition Support Services, and the Office of Teaching and Learning to ensure the full implementation of this policy;
- Establish a District-wide Whole Child Task Force to serve as an advisory group for this
 policy as well as other aspects of WSCC (Whole School, Whole Community, Whole Child)
 implementation.
- 4. Establish a process for identifying and distributing resources made available by qualified agencies and community organizations for the purpose of collaborating with schools to enhance implementation of this policy, including but not limited to a Materials Review Committee comprised of content experts from OSHW and other relevant CPS departments including but not limited to the Office of Teaching and Learning and the Office of Social-Emotional Learning, to vet curricula and programs related to Nutrition Education, Physical Activity, and Gardens;
- 5. Establish a process to gather regular reporting and feedback from individual schools, community partners, students and parents on the implementation of the policy;
- Establish a process for assessing the equity impact of this policy, including how the policy is implemented in relation to who is most impacted by inequity to determine targeted universalist supports for schools;
- 7. Conduct periodic evaluations and report on district-wide and individual schools' compliance with the Policy; and
- 8. By December 2023, conduct a district-wide review and assessment of this policy and propose relevant Policy revisions.
- **IX. School Progress Report Measure**: CPS will provide an annual indicator on the CPS School Progress Report that is directly correlated with the school's health and wellness environment and school's compliance with this and any applicable federal regulations and related Board policy.
- X. Review of Policy Coordination Efforts: The Chief Health Officer and Executive Director of Nutrition Support Services must designate individuals from central office departments and schools, as well as external stakeholders to convene at least annually, and on an as-needed basis, to review CPS wellness and community coordination efforts and opportunities.
- **XI. Guidelines**: The Chief Health Officer and Executive Director of Nutrition Support Services or designee is authorized to develop and implement guidelines, standards and toolkits to ensure the effective implementation of this policy.

ADOPT ANNUAL REVISIONS TO THE STUDENT CODE OF CONDUCT EFFECTIVE AUGUST 22, 2022

THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Chicago Board of Education ("Board") adopt the annual revisions to the Student Code of Conduct ("SCC") including the CPS Addressing Bullying and Bias-Based Behavior Policy, effective August 22, 2022, which is attached hereto. The policy was posted for public comment from April 22, 2022 to May 23, 2022.

DESCRIPTION: Modifications from the previous year's Student Code of Conduct are summarized below:

- 1. Revise General Requirements for Out of School Behavior: The General Requirements section of the SCC received an edit to regarding when schools can discipline students who engage in out of school behavior in response to recent judicial rulings on the subject. Specifically, the standard for applying the SCC to behavior in Group 5 or 6 that occurs outside of school can only occur when the behavior disrupts the educational process or orderly operation of the school. Previously, behavior that may disrupt the educational process or orderly operation of the school was included in this standard, but is now being removed.
- 2. Revise Definitions for Bullying: Language in the definitions for bullying behavior with regard to retaliation and reprisal has been added to the CPS Addressing Bullying and Bias-Based Behavior policy. These revisions are to better clarify that substantiated retaliation behaviors are considered to be bullying and can be disciplined. In addition, language has been added that clarifies that making a false accusation of bullying can be treated as a form of bullying and subject to discipline under the SCC.

3. Add Language to Subsection on School Dress Codes and Uniform Policies: Language in the section of the SCC covering requirements for school-based dress codes has been added to specify that school-based dress codes cannot prohibit hairstyles or head coverings historically associated with race, ethnicity, religion or hair texture.

STUDENT CODE OF CONDUCT Effective August 3022, 20212022

PURPOSE

The Chicago Public Schools (CPS) Student Code of Conduct (SCC) supports our schools in maintaining safe, nurturing, participatory and productive learning environments. In order to maximize learning time and promote positive behaviors, every school must establish multi-tiered systems of support for students' social, emotional and behavioral needs. This includes developing clear expectations, teaching social-emotional competencies, and fostering positive relationships among all members of the school community. Chicago Public Schools is committed to an instructive, corrective, and restorative approach to behavior. If behavior incidents arise that threaten student and staff safety or severely disrupt the educational process, the response should minimize the impact of the incident, repair harm, and address the underlying needs behind student behaviors. In accordance with the SCC, all disciplinary responses must be applied respectfully, fairly, consistently, and protect students' rights to instructional time whenever possible.

A safe, welcoming, and productive school requires the support of all staff, students, and families.

GENERAL REQUIREMENTS

The SCC applies to students at all times during the school day, while on school property, while traveling to and from school, at any school-related event, on any vehicle funded by CPS (such as a school bus), and while using the CPS network.¹

The SCC also applies to student behavior outside of school if: (1) a student engages in a Group 5 or 6 behavior, and (2) the behavior disrupts or may disrupt the educational process or orderly operation of the school. This includes seriously inappropriate behavior on social networking websites that disrupts or may disrupt the educational process or orderly operation of the school.

To address inappropriate behavior, school administrators must comply with the *Guidelines for Effective Discipline* which shall be issued by the Office of Social & Emotional Learning. At a minimum, a principal or their designee must:

- Redirect to correct behavior. All adults should redirect students to correct inappropriate behavior and minimize the likelihood of the behavior escalating or recurring.
- Intervene to minimize escalation, disruption, resolve conflict, and as necessary to keep students and staff safe. If a student has been injured, make every reasonable effort to immediately notify the parents/guardians.
- 3) Gather information by talking to all involved students, teachers, school staff, or others who witness the incident. When student misbehavior is reported to the school principal or designee, an investigation must begin no later than the next school day; however, if student safety is at risk, investigations must begin immediately.
 - a) Prior to gathering information, if there is an allegation of sexual misconduct, including but not limited, sexual harassment, sexual bullying, sexual assault, dating violence, or discrimination related to sex, sexual orientation, gender identity, or gender expression, contact the Office of Student Protections and Title IX ("OSP") immediately for support in following the remaining steps. OSP can be reached at (773) 535-4400.
 - b) If a search of the student, their locker, desk, or personal belongings needs to be conducted, follow the Board's Search and Seizure Policy (https://policy.cps.edu/download.aspx?ID=190). Identify factors that may have contributed to the incident and seek to understand the full context.
- 4) Analyze whether the student's alleged behavior falls within the SCC using the information gathered. If so, determine the Group level of disruption caused by the inappropriate behavior, identify the inappropriate behavior listed, and consider the range of possible interventions and consequences.
- 5) **Discuss** with the student and **provide the opportunity to explain** their perspective.
 - a) Inform the student of the inappropriate behavior they may have exhibited, the applicable SCC behavior category, and the range of possible interventions and consequences.
 - b) Allow the student to respond and explain their actions. Ask the student to explain what happened from their perspective and reflect on their actions.
 - Seek to understand the root cause of the behavior, including trauma or unmet social, emotional or behavioral health needs
 - d) Make reasonable efforts to contact the parents/guardians and discuss the incident with them before assigning interventions and consequences.
 - e) No student shall be sent home before the end of the school day unless the school has established contact with the student's parent/guardian and provided written notice of a suspension.

6) Make a determination and consider the needs of all parties involved.

a) Determine whether it is more likely than not that the student engaged in the identified SCC inappropriate behavior and the intervention or consequence most likely to address the cause of the behavior.

¹ The CPS network means systems, computer resources, and infrastructure used to transmit, store, and review data or communicate over an electronic medium and includes, but is not limited to, the E-mail system(s), collaboration systems, databases, hardware, telecommunication devices, information systems, internet service, distance learning tools, the CPS intranet system or CPS mainframe systems, whether owned or contracted by the Board or otherwise used for school purposes. Students are subject to the requirements in the Policy on Student Acceptable Use of the CPS Network (http://policy.cps.edu/download.aspx?lD=203.

- b) Identify the social, emotional, and/or safety needs of the affected student(s) and provide appropriate supports and follow up.
- 7) Assign interventions or consequences according to the SCC.
 - a) Identify the intervention(s) or consequence(s) most likely to address the cause of the behavior including social, emotional or trauma-related needs, repair harm, and prevent repeat behaviors.
 - b) The principal or designee has the final authority to assign interventions and consequences based on the best interest of the school community, including available school resources, and the needs and rights of all involved students or staff harmed, and the rights of the student engaged in inappropriate behavior, in alignment with the SCC.
 - c) Follow the special procedures contained in the Procedural Safeguards section for students with disabilities and students with Section 504 Plans.
 - d) Avoid consequences that will remove the student from class or school, if possible. Use out-of-school suspensions <u>only</u> as a last resort in accordance with the suspension guidelines on page 7.
 - e) Note that CPS does not support the use of zero tolerance policies that require school staff to suspend or expel students for certain behaviors except if required by law. This means out-of-school suspensions cannot be a minimum or required consequence unless required by law.
 - f) If a student is suspended, the principal or their designee may choose to give the student a combination of out-of-school and skill-building in-school suspension days. The out-of-school suspension must be served first and the combined total of out-of-school and in-school suspension days must not exceed the limits available for each Group level.
 - g) School staff members must not use public disciplinary techniques and must respond to inappropriate student behavior as confidentially as possible.
 - h) No restrictions may be placed on food options or recess activities as a behavior consequence. Silent group lunches are expressly prohibited.
- 8) **Complete report** in the District student information system for all inappropriate behaviors under the SCC. Hand-deliver to the parents/guardians, mail a copy of the misconduct report to the student's home address, or email the misconduct report to a documented email provided by the parent/guardian.
- 9) Inform parents/guardians of their right to appeal if they believe that the consequence is unwarranted or excessive.
 - a) The parents/guardians have the right to ask the principal to review the consequence assigned and to reconsider the decision.
 - b) If a student has received an out-of-school suspension or referred for an expulsion hearing, the parents/guardians may appeal by contacting the Department of Student Adjudication at (773) 553-2249, studentadjudication@cps.edu, or the Network Chief of Schools ("Network Chief") or their designee (contact information available at www.cps.edu/Networks). For District schools that do not have Network oversight, appeals may be made to the Office of Network Support or designee. The Network Chief or designee will review the appeal and determine:
 - whether any factual errors were made in the principal's investigation,
 - whether the documentation of the student's behavior aligns to the recorded SCC behavior category,
 - whether prior interventions were attempted when appropriate,
 - whether the length of the suspension was commensurate with the student's inappropriate behavior
 - whether appropriate due process was given (see 5(a)-(e) on page 4), and
 - in the case of a request for an expulsion hearing, whether the request was appropriate.

The Network Chief or designee's decision shall be final. The term of a student's suspension or request for an expulsion hearing is not halted by the parents/guardians' appeal.

c) If a student has been expelled and referred to a SAFE Schools Alternative Program, the parents/guardians may appeal the final determination in writing and send additional evidence not available at the time of the expulsion hearing to the Chief Education Officer's designee. The decision of the CEdO or designee regarding the appeal shall be final. The start of a student's expulsion is not delayed by the parents/guardians' appeal.

- 10) Restore the student's participation in the school community.
 - a) If the student received an out-of-school suspension for three (3) or more days, the principal or designee must develop a plan to support the student's transition back into the school community, including strategies for preventing future behavior incidents, restoring relationships, and addressing the student's ongoing social, emotional, and academic needs, with input from the student and parents/guardians. For more information, see *Guidelines for Effective Discipline*.
 - b) When a student is set to return from an expulsion and has been attending the Safe Schools Alternative Program, school administrators must attend a transition meeting, which should include the student, parents/guardians, and alternative school staff members, to discuss the student's return and prepare for a successful transition.

SUSPENSION GUIDELINES

Students in grades pre-kindergarten through second may NOT be assigned in-school or out-of-school suspensions. If a student in pre-kindergarten through second grade exhibits behavior that presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff, the Network Chief or designee may grant an exception and assign an emergency one-day in-school or out-of-school suspension after the student's parent/guardian has been notified. During the suspension, the principal or designee must develop a plan addressing the safety of students/staff and including strategies for preventing future behavior incidents, restoring relationships, and addressing the student's ongoing social, emotional, and academic needs.

Skill-Building In-School Suspension

A skill-building in-school suspension is the removal of a student from their regular educational schedule for more than 60 minutes of the school day to an alternative supervised setting inside the school building to engage in structured activities that develop academic, social, emotional, and/or behavioral skills.

A student in grades third through twelfth may be assigned a skill-building in-school suspension if:

- Skill-building in-school suspension is listed as an available consequence for the SCC behavior category, and
- 2. The student was informed of their reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
- 3. A copy of the misconduct report (generated in the District student information system) was provided to the student's parents/guardians.

Out-of-School Suspension

An out-of-school suspension is the removal of the student from class attendance or school attendance. When a student is removed from school in response to an inappropriate behavior, the removal counts as the first day of an out-of-school suspension.

A student in grades third through twelfth may be assigned an out-of-school suspension if:

- Out-of-school suspension is listed as an available consequence for the SCC behavior category,
- The principal or designee determines that the student's attendance at school presents an imminent endangerment to the physical, emotional, or mental safety of specific students/staff and this threat is documented in the District student information system, or
- The principal or designee determines that the student's behavior has caused chronic or extreme interruption to other students' participation in school activities and prior interventions have been utilized and documented in the District student information system, and
- 4. The student was informed of their reported misbehavior, provided an opportunity to respond, and reasonable efforts were made to contact the parents/guardians, and
- 5. A copy of the misconduct report (generated in the District student information system) was provided to the student's parents/guardians.

A student serving out-of-school suspension is not allowed to come onto school property, participate in extracurricular activities, or attend school-sponsored events. A student may be considered trespassing if he or she comes onto school grounds while suspended out of school.

Out-of-school suspensions are excused absences. The principal must ensure that a student serving suspension is able to obtain homework, and upon the student's return, provided with the opportunity to make up any quizzes, tests, special projects, or final exams given during the period of suspension.

A student serving suspension must be allowed to take state assessments at school and may participate in test preparation activities with Network Chief approval. The student's attendance will still be marked as suspended. The Network Chief must approve any other exception to the out-of-school suspension guidelines. If approved by the CEO's designee, a student suspended for more than three (3) days may be required to attend a District-sponsored program during the term of suspension.

POLICE NOTIFICATION GUIDELINES

School administrators contact the Chicago Police Department (CPD) in two situations: (1) to seek assistance with an emergency situation, or (2) to notify law enforcement of alleged illegal behavior (non-emergency situations). To prevent traumatic impacts of police arrest for children and their families, school administrators should prioritize a trauma-responsive behavioral health approach that focuses on descalation and restorative, mental health intervention based on student needs before considering police involvement. Administrators shall follow these guidelines when considering any police notification.

1. Emergency Situations

School administrators have the responsibility to call 9-1-1 in situations they determine to be safety emergencies that constitute **immediate threats of danger or imminent harm** to students, staff, or other individuals in the school. This includes but is not limited to:

- Active use, possession, and/or concealment of a firearm/destructive device or other weapon or "look-alikes" of weapons, or use or intent to use an object as a weapon to inflict significant bodily harm (see Reference Guide for Group 6 behaviors involving dangerous objects, weapons or lookalike weapons)
- An act of physical violence or threat of imminent harm by a student that is in progress and unable
 to be safely de-escalated by school safety officers and support staff, such as restorative
 practitioners or clinicians
- Bomb threat (6-4) or Arson (6-3)

In an emergency situation, administrators must make reasonable efforts to notify parents/guardians immediately after contacting CPD. Efforts to contact parents/guardians must include calling all numbers listed on an emergency form and any number supplied by the student, including leaving voice messages when possible if parents/guardians do not answer.

School administrators should immediately contact the CPS Student Safety Center at 773-553-3335 after contacting CPD in emergency situations.

2. Alleged Illegal Behavior (Non-Emergency Situations)

When a student engages in alleged illegal behavior, it may be necessary for school staff to report the act to their local law enforcement agency. In this situation, school officials contact CPD to report violations of the law.

In non-emergency situations, school officials must not contact CPD, including School Resource Officers (SRO) to request removal of a disruptive student from the school, including classrooms, common areas, and school-sponsored events.

In a non-emergency situation, administrators must do the following prior to contacting police, including School Resource Officers:

- 1. Call the CPS Student Safety Center (773-553-3335) to report the incident.
- 2. For a student in fifth (5°) grade or below, school staff shall consult with the Law Department (773 553-1700) prior to reporting the act to CPD.
- 3. School administrators shall consult with district officials from the Office of School Safety and Security to assess the alleged behavior and student needs using the below criteria to determine whether CPD must be notified, including the manner of notification. All CPD notifications should be recorded in Aspen within 24 hours. School and district officials should consider factors including:
 - Whether the behavior is related to a student's disability as outlined in their IEP/504. School
 can contact their ODLSS District Representative for additional support.
 - The severity of the alleged behavior and the degree of harm to people in the school community, including students and CPS staff members,
 - Whether a person was physically injured as a result of the student's conduct,
 - The student's age, developmental needs, or known trauma history.

8

- 4. In the event that police must be notified, administrators shall make all reasonable efforts to contact parents/guardians prior to contacting CPD. Efforts to contact parents/guardians must include calling all numbers listed on an emergency form and any number supplied by the student, including leaving voice messages when possible if parents/guardians do not answer. All parent/guardian contact attempts must be recorded in Aspen.
- The school shall follow the Requirements for Police Interactions listed below for any police interaction with students on school grounds.
- 6. The school principal or designee will use the SCC to determine the appropriate intervention(s) and/or consequence(s) to address a student's behavior.

Only school administrators and designees should follow these notification procedures. In the event that school staff who are not administrators (or designees) should need to notify the police or file a complaint against a student for an incident that occurred on school property, during school hours, or at a school-related function, staff should inform the school principal to ensure the steps outlined above are completed prior to CPD notification.

In the event that a non-CPS employee (parent, caregiver, community member) should report any allegations of illegal behaviors to school administrators, school administrators shall follow steps outlined in steps 1-3 (non-emergency situations). School administrators shall not file a law enforcement agency complaint at the behest of the non-CPS employee.

Sexual Misconduct

If school administrators are made aware of a criminal act of sexual misconduct that is in progress, they must contact CPD. When made aware of an allegation of sexual misconduct, including but not limited, sexual harassment, sexual bullying, sexual assault, dating violence, or discrimination related to sex, sexual orientation, gender, or gender expression, contact the Office of Student Protections and Title IX ("OSP") to assist in assessing whether police notification is needed at the OSP Mainline: (773) 535-4400. DCFS mandatory reporter obligations are separate from reporting to CPD and must always be followed; please consult the Policy on Child Abuse and Neglect if needed.

Requirements for Police Interactions Resulting From a Police Notification

Once school staff members contact CPD, the responding police officers ultimately will determine whether or not to investigate, arrest, and/or take any other steps in response. School principals and staff do not have the authority to decide whether a student will be arrested. Moreover, responding police officers do not have the authority to decide whether a student will receive interventions or consequences at school. In the event that CPD must interact with students as a result of a police notification, school administrators must follow these requirements and furnish these written guidelines to the student(s) prior to any interactions with law enforcement:

- Student Rights
 - Students have the right to refuse to speak to CPD
 - Students can refuse to give consent to be searched by the police, including electronic devices. This may not stop the search.
 - o Students shall not be left alone with CPD at any time
 - Students shall not be removed from the classroom or common areas of the school by CPD unless an emergency, as defined above, exists.
- Questioning/Interviews
 - If CPD requests to interview or question a student at the school, contact the Law Department.
 - O CPS administrators must make all reasonable efforts to ensure that the student's parent or guardian is present during the questioning or, if the parent or guardian is not present, ensure that school personnel, including, but not limited to, a school social worker, a school psychologist, a school nurse, a school guidance counselor, or any other mental health professional, are present during the questioning. The staff member(s) present during police interviews must be someone who was not directly involved in the incident.

9

 CPS administrators must make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

· Arrests on School Grounds

- School administrators, district officials, and CPD should avoid student arrests on school
 grounds whenever possible. If a responding police officer determines that arrest is
 necessary, they should coordinate with the principal or designee to find a private location
 out of sight and sound of other students, to the extent practicable and absent exigent
 circumstances.
- Should a student be arrested on school grounds, a school administrator or designee is required to accompany the student and arresting officer to the police station or follow. If the parent/guardian is not present, the principal must request the arresting officer that a member of the school staff accompany the student. If such permission is denied, a member of the staff must follow immediately to the place where the student is taken. The staff member who accompanies or follows the student must be someone who was not involved in the incident resulting in the arrest. The staff member must remain with the student for a reasonable time or until they are no longer needed.

• Support for Students

 Schools should assess any harm identified by students and parents/guardians that results from a police notification and provide support. If police notification leads to an arrest, healing-centered, restorative re-entry support should be implemented upon the student's return to school. Schools can refer to the Restorative Re-Entry Toolkit (cps.edu/sel) for detailed resources.

STUDENT BEHAVIORS COVERED BY THE SCC

This section identifies the specific inappropriate behaviors for which students will receive interventions and/or consequences. The behaviors are listed in six different groups, according to the degree of disruption to the learning environment.

- Group 1 lists behaviors that are inappropriate.
- · Group 2 lists behaviors that disrupt.
- Group 3 lists behaviors that seriously disrupt.
- Group 4 lists behaviors that very seriously disrupt.
- Group 5 lists behaviors that most seriously disrupt.
- Group 6 lists behaviors that are illegal and most seriously disrupt.

Special Notes:

Individual School Rules and Academic Progress

Individual schools may develop school rules that are consistent with this SCC and may address inappropriate student behaviors not specifically included in this SCC. However, poor academic achievement is not an inappropriate behavior. The SCC and school rules may *not* be used to discipline students for poor academic progress or failure to complete in-class and homework assignments. Instead, struggling students should be considered for academic or behavioral interventions to help them improve. Also, students must not be disciplined for the parents/guardians' refusal to consent to the administration of medication.

Cellular Phones and Other Information Technology Devices²

A principal may allow students to possess cellular phones or other information technology devices by creating a school policy identifying when the items may be authorized, used, and how they must be kept. A principal may also prohibit cellular phones and other information technology devices but allow individual students to possess them for any good cause after considering a written request from a parent/guardian. If a principal denies a parent/guardian's request, the parent may appeal to the Network Chief or their designee. Unless approved by the principal, cellular phones and other information technology devices are not allowed at school.

Network Privileges and Access3

A principal may request that a student's access or privileges to the CPS network be temporarily restricted, in whole or in part, as a result of SCC violations that create an unsafe learning environment or if they prevent other students from accessing their learning. These restrictions to the CPS network should not be indefinite and should be restored as soon as possible once appropriate plans are in place to ensure ongoing safety and access for all students to the greatest extent possible.

School Dress Codes and Uniform Policies

Local School Councils may adopt a dress code policy that forbids students from wearing certain items or a uniform policy that requires students to wear a specific uniform. Dress codes and uniform policies should be gender-neutral and cannot prohibit hairstyles or head coverings historically associated with race, ethnicity, religion or hair texture, including, but not limited to, protective hairstyles such as braids, locks, and twists. Students who fail to follow a school's dress code or uniform policy may be given detentions or excluded from extracurricular activities, but may not be barred from attending class. A student may receive additional consequences for violating a school's dress code or uniform policy if the student's dress disrupts

² These include, but are not limited to: computers, cellular phones used to exchange or access information, pagers, and personal digital assistants or handheld devices, that are used to access the internet, electronic mail or other information sites and that may or may not be physically connected to the network infrastructure.

The CPS network means systems, computer resources, and infrastructure used to transmit, store, and review data or communicate over an electronic medium and includes, but is not limited to, the E-mail system(s), collaboration systems, databases, hardware, telecommunication devices, information systems, internet service, distance learning tools, the CPS intranet system or CPS mainframe systems, whether owned or contracted by the Board or otherwise used for school purposes. Students are subject to the requirements in the Policy on Student Acceptable Use of the CPS Network (http://policy.cps.edu/download.aspx?ID=203).

or may disrupt the educational process. For example, a student may receive a consequence for wearing clothing or accessories that display gang affiliation. This paragraph does not apply to students enrolled in Military Academies or JROTC Programs. Students enrolled in Military Academies or JROTC Programs are subject to the uniform requirements, interventions, and consequences of their specific program.

Bias-Based/Discriminatory Behavior

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bias-based behaviors, including racism and all forms of discrimination on the basis of actual or perceived membership of a protected category, are directly contrary to this and can cause physical, psychological, and emotional harm to students and interferes with their ability to learn and participate in school activities. Chicago Public Schools acknowledges its historic role in the systemic marginalization of individuals most impacted by racism, bias, and oppression. We seek to understand, disrupt, and dismantle patterns and structures of institutional bias and racism (conscious or unconscious) that create disparities or perpetuate achievement differences among students and staff. School administrators and designees should refer to the Addressing Bullying and Bias-Based Behavior Policy included in this handbook for instructions on addressing all allegations of bullying or bias-based behaviors by students. In the event that an investigation substantiates an allegation of bias-based behavior, school administrators or designees should assign relevant SCC codes, restorative interventions, applicable consequences, and seek to identify and disrupt the systems and structures in our schools that allow discrimination to occur.

Military and JROTC Programs

Board-designated military academies and other JROTC programs may enforce standards of conduct and intervention or consequences that are consistent with the military nature of those schools and programs, in addition to the standards of conduct and intervention or consequences described in this SCC. Students enrolled in a military academy who repeatedly engage in acts of gross misconduct or insubordination (student act that defies a lawful and appropriate direct order of a superior ranked officer, staff member or another student), or who repeatedly fail or refuse to wear the required military uniform, may be subject to administrative transfer by the military academy principal to another school (or in the case of a JROTC program, dismissal from the program). Prior to an administrative transfer, a conference must be held with the parents/guardians, student, military academy principal, and a designee of the Chief Executive Officer. Students who have been transferred for administrative reasons from any military academy must be accepted by their attendance area school. Students who have been given an administrative transfer to another Chicago public school or expelled from the Chicago Public Schools lose all rank and privileges at the JROTC military academies and must reapply to the JROTC program and the military academies for enrollment. Upon their child's enrollment at a military academy, parents/guardians shall be informed of the uniform policy, expectations of the military academy, and the administrative transfer policy, and shall indicate by signature their agreement to adhere to the terms of these policies.

First Amendment Consideration

Consistent with students' First Amendment rights, the Board enacted its Final Comprehensive Non-Discrimination, Sexual Harassment, Sexual Misconduct, and Retaliation Policy which enforces federally mandated protections, including those under Title VI and Title IX.

Dating Violence and Domestic Violence Statement

Any school employee who is notified by a parent, guardian or student, or who suspects that a student has been the victim of dating violence shall immediately report that information to the principal/designee. Dating violence is defined as violent, controlling, or intimidating behavior that an individual uses against a current or former dating partner. It can include emotional, physical and sexual abuse, stalking, yelling, harassing, threatening, name-calling, threats of suicide, obsessive phone calling or text messaging, extreme jealousy and possessiveness. Domestic Violence is defined as: a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the complainant; by a person with whom the complainant shares a child in common; by a person who is cohabitating with, or has cohabitated with, the complainant as a spouse or intimate partner; by a person similarly situated to a spouse of the complainant under the domestic or family violence laws of Illinois; by any other person against an adult or youth

complainant who is protected from that person's acts under the domestic or family violence laws of Illinois. To categorize an incident as Domestic Violence, the relationship between the respondent and the complainant must be more than just two people living together as roommates. The people cohabitating must be current or former spouses or have an intimate relationship.

These allegations or suspicions should be reported to the Office of Student Protections and Title IX immediately. The principal shall ensure that the student victim of dating violence or domestic violence receives appropriate support services in accordance with the Board's Policy on Domestic Violence, Dating Violence and Court Orders of Protection, Restraint or No Contact (http://policy.cps.edu/download.aspx?ID=43).

SCC and Other Laws, Policies, Rules, and Contracts

The inappropriate behaviors and range of possible consequences and interventions listed in this policy are consistent with the Illinois School Code, Board Rules and Policies, negotiated agreements, and all other applicable state and federal laws.

The SCC applies to CPS contract and performance schools.

CPS charter schools are exempt from local school board policies under Illinois law (105 ILCS 5/27A). Charter schools may choose to adopt the SCC or establish their own discipline policies. Charter schools are not exempt from federal and most state laws, the Individuals with Disabilities Education Act (IDEA) or from federal and state regulations as they pertain to discipline of students with disabilities/impairments. If a charter school establishes its own discipline policy, it must incorporate language from and comply with the guidelines for suspension and expulsion of students with disabilities/impairments outlined in this policy. Charter schools must also comply with policies and procedures established by the Office of Diverse Learner Supports and Services for the discipline of students with disabilities. Students expelled from charter schools should contact the Department of Student Adjudication at (773) 553-2249 for assistance in enrollment into a school post-charter expulsion.

Corporal punishment is expressly prohibited. Chicago Board of Education Rule 6-21 states: "No employee of the Board of Education may inflict corporal punishment of any kind upon persons attending the public schools of the City of Chicago."

An overt display of gang affiliation means any act (e.g., wearing clothing or paraphernalia, displaying gang signs, symbols, and signals) that signifies or exhibits affiliation with a gang. Gang activity and overt displays of gang affiliation can be implied from the character of the acts and the circumstances surrounding the misconduct. ADDRESSING BULLYING AND BIAS-BASED BEHAVIORS

<u>Purpose</u>

The Illinois General Assembly has found that a safe and civil school environment is necessary for students to learn and achieve. Bullying and bias-based behaviors are directly contrary to this and can cause physical, psychological, and emotional harm to students and interferes with their ability to learn and participate in school activities. It is the goal of the Chicago Board of Education ("Board") to create a learning environment in all its school communities where all students feel safe and supported, are protected from bullying and bias-based harm, and are able to succeed academically as well as develop socially and emotionally into responsible, caring individuals.

The Board asks every Chicago Public School ("CPS") student, with the support of their parent(s), guardian(s), and the adults at school, to commit to the following principles, which will apply to everyone on school property and at school-related activities:

- I will not bully or intentionally harm others.
- I will try to help anyone I suspect is being bullied or harmed.
- I will work to include students who are left out.
- If someone is being bullied or harmed, I will tell an adult at school and an adult at home.

Scope

Bullying and bias-based behaviors are contrary to a number of local, state, and federal laws and statues. This Policy protects CPS students against interpersonal harm from bullying and bias based behaviors. The Board recognizes a number of protected categories in its Final Comprehensive Nondiscrimination Policy. Please see the definition section below or in the CPS Non-discrimination Policy for the full list of protected categories. Additionally, the Board recognizes the particular vulnerability of students with actual or perceived disabilities and those who identify as or are perceived to be lesbian, gay, bisexual, or transgender. Nothing in this Policy is intended to infringe upon any expression protected by the First Amendment to the United States Constitution or Section 3 of Article I of the Illinois Constitution.

³⁸ Behaviors targeted at sex, gender, sexual orientation, gender identity, gender expression or other protected categories must be reported to the Office of Student Protections and Title IX.

This Policy is based on the engagement of a range of school stakeholders, including students and parents/guardians. The Board or its designee will re-evaluate this Policy every two (2) years based on an assessment of its outcomes and effectiveness, including, but not limited to, factors such as the frequency of victimization; student, staff and family observations of safety at school; identification of areas of a school where bullying or bias-based behaviors occurs; the types of bullying or bias-based behaviors utilized; and bystander intervention or participation. The information developed will be made available on the District's website.

Bullying and bias-based behaviors are prohibited and are considered a violation of the CPS Student Code of Conduct and subject to discipline:

- (1) during any school-sponsored or school-sanctioned program or activity;
 - (2) in school, on school property, on school buses or other Board-provided transportation, and at designated locations for students to wait for buses and other Board-provided transportation ("bus stops");
 - (3) through the transmission of information from a CPS computer or computer network, or other electronic school equipment;
 - (4) when communicated through any electronic technology or personal electronic device while on school property, on school buses or other Board-provided transportation, at bus stops, and at school-sponsored or school-sanctioned events or activities;
 - (5) when it is conveyed that a threat will be carried out in a school setting, including threats made outside school hours with intent to carry them out during any school-related or sponsored program or activity or on Board-provided transportation;
 - (6) when it is a Student Code of Conduct ("SCC") Group 5 or 6 behavior that occurs off campus but most seriously disrupts any student's education.

Definitions

"Bias-Based Behavior" is any physical, verbal, nonverbal, or other act or conduct, including communications made in writing or electronically, directed toward a member or perceived member of a protected category within the school community that is of a discriminatory or harmful nature.

"Bullying" means any physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students, and meets all of the following criteria. *Note: if the behavior or part of the behavior is bias-based or targeted at a member of a protected category please see the responding to bias-based behaviors guidelines.*

- An observed or perceived imbalance of power exists between the person(s) engaging in the bullying behavior(s) and the targeted student(s).
- The behaviors are severe or pervasive (repeated over time), or there is a high likelihood that behaviors will be repeated. While bullying is often characterized by repeated acts, sometimes a single incident constitutes bullying depending on the severity and if other elements of bullying are present.
- 3) The intent of the person(s) engaging in the behavior is to cause physical or emotional harm to the targeted student(s).
- 4) The behavior has or can be reasonably predicted to have one or more of the following effects:
 - (a) placing the student in reasonable fear of harm to the student's person or property;
 - (b) causing a substantially detrimental effect on the student's physical or mental health;
 - (c) substantially interfering with the student's academic performance; or
 - (d) substantially interfering with the student's ability to participate in or benefit from the services, activities, or privileges provided by a school.

Bullying may take various forms, including without limitation, one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. Knowingly making false accusations of bullying will be investigated and will be treated as bullying behavior that is

<u>subject to discipline under the Student Code of Conduct.</u> This list is meant to be illustrative and non-exhaustive.

"Cyberbullying" means using information and communication technologies to bully. This definition includes cyberbullying by means of technology that is not owned, leased, or used by the school district when an administrator or teacher receives a report that bullying through this means has occurred. This Policy does not require a district or school to staff or monitor any non-school-related activity, function, or program.

"Discrimination" is treating an individual less favorably because of their actual or perceived membership in one or more of the Protected Categories.

"Harassment" is any unwelcome verbal, nonverbal, visual, or physical conduct that is based on an individual's actual or perceived membership in one or more of the Protected Categories, as defined in the Final New Comprehensive Non-discrimination, Harassment, Sexual Harassment, Sexual Misconduct And Retaliation Policy, that is persistent, pervasive, or severe and objectively offensive and unreasonably interferes with, limits, or denies an individual's educational or employment access, benefits, or opportunities. Unwelcome conduct may include, but is not limited to, bullying, intimidation, offensive jokes, slurs, epithets or name calling, assaults or threats, touching, ridicule or mockery, insults or put-downs, offensive objects or pictures, messages sent via email, text or social media, sexual advances, requests for sexual favors, conduct of a sexual nature, or any other sex-based conduct.

"Microaggressions" are the everyday verbal, nonverbal, and environmental slights, snubs, or insults, whether intentional or unintentional, which communicate hostile, derogatory, or negative messages to target persons based solely upon their actual or perceived Protected Category membership such as race, sexual orientation, and gender identity (Adapted from Wing Sue, Derald. "Racial Microaggressions in Everyday Life," 2010).

"Protected Categories" are an individual's actual or perceived sexual orientation, gender or sex (includes gender identity, gender expression, pregnancy, childbirth, breastfeeding, and pregnancy related medical conditions), race or ethnicity, ethnic group identification, ancestry, nationality, national origin, religion, color, mental or physical disability, age (40 and above), immigration status, marital status, registered domestic partner status, genetic information, political belief or affiliation (not union related), military status, unfavorable discharge from military service, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state or local law, ordinance, or regulation.

"Peer Conflict" means disagreements and oppositional interactions that are situational, immediate, and developmentally appropriate. Conflicts arise when two or more students with relatively similar observed or perceived power have differences in opinion or perspectives. When school employees are aware of peer conflict, they are expected to guide students in developing new skills in respectful communication, personal boundaries, and peaceful conflict resolution.

"Racial Discrimination" is any distinction, exclusion, restriction or preference based on race, color, community, national or ethnic origin which has the impact of nullifying or impairing the recognition, enjoyment or exercise, of a right to an equitable educational experience and fundamental freedoms in the social, economic, cultural, political, and linguistic aspects of school, school and district life (Adapted from United Nations, 2019).

"Retaliation" means any form of intimidation, reprisal, or adverse action or change to educational program or activity taken against a student for having made a complaint or report of bullying or bias based behaviors whether made internally or externally with federal, state, or local agency, or for participating, aiding, or refusing to participate in an investigation, proceeding, or hearing related to a report or complaint of bullying or bias based behaviors. Retaliation is considered to be a form of bullying and is prohibited according to

this policy. All substantiated allegations of retaliation are subject to discipline under the Student Code of Conduct.

"Restorative Practices" means a continuum of school-based alternatives to exclusionary discipline that are adapted to the particular needs of the school and community, contribute to maintaining school safety, protect the integrity of a positive and productive learning climate, teach students the personal and interpersonal skills they will need to be successful in school and society, serve to build and restore relationships among students, families, schools, and communities, and reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs. Restorative practices are ways of pro-actively developing relationships and community, as well as repairing community when harm is done. After conflict or harm, Restorative Practices provide a way of thinking about, talking about, and responding to issues and problems by involving all participants to discuss their feelings and opinions, identify what happened, describe how it affected everyone, and find solutions to make things better.

Preventing Bullying and Bias-Based Behaviors

All CPS principals and staff shall work to develop safe and supportive school environments that prevent bullying and bias-based behaviors through:

- Developing supportive school climate strategies, including clear expectations and share agreements to guide interactions between students, and between staff and students.
- Teaching all students social and emotional skills and establishing classroom and school-wide practices that promote relationship-building, including teaching all school stakeholders to speak out when they see or hear bullying, degrading language, and bias or prejudice.
- Establishing predictable responses and effective disciplinary practices that address root cause, teach skills, build empathy, and repair harm. Ensure all students, staff, and stakeholders know how your school plan to respond to bullying and harassment.
- Committing to welcoming and inclusive practices that center belonging, affirm cultural differences, and address and support the transformation of bias-based harm

Addressing Allegations of Bias-Based Behavior

Intervening to Address Bias-Based Behavior

School based staff who witness or become aware of bias-based behaviors must immediately take the following steps:

- Establish the safety of everyone involved. Note: If there is concern around the necessity to involve law enforcement please see the Police Notification section of the SCC.
- Denounce the bias-based behavior as unacceptable to the values of Chicago Public Schools as well as being contrary to board policy.
- 2. Notify the CPS Office of Student Protections (OSP).

For further resources, tools, and directives please refer to the OSP Transforming Bias-Based Harm Protocols at cps.edu/osp.

Reporting Bias-Based Behavior

School-based staff who witness or become aware of must report any and all instances of bias-based behaviors to the principal who must complete an Aspen Report and answer the question regarding bias-based harm.

Students who experience or witness bias-based behaviors are to report these to a school-based staff member. Alternatively, students can make reports directly to the Office of Student Protections and Title IX in the following ways:

- Online: Complete and submit a complaint form located at cps.edu/osp
- Via Email: Submit complaints to civilrights@cps.edu.
- Via Telephone: Submit complaints to 773-535-4400.

26

 In Person or By Mail: Submit complaints directly to OSP in person or via USPS mail to 110 N. Paulina St., Chicago, 60612.

Steps for Investigating Biased-Based Behavior

Please note that it is important to follow these steps as well as to refer to OSP's Transforming Bias-Based Harm Protocols, which include the comprehensive overview of CPS' District Response to Bias-Based Behavior as well as a school-based staff document link at cps.edu/osp.

- (1) Establish the present safety of everyone involved as well as plan for continued safety in the process.
- (2) Notify parents/guardians of all involved students.
 - Within one school day of receipt of a report of bias-based behavior, the Principal or Principal Designee shall report to the parent/legal guardian of all involved students the occurrence of any alleged incident of bias-based behavior and follow the guidelines provided in OSP's Transforming Bias-Based Harm Protocols and shall document these notifications in the District student information system.
 - Notifications should be made privately to students directly involved and their parent guardians.
 - iii. When incidents have a larger impact on the school community, the Principal or Principal Designee shall provide clear communication to students, staff, and parents to reinforce school-wide expectations of a climate centering belonging, respect, and affirmation of cultural difference.
- (2) Document all allegations of bias-based behaviors
 - a. School based staff who witness or become aware of must report any and all instances of bias based behaviors to the principal who must complete an Aspen Report and answer in the affirmative the question related to bias-based and discriminatory behavior within one school day
 - Staff unable to access Aspen or for any questions or assistance, may contact OSP at 773-535-4400 or civilrights@cps.edu.
- (3) Conduct an investigation as directed by OSP.
 - a. After OSP is notified of biased-based behavior through an ASPEN or a direct report OSP will review the report, determine if it will be accepted as an investigation, and if applicable the type of investigation as well as provide guidance for student support:
 - i. OSP Investigation: For severe, complex, or pervasive incidents/civil rights issues an OSP investigator will be assigned to investigate the incident. An OSP investigator will respond to the school upon the OSP's decision to open the report for an OSP investigation. The OSP investigator will need access to the Student Protections School Representative, access to all parties/students involved, a private location for interviews, and all relevant evidence and documents.
 - iii. School-Based Investigation: When OSP deems an investigation is able to be carried out at the school level OSP will ask the school and its Student Protections School Representative to conduct a school-based investigation. School-based investigations are led by school administrators and/or Student Protections School Representatives. OSP will provide the school guidance. A school must not conduct an investigation unless directed to do so by OSP.
 - iii. Resolution Timeframe: Investigations will be completed promptly although some investigations take weeks or even months, depending on the nature, extent, and complexity of the allegations, availability of witnesses, police involvement, etc.
 - OSP will make a good faith effort to complete the resolution process, not including appeals and discipline, within a ninety (90) calendar day time period, which can be extended as necessary for appropriate cause by the Title IX Coordinator or Designee with notice to the parties as appropriate.
 - School-based investigators will make a good faith effort to complete the investigation process after direction from OSP, not including appeals, within ten (10) calendar days which can be extended as necessary for appropriate cause by the school administrator with notice to the parties as appropriate.

- b. Supportive Measures: In all incidents, the District will coordinate with schools to provide the parties with supportive measures which are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the parties per the Transforming Bias Based Harm Protocols.
- (4) Make a determination whether allegation of bias-based behavior is substantiated or not and document determination.
 - a. OSP Investigation: OSP investigator will consider whether the behavior qualifies as an inappropriate behavior listed in the SCC and according to the definitions listed in this policy, the comprehensive nondiscrimination policy, and the Transforming Bias-Based Harm Protocols and will prepare a written outcome determination of the cases substantiation status. If the investigation determines a student engaged in bias-based behaviors and/or other inappropriate behaviors listed in the SCC, a written outcome determination will be prepared and the finding will be communicated to the school Principal/Designee.
 - b. School-Based Investigation: Principal/Designee shall consider whether the behavior qualifies as an inappropriate behavior listed in the SCC and according to the definitions listed in this policy as a substantiated and will prepare a written outcome determination. The Principal/Designee shall ensure the investigation and findings (whether the reported behavior is substantiated or not substantiated) are documented in the District student information system.
 - c. If any investigation determines a student engaged in bias-based behaviors and/or other inappropriate behaviors listed in the SCC, the Principal/Designee shall prepare a Misconduct Report.
- (5) Notify all involved parties of the outcome of the investigation.
 - a. OSP Investigation: Upon the completion of the investigation OSP will issue outcome letters to the involved students and their parent/legal guardian of the investigation status, findings, and next steps including but not limited to potential discipline by the Principal for substantiated SCC violations.
 - b. School Based Investigation: Upon the completion of the investigation, the school administrator will issue a written outcome determination to all parties stating whether the investigation was substantiated or unsubstantiated. If the case is substantiated, the school administrator will communicate any consequences pursuant to the Student Code of Conduct to student(s) determined to have engaged in SCC violations and their parents/guardians.
 - c. Regardless of the outcome of the investigation, the District will take steps to prevent the recurrence of bias-based and discriminatory behavior, as well as all misconduct covered herein, and correct any discriminatory effects on all impacted parties as appropriate.

Addressing Allegations of Bullying Behaviors

Preventing Bullying

All CPS principals and staff shall work to develop safe, supportive school environments that prevent bullying through:

- Developing supportive school climate strategies, including clear expectations and share agreements to guide interactions between students, and between staff and students.
- Teaching all students social and emotional skills and establish classroom and school-wide practices that promote relationship-building, including teaching all school stakeholders to speak out when they see or hear bullying, degrading language, and bias or prejudice.
- Establish predictable responses and effective disciplinary practices that address root cause, teach skills, build empathy, and repair harm. Ensure all students, staff, and stakeholders know how your school plan to respond to bullying and harassment.

Intervening to Address Bullying

A. Responsibilities of CPS Employees and Contractors

All CPS employees and contractors, including security officers, lunchroom staff and bus drivers, who witness incidents of bullying or school violence or who possess reliable information that would lead a reasonable person to suspect that a person is a target of bullying, must:

- (1) intervene immediately in a manner that is appropriate to the context and ensures the safety of all people involved:
- (2) report the incident of bullying or retaliation to the Principal/Designee as soon as practicable, but within 24 hours, on the CPS Bullying Complaint Form (Attachment A); and
- (3) cooperate fully in any investigation of the incident and in implementing any safety plan established by the Principal/Designee.

B. Responsibilities of Students, Parents and Guardians

No student who witnesses bullying may stand by or participate in the bullying, but must notify an adult at school and an adult at home as quickly as practicable. Any parent or guardian who witnesses or is notified of bullying has an obligation to advise the Principal/Designee as quickly as practicable. Reports can be made to any CPS employee or contractor in person, by completing Attachment A and submitting it to the Principal/Designee, by calling the CPS Parent Support Center at (773) 553-3772, or by emailing BullyingReport@cps.edu. Anonymous reports will be accepted by the Principal/Designee. No disciplinary action will be taken on the sole basis of an anonymous report.

C. Steps for Investigating Bullying Reports

- (1) Ensure safety. The Principal or their designee will provide immediate support to any targeted student(s) to ensure safety. If there are overt or implied risks of safety, follow the steps in the CPS Crisis Manual, including immediately notifying the CPS Student Safety Center and the school's Network office. Alleged behaviors targeted at sex, gender, sexual orientation, gender identity, or gender expression should be reported immediately to the Office of Student Protections and Title IX for assistance and support: (773) 535-4400.
- (2) Notify parents/guardians of all involved students. Within one school day of receipt of a bullying report, the Principal/Designee shall report to the parent/legal guardian of all involved students, via telephone, personal conference and/or in writing, the occurrence of any alleged incident of bullying, and shall document these notifications in the District student information system.
 - Notifications should be made privately to students directly involved and their parent/legal guardians.
 - b. Additionally, when incidents have a larger impact on the school community, the Principal/Designee shall provide clear communication to students, staff and parents to reinforce school-wide expectations and a climate of respect and inclusion.
- (3) Document all allegations of bullying. Within two school days of receiving a report of bullying, the Principal/Designee will document the allegation in the District student information system as a general incident report and document all notifications made.
- (4) Conduct an investigation. The Principal and/or a designee, who is knowledgeable about bullying prevention and intervention, shall perform the investigation. For guidance, contact the Law Department at (773)_553-1700.

Investigation of reported bullying shall be initiated within 5 school days of receipt of a report, documented within the incident report in the District student information system, and completed within 10 school days, unless the Principal grants in writing an additional 5-day extension due to extenuating circumstances. The Principal/Designee shall document the extension in the investigation report and shall notify the parties involved.

The investigation shall include:

- a. Identifying all involved parties, including the student(s) alleged to have engaged in the bullying behaviors, alleged target(s) and bystander(s), as well as any adult who witnessed the incident or may have reliable information about it.
- Conducting an individual interview in a private setting with all involved parties. The alleged target should never be interviewed in public or with the student(s) alleged to have engaged in bullying.

- c. Determining how often the conduct occurred, any past incident or continuing pattern of behavior, and the District student information system of the behaviors on the targeted student's education.
- d. Assessing the individual and school-wide effects of the incident relating to safety.
- (5) Make a determination whether allegations of bullying are substantiated or not and document determination. The Principal/Designee shall consider whether the four elements of the bullying definition are met, or if all four elements of bullying are not present, whether the behavior qualifies as another inappropriate behavior listed in the SCC. When the investigation is complete, the Principal/Designee shall ensure the investigation and findings (whether the report of bullying is substantiated or not substantiated) are documented in the District student information system. If the investigation determines a student engaged in bullying behaviors and/or other inappropriate behaviors listed in the SCC, the Principal/Designee shall prepare a Misconduct Report.
- (6) Notify all involved parties of the outcome of the investigation. Within one day of making a determination, the Principal/Designee shall notify, in writing, the parents/legal guardians of all students involved of the outcome of the investigation. Parents/legal guardians of the students who are parties to the investigation may request a personal conference with the Principal/Designee to discuss the investigation, the findings of the investigation, the actions taken to address the reported incident of bullying, and any resources available in or outside the school to help the students address the underlying reasons for the bullying.

When communicating incidents of bullying to the targeted student's parent/guardian, the Principal/Designee should consider whether the student may want to keep certain information confidential. For example, if a student is bullied after coming out as gay, the Principal/Designee shall not disclose the student's sexual orientation to the parent/guardian without the student's permission, unless there is a legitimate, school-related reason for doing so.

If the investigation determines a student engaged in bullying behaviors, the Principal/Designee shall provide the Misconduct Report to the parent/legal guardians of the student who engaged in the behaviors. The Principal/Designee may advise the parent/legal guardian of other involved students that the Student Code of Conduct was followed. They may not advise them of specific consequences imposed, as that would violate the confidentiality of school-record information required by law.

D. Determining an Appropriate Response

The goal of the response is to ensure the targeted student feels safe and welcome, and the student engaging in bullying behaviors understands the harm they caused and changes their behavior. For guidance in determining an appropriate response, contact the Office of Social & Emotional Learning at (773) 553-1830, or see cps.edu/SEL.

- (1) Identify school risk factors and ensure a universal strategy for school climate improvement and social and emotional development. Assess and address any issues in supervision, expectations, relationship-building, and emotional learning.
- (2) Support the targeted student. Assign school staff to create and implement a plan that will restore a sense of safety for the targeted student and other students who have been impacted. Determine any other interventions that may be appropriate.

If the targeted student has a disability, the school shall convene the IEP Team to determine whether additional or different special education or related services are needed to address the student's individual needs and revise the IEP accordingly. For example, if the student's disability affects social skill development or makes the student vulnerable to bullying, the Principal/Designee shall ask the student's IEP Team to consider whether the IEP should include provisions to reduce vulnerability to bullying.

(3) Determine interventions and/or consequences that address the root cause of the students' bullying behaviors. Consider the nature of the behavior, the developmental age of the student, and the student's history of problem behaviors and performance. Follow the Student Code of Conduct and the Guidelines for Effective Discipline, and identify opportunities to teach, build empathy, and repair harm. While suspensions may be necessary in some cases to ensure the safety of the targeted student, keep in mind that suspending or expelling students who bully does not reduce bullying behavior.

If the student who engaged in bullying behavior is a student with a disability, the school shall convene the IEP Team to determine if additional supports and services are needed to address the inappropriate behavior and develop the student's social and emotional skills. The team may also consider examining the environment in which the bullying occurred to determine if changes to the environment are warranted. For example, the IEP Team should consider a behavior intervention plan for the student or review a current behavior intervention plan and revise if necessary. The Principal/Designee shall comply with the Procedural Safeguards for Discipline of Students with Disabilities/Impairments when considering interventions and consequences for students with disabilities.

Contact the Office of Social & Emotional Learning for school-wide climate and skill-building practices that prevent bullying, and the CPS Law Department for more information about the appropriate and legal consequences for student misconduct.

(4) For incidents that impact the larger school community, provide opportunities in safe, structured environments for affected students, staff, and/or parents to speak about the incident, its impact, and what is needed to repair the harm.

E. What Not To Do:

- Solicit an apology from the student who engaged in bullying to the targeted student or mandate a public
 apology, use peace circles, victim/offender conferences, or any form of mediation that puts the student
 who engaged in bullying in contact with the targeted student in an immediate attempt to resolve the
 bullying. Restorative measures may be helpful to repair relationships between the student who
 engaged in bullying and targeted student, but only if used after other interventions have balanced the
 power differential between the perpetrator and target.
- Dismiss bullying as typical student behavior or assume it is not serious.

<u>Appeal</u>

Any party who is not satisfied with the outcome of the investigation may appeal to the Office of Student Protections and Title IX, or OSP (telephone: (773) 535-4400), within 15 calendar days of notification of the Principal's decision. OSP shall render a final determination in accordance with the timeline and procedures set out in the anti-bullying appeal guidelines established by OSP. OSP may return the incident to the Network Chief, Principal or their designees for further investigation or reconsideration of the consequence(s), direct the imposition of other consequence(s), or deny the appeal. OSP shall notify the party requesting the appeal and the Principal that its decision is final and shall document that notification in the Incident Report in the District student information system.

Consequences for CPS Employees and Contractors

When it is determined that an employee or contractor was aware that bullying and bias-based and discriminatory behavior was taking place but failed to report it, the employee/contractor will be considered to have violated this Policy. The Principal shall consider employee discipline for such violations, making reference to any applicable collective bargaining agreement. Remedies for offending contractors should be imposed according to their Board contracts.

Notice and Dissemination of Requirements

Principals shall follow the requirements established by the Office of Social & Emotional Learning for posting this Policy on the school's website, in the school building as well as disseminating and presenting this Policy to school staff as part of pre-school-year professional development.

Training and Professional Development

Staff

Professional development will be offered to build the skills of all CPS employees, contractors and volunteers to implement this Policy. The content of such professional development shall include, but not be limited to:

- Developmentally appropriate strategies to prevent incidents of bullying and bias-based and discriminatory behavior and to intervene immediately and effectively to stop them;
- Information about the complex interaction and power differential that can take place between and among a perpetrator, target, and witness to the bullying and bias-based and discriminatory behavior;
- Research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk, and any specific interventions that may be particularly effective for addressing bias-based bullying; and
- 4. Information about Internet safety issues as they relate to cyberbullying.

Student Internet Safety Education

In accordance with the Board's Internet Safety Policy (http://policy.cps.edu/download.aspx?ID=261), each school shall incorporate into the school curriculum a component on Internet safety to be taught at least once each school year to all students. The Chief Officer of Teaching and Learning or designee, shall determine the scope and duration of this unit of instruction and topics covered. At a minimum, the unit of instruction shall address: (a) safety on the Internet; (b) appropriate behavior while online, on social media platforms and in chat rooms; and (c) cyberbullying awareness and response. The age-appropriate unit of instruction may be incorporated into the current courses of study regularly taught. Schools shall satisfy the documentation requirements established by the Chief Officer of Teaching and Learning or designee to ensure compliance with this curricular requirement.

PROCEDURAL SAFEGUARDS FOR DISCIPLINE OF STUDENTS WITH DISABILITIES/IMPAIRMENTS⁴⁰

School officials may suspend students with disabilities/impairments and cease educational services for a total of up to 10 consecutive or 10 cumulative school days in one school year without providing procedural safeguards. Saturday, and before- and after-school detentions do not count toward the 10-day limit. Additionally, if students with disabilities continue to participate in the general education curriculum, continue to receive their IEP services, and continue to participate with non-disabled peers to the same extent as specified in the IEPs, in-school suspensions and lunch detentions do not count toward the 10-day limit. Administrators are not required to suspend students with disabilities for the recommended periods set forth in this Code for a single incident. Specifically, the Principal or their designee has discretion to suspend students with disabilities fewer days than set forth for a single incident. Federal regulations offer some flexibility in suspending students with disabilities in excess of 10 school days in the school year in certain circumstances. In order to determine whether the circumstances permit a suspension in excess of 10 days per school year, consultation by the school with the Office of Diverse Learners Supports and Services, the 10 school day limit on out of school suspensions will continue to apply.

When school officials anticipate a referral for expulsion, including referrals requesting emergency assignment pursuant to the CPS SCC, the following apply:

1. School must provide written notice to the parent/guardian or surrogate parent of the request for an expulsion hearing and the date of an Individualized Education Program (IEP) Manifestation Determination Review (MDR) meeting, which must be held within 10 school days of the date of the decision to request the expulsion hearing. School must also provide parent/guardian/surrogate parent with a written copy of the Notice of Procedural Safeguards.

2. The IEP team must:

- A. Determine whether the misconduct is related to the student's disability by reviewing all current and relevant information, including evaluation and diagnostic results, information from the parent/guardian, observations of the student, and the student's IEP. The behavior is a manifestation of the student's disability if:
 - 1) the conduct in question was caused by the student's disability or has a direct and substantial relationship to the student's disability; and/or
 - 2) the conduct in question was the direct result of the school's failure to implement the student's IEP.
- B. Review, and revise if necessary, the student's existing behavior intervention plan or develop a functional behavior assessment and behavior intervention plan (FBA/BIP) to address the misconduct. The behavior intervention plan must address the misconduct for which the student is being disciplined.

If the student's behavior is not a manifestation of the disability, school officials may apply the SCC, taking into consideration the student's special education and disciplinary records. In no event, however, may the student be suspended for more than 10 consecutive or cumulative school days in a school year without providing appropriate educational services.

If the student's behavior is a manifestation of the disability, a disciplinary change in placement (expulsion) cannot occur. Students with disabilities, even if expelled, must be provided with an appropriate education in an alternative educational setting.

All MDRs are subject to legal review by the Department of Procedural Safeguards and Parental Supports.

34

 $^{^{}m 40}$ All procedural safeguards contained in the SCC and this Appendix are equally applicable to those students with §504 plans.

EXPULSION HEARING AND EMERGENCY ASSIGNMENT GUIDELINES

Request for Expulsion Hearing

- Expulsion is the removal of a student from school for 11 or more consecutive days, up to a maximum
 of two calendar years.⁴¹
- If a student's inappropriate behavior falls within Group 5 of the SCC, a school principal may request an
 expulsion hearing for the student. A school principal may also request assignment to an intervention
 program.
- If a student's inappropriate behavior falls within Group 6 of the SCC, the incident will be automatically referred for Department of Student Adjudication review for a student in 6th through 12th grade or for any student violating section 6-1; a school principal *may* request an expulsion hearing for a student committing any other Group 6 behavior.
- The CEO's designee will review the expulsion hearing request and determine whether to refer the student to the Law Department for an expulsion hearing, assign the student to an intervention program, or refer the student back to the school for intervention/support.

Emergency Assignment to Interim Alternative Education Setting

- Students who commit Groups 5 or 6 misconducts may be assigned to an interim alternative education setting on an emergency basis ("emergency assignment") while a request for an expulsion hearing is pending without being given the opportunity for a hearing before an independent hearing officer.
- Requests for emergency assignment must be approved, facilitated, and implemented by the CEO's designee. The CEO's designee may request additional information when considering requests for emergency assignment.
- General education students may be placed in an interim alternative education setting if their presence
 at the home school poses a continuing danger to people or property, or an ongoing threat of disruption
 to the academic process. The student will be assigned to the Safe Schools Alternative Program until
 the expulsion final determination is issued.
- Students with disabilities may be placed in an interim alternative educational setting for a maximum of
 45 school days, even in instances where the student's misconduct is ultimately determined to be a
 manifestation of his or her disability. Students with disabilities may be referred for emergency
 assignment when in possession of weapons or drugs, or for inflicting serious bodily injury on another
 person while on school grounds or at a school-sponsored event. The parent or legal guardian may
 request a due process hearing to challenge the emergency assignment.

Expulsion Hearing Procedures

- The Law Department will schedule expulsion hearings and send parents/guardians a notice letter. The
 notice will provide a description of the incident, the date of the incident, the SCC inappropriate behavior
 code(s), and the place, time and date for the expulsion hearing. The notice will be sent by registered
 or certified mail, or by personal delivery.
- Before the hearing, school principals are responsible for assisting the Law Department with case
 preparation by identifying witnesses and relevant documents, and reviewing all documentation
 regarding the incident to ensure it is complete, accurate, and properly written.
- The hearing will be conducted before an independent hearing officer. The Chief Executive Officer's
 representatives will call witnesses to testify and introduce documents regarding the incident. The
 student may also call witnesses to testify and introduce documents regarding the incident.

Expulsion Final Determination

- After the hearing, the hearing officer will make a recommendation for intervention or discipline, up to expulsion for a set term of up to two calendar years.
- The hearing officer's recommendation may be modified on a case-by-case basis by the Chief Executive Officer or designee.

⁴¹ This definition does not apply to exclusion of a student from school for failure to comply with immunization requirements or temporary emergency placement.

- If a student is expelled, alternative program placement may be offered for the period of the expulsion.
- The hearing officer may recommend that the student attend an intervention program in lieu of
 expulsion. A recommendation to intervention is subject to approval by the Chief Executive Officer or
 designee. A student who is recommended for participation in the intervention program in lieu of
 expulsion but who fails to successfully complete the program shall be expelled.
- During a term of expulsion, students may not participate in extracurricular activities or school-sponsored
 events, with the exception of activities or events sponsored by the student's alternative program.

Transition when Expulsion Complete

- When a term of expulsion is completed, the student will be transferred to their home school.
- For students attending the Safe Schools Alternative Program, a transition meeting, including the student, parents/guardians, alternative school staff members, and home school staff members, will be scheduled to discuss the student's transition back into the home school environment.

PERMANENT DEBARMENT OF MARCOS CONTRERAS

THE CHIEF OPERATING OFFICER REPORTS THE FOLLOWING RECOMMENDATION:

That the Board of Education of the City of Chicago ("Board") permanently debar Marcos Contreras ("Respondent") from doing any business with the Board.

The Board's Chief Procurement Officer mailed a Notice of Proposed Debarment to Respondent on October 5, 2021 initiating debarment proceedings against Respondent based on Section 2(i)(9) and (k) of the Board's Debarment Policy, CPS' Comprehensive Non-Discrimination Title IX and Sexual Harassment Policy, and the Guidelines Regarding Maintaining Professional Staff/Student Boundaries in effect at the relevant time, for Respondent's inappropriate conduct and remarks towards students. Respondent was found to have made sexual advances or attempts to flirt with students, inappropriate comments, inappropriate touching, and to target particular students for attention or friendship beyond the normal staff member-student relationship. Respondent submitted a written response on November 22, 2021. Respondent's written response failed to respond to each specific allegation, failed to produce any documents to support his assertions, and failed to make a compelling argument for an in-person hearing. As such, all allegations in the Notice are deemed admitted. See Debarment Policy, \$4(d). The Interim Chief Operating Officer has reviewed the record (as defined in Section 4.5(10) of the Debarment Policy), including OIG Investigative Report No. 19-02400, and recommends permanent debarment.

Based on the facts set forth in the record as defined in Section 4.5(10) of the Board's Debarment Policy, the Interim Chief Operating Officer recommends that the Board permanently debar Respondent from doing any business with the Board effective immediately. All existing contracts between the Board and Respondent are terminated. Respondent is ineligible to act as a subcontractor or supplier to any existing or future Board contracts.

TERM:

The term of this agreement shall commence on July 1, 2022 and shall end on August 31, 2024. This agreement shall have one (1) option to renew for a period of one (1) year.

EARLY TERMINATION RIGHT:

The Board shall have the right to terminate this agreement with 30 days written notice.

SCOPE OF SERVICES:

In FY19, CSI was awarded a 5 year extension for 25 Nita M. Lowey 21st Century Community Learning Centers funded schools. American Institutes for Research (AIR) is completing the external evaluation granted through the extension. The remaining two years of the grant for these 25 schools will focus on Implementation Analysis through case studies and Impact Analysis while annually reviewing the key performance indicators. The key performance indicators (a) assess whether CSI schools are making strides in improving implementation and (b) gauge if youth enrolled in programming are improving on key school-related outcomes. There are three primary categories for the key CSI performance indicators: (a) implementation metrics, (b) program attendance metrics, and (c) outcome metrics. The outcome metrics will examine improvement in student academic achievement based on grades and NWEA MAP scores, school-day attendance, and responses to key 5Essentials survey scales, like emotional health and psychological sense of school membership as described in the proposed grant goals and objectives. These indicators will be calculated annually at the school-level based on data resulting from the CQIP, program attendance data collected in CitySpan, and school records maintained by CPS. Both AIR and Diehl Consulting will be involved in the calculation of the key performance indicators.

DELIVERABLES:

Case Studies: The work AIR has done on assessing implementation of the community school strategy has indicated that the resource coordinator and the principal, either together or independently, are pivotal in how CSI is implemented at a given school. Lead partners can also play an important role in CSI implementation at some schools as well. To further understand how these roles support CSI implementation, AIR will conduct case studies in four schools that are part of the FY15 cohort.

Assessing Impact: AIR will dedicate Year 2 of the project (grant year 5) to conducting a rigorous assessment of the degree to which CSI schools are having an impact on academic achievement, youth perceptions of school, and school-related behaviors (e.g., achievement, school-day attendance, and youth perceptions reported on the essentials survey).

Annual Evaluations: AIR will complete the grant required annual evaluations due to ISBE each fiscal year.

OUTCOMES:

Vendor's services will result in:

Ongoing Meetings: To ensure the evaluation tasks and deliverables remain on track, the evaluation team will meet with CPS CSI staff on a biweekly basis to assess progress, discuss findings, and troubleshoot any issues or problems that may arise. In addition, the evaluation team will also meet biannually with the EAG consisting of CPS principals, resource coordinators, lead partner agency representatives, other CPS staff, and community advocates to review evaluation plans and findings and provide feedback on what steps can be taken to improve evaluation processes and capitalize more effectively on evaluation findings.

Annual Reports. Results from each year of the evaluation will be summarized in annual reports that present a broader perspective on the evaluation. Each annual report will include findings related to implementation efforts, results from surveys, and performance on key performance indicators adopted for the initiative. In addition, the evaluation team will share any recommendations for improvement relating to implementation fidelity or initiative outcomes. A full list of data elements needed to support evaluation activities related to the annual reports can be found in Appendix A.

Presentation of Findings. At the end of Years 1 and 2, AIR will provide an in-person presentation of findings, including a set of field-friendly materials for broader dissemination within CPS. AIR will work with CPS CSI staff to make determinations on the types of materials that would be most useful, but these will likely include a public-facing slide deck summarizing the evaluation approach and findings and executive summaries for the Year 1 and Year 2 reports.

COMPENSATION:

Vendor shall be paid as follows: Estimated annual costs for the two (2) year and two (2) month term are set forth below: \$125,037 FY23 \$124,963 FY24

REIMBURSABLE EXPENSES:

None.

AUTHORIZATION:

Authorize the General Counsel to include other relevant terms and conditions in the written agreement. Authorize the President and Secretary to execute the agreement. Authorize the Chief Officer of the Office of College and Career Success to execute all ancillary documents required to administer or effectuate this agreement.
