Public Participation Guidelines are available on [www.cpsboe.org](https://www.cpsboe.org).

For the November 1, 2024 Board Meeting, advance registration to speak will be available beginning Wednesday, October 30<sup>th</sup> at 10:30 a.m. and will close on Thursday, October 31<sup>st</sup> at 10:30 a.m. Anyone interested in speaking can sign up. After the 24-hour registration period, a lottery will randomly select a set number of speakers from those who registered. Advance registration during this period is available by the following methods:

- Online: [www.cpsboe.org](https://www.cpsboe.org) (recommended)
- Phone: (773) 553-1600

To ensure equity of access to address the Board, an individual may not speak at back-to-back meetings and more than one meeting per month. If you register for back-to-back meetings and more than one meeting per month, you will not be included for that meeting lottery. In the event an individual registers to speak at a consecutive meeting, the individual will not be called to address the Board.

Advance registration to observe will also be available beginning Wednesday, October 30<sup>th</sup> at 10:30 a.m. and will close on Thursday, October 31<sup>st</sup> at 5:00 p.m. or until all slots are filled. Advance registration during this period is available by the following methods:

- Online: [www.cpsboe.org](https://www.cpsboe.org) (recommended)
- Phone: (773) 553-1600

Although Advance Registration is recommended, you can also register to observe a meeting on the day of a Board Meeting via:

- Same Day in Person Observer Registration: Colman CPS Administrative Office, 4655 South Dearborn
- Registration Time: Opens at 10:15 a.m. and will remain open for the duration of the Board Meeting

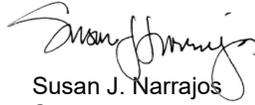

Same Day, In-Person Observer Registrations are taken on a first come, first serve basis as seats become available.

# Speaker Registration and Participation

## Advanced Speaker Registration Open Period

- Unless otherwise noted in the notice for the Board meeting, Advance Speaker Registration Open Period opens 48 hours before the meeting. This usually means registration opens at 10:30 a.m. on the Monday before a Wednesday Committee meeting and on the Tuesday before a Thursday Regular Board meeting.
- The Advance Registration Open Period will remain open for a 24 hour period.

## How to Register

- Online: Visit [www.cpsboe.org](http://www.cpsboe.org) (recommended)
- Phone: Call (773) 553-1600

## Randomized Lottery for Speaker Selection

In order to provide more equity of voice during the public participation segment, a randomized lottery will be conducted to select speakers for any meeting where the number of registered speakers exceeds the number of slots available.

- Randomized Selection: During a 24 hour registration period, anyone interested in speaking can sign up. After this time, a lottery will randomly select a set number of speakers from those who registered. For example, if 100 people register, the lottery might select 30 of them to speak. This process gives everyone a fair chance to address the Board.
- Number of Speakers: The Board will allocate no more than 30 speaking slots to members of the general public to speak to the Board.
- Notifications: After the lottery, you'll receive an email confirming whether or not you've been selected to speak. Instructions for participating in the meeting will also be provided.
- Applicability: The Randomized Lottery applies to all Board Meetings where advanced registration is available. This system will not only apply to Board Meetings but also to other meetings where advanced registration is available, such as Committee meetings and Hearings.

## Participation

Speakers who registered via the Advance Registration process will have the option to attend in person at the location of the Board meeting or via electronic/telephonic means.

## Limitations on Speaking

To maintain a fair chance for speakers to address the Board, you may not speak at back-to-back meetings and you may not speak at more than one meeting per month.

- If you register for back-to-back meetings and more than one meeting per month, you will not be included for that meeting lottery. This ensures more opportunities for the public to address the Board.
- Speakers may not cede their time to another person.

## Speaker Remarks and Submissions

- Each speaker is given .two (2) minutes to present their remarks and materials to the Board. Speakers must end their presentation upon the request of the Board Secretary when their time is up to allow the next speaker to begin.
- All public presentations must be limited to issues of concern before the Board and/or related to the Chicago Public Schools.
- Comments of a personal nature, unrelated to the operations of Board or CPS, directed towards individual Board members, employees of the Board or any other individual are not permitted.
- It is the meeting chair's prerogative to limit the discussion of any speaker to allow for broad and diverse public participation.
- All speakers must adhere to the Behavior Expectations in the following section.

## Order of Speakers

The Board Secretary may group speakers according to a particular topic and may call certain speakers out of numerical order so that all comments regarding a particular topic may be heard together.

## Special Considerations

### Union Representatives and Public Officials

- Union representatives that are elected officers may address the Board.
- City, state, and federal officials may request to speak by contacting the Department of Intergovernmental Affairs at [IGA@cps.edu](mailto:IGA@cps.edu).
- Each union representative or public official is given five (5) minutes to present their remarks.
- Union representatives and public officials may not cede their time to another person.
- The Board Secretary at the discretion of the President may call city, state, and federal officials to speak at any time, as appropriate.

### Interpreters

- An interpreter will be provided for those speakers who wish to make their remarks in Spanish, and Spanish-language interpreters are available. If you need an interpreter for a different language, please notify the Board Office at least two (2) business days before the meeting.
- While speakers may choose to address the Board in Spanish, they will need to provide a written version of their statement the day prior to the meeting if they wish to have it translated into English during the meeting. Speakers who do not provide their statement in advance may still address the Board, but their statement will be translated and shared with Board Members at a later time.

### Behavior Expectations

- The Board values and welcomes courteous, respectful, and civil behavior from all speakers and all persons attending a Board meeting. The Board expects speakers to limit statements to those relating to the operations of the Board or CPS, and refrain from comments of a personal nature, unrelated to the operations of the Board and CPS. It is the meeting chair's prerogative to limit the discussion of any speaker to allow for broad and diverse public participation.
- Profane language, unsolicited comments, and disruptive behavior are prohibited. Individuals who are disruptive may be given a warning and may also be removed from the meeting, if necessary. If any individual is removed from a meeting as a result of disruptive behavior, the individual may forfeit their right of reentry to future Board meetings.

## Written Comments and Other Participation

### Submitting Written Comments

- Even if you are not selected to speak during Public Participation, you can submit written comments. Complete the Written Comments Form on the Board's website or send your comments by mail to 1 N. Dearborn, Suite 950, Chicago, IL 60602. Unless otherwise noted in the public notice for the Board meeting, written comments must be submitted between the posting of the Board meeting agenda and 5 p.m. the day after the Board meeting for consideration by Board members and inclusion in the meeting proceedings.

### Media and Recordings

- The Board records the public participation portion of each Board meeting. The Board reserves the right to edit any and all portions of the recording from each monthly meeting. These recordings are aired on local cable channels for the convenience of the public. Members of the public can copy any portion of the public participation or business portion of the meeting from the televised broadcast or from [www.cpsboe.org](http://www.cpsboe.org).
- An area of the Board Room will be designated for members of the media who wish to cover the Board meeting. This number may be limited in order to accommodate as many public participants as possible. Guidelines and requirements for media access to Board meetings are issued by the Office of Communications.

These guidelines have been developed to ensure that everyone has a fair chance to participate in Board meetings. Thank you for your cooperation and commitment to fostering a respectful and inclusive environment.

**RESCIND BOARD REPORT 91-1023-PO1  
MULTICULTURAL EDUCATION AND DIVERSITY POLICY  
AND ADOPT A NEW CULTURALLY RESPONSIVE EDUCATION AND DIVERSITY POLICY**

**THE CHIEF EXECUTIVE OFFICER RECOMMENDS:**

That the Chicago Board of Education (“Board”) rescind Board Report 91-1023-PO1 Multicultural Education and Diversity Policy and adopt a new Culturally Responsive Education and Diversity Policy to ensure that the Chicago Public Schools (CPS) system provides an inclusive and equitable education environment that reflects the diverse cultural backgrounds and experiences of all students and staff. This policy aims to foster environments where all students and staff feel valued, respected, and empowered to achieve their highest potential while requiring collective accountability for culturally responsive education, anti-racism, anti-bias, and diversity practices across the school district.

**I. SCOPE OF POLICY**

The Board is committed to promoting inclusive and equitable educational environments. This policy applies to the Board of Education, the District, and all CPS schools. The Culturally Responsive Education and Diversity (CRED) Policy mandates the integration of cultural responsiveness, linguistically responsive anti-racist, anti-bias, and diversity practices, curriculum, and professional learning across the district. The policy supports our school district in operationalizing the CPS Equity Framework by anchoring in two key dimensions of the equity lens: Liberatory Thinking, which encourages critical reflection and action to dismantle inequities, and Inclusive Partnerships, which foster collaboration and shared responsibility among all stakeholders. The policy aligns with the Illinois State Board of Education (ISBE) Culturally Responsive Teaching and Leading Standards (2021).

**II. DEFINITIONS**

**Anti-racism:** The work of actively opposing racism by advocating for changes in political, economic, and social life. Anti-racism tends to be a deliberate and proactive approach that opposes racist thoughts, behaviors, and impacts at the individual, institutional, and/or societal level (*NEA, 2024; Race Forward, 2015*). An anti-racist is someone who supports anti-racist policies through their actions or expresses anti-racist ideas. (*Kendi, 2019*).

**Anti-bias:** An anti-bias approach is the act of analyzing and making sense of individual histories, identities, attitudes, or stereotypes that affect one’s understanding, actions, and decisions while explicitly working to end all forms of bias and discrimination, including mitigating implicit bias.

**Culturally Responsive Education:** Empowering the cultures, languages, and identities of each student and CPS stakeholder through instructional and operational change initiatives, processes, and outcomes using cultural references and experiences to interrupt systems of oppression and racism with a focus on Black, Brown, Indigenous, and other most impacted communities.

**Diversity:** Diversity includes all the ways in which people differ, and it encompasses all the different characteristics that make one individual or group different from another. A broad definition includes not only race, ethnicity, and gender - the groups that most often come to mind when the term "diversity" is used - but also age, national origin, religion, disability, sexual orientation, socioeconomic status, education, marital status, language, and physical appearance. It also involves different ideas, perspectives, and values (*UC Berkeley, 2018*).

**Equity:** Championing the individual cultures, identities, talents, abilities, languages, and interests of each student by ensuring they receive the necessary opportunities and resources to meet their unique needs and aspirations. In an equitable educational system, every student has access to the resources, opportunities, supports, and educational rigor they need at the right moment in their education, regardless of their race, ethnicity, gender, gender identity, sexual orientation, language, learning path, accessibility needs, family background, family income, citizenship, or tribal status (*CPS Equity Framework, 2020*).

**Targeted Universalism:** A framework that recognizes the critical role of systems and structures in students’ everyday experiences and acknowledges that the way students interact with those systems and structures differs depending on identity and students’ life circumstances, both of which can affect how they perform in school. To be successful in this work, we believe we must take a racial equity stance through targeted approaches to eliminate racialized outcomes caused by structural racism. (*CPS Equity Framework,*

2020).

**Restorative Practices:** Restorative practices refer to a continuum of school-based alternatives to exclusionary discipline that are adapted to the particular needs of the school and community. Restorative practices contribute to maintaining school safety, protect the integrity of a positive and productive learning climate, and teach students the personal and interpersonal skills they will need to be successful in school and society. In addition, restorative practices serve to build and restore relationships among students, families, schools, and communities and reduce the likelihood of future disruption by balancing accountability with an understanding of students' behavioral health needs. Restorative practices are ways of proactively developing relationships and community, as well as repairing the community when harm is done. After conflict or harm, restorative practices provide a way of thinking about, talking about, and responding to issues and problems by involving all participants to discuss their feelings and opinions, identify what happened, describe how it affected everyone, and find solutions to make things better.

**Workforce Equity:** Workforce equity ensures equitable human resource practices, including hiring, retention, and promotion efforts focused on the greatest-needs groups and most impacted community members while centering competencies of cultural responsiveness, anti-racism, and anti-bias. Workforce equity requires CPS to eliminate institutional barriers and sustain targeted universalist equity goals related to employee attraction, selection, participation, and retention for most impacted populations at the School, Office, and Department level to ensure representativeness reflecting student demographics (*City of Seattle, 2016*).

### III. Culturally Responsive Education and Diversity Collaboration and Partnerships

A. CPS is committed to prioritizing the voices of those most impacted, especially students and families, in policies related to district and school culture. Using the CPS Spectrum of Inclusive Partnerships tool, CPS will also engage key partners in the implementation of this Policy, including community organizations, city and other government agencies, researchers, philanthropy, and local businesses, to provide comprehensive support and resources to create culturally responsive and equitable educational experiences for all students.

b. All CPS educators shall aim to incorporate culturally responsive and linguistically responsive teaching practices into their instruction in alignment with the CPS Framework for Teaching and ISBE Culturally Responsive Teaching and Leading Standards (2021). These practices should recognize and celebrate the diverse cultural backgrounds and languages of students and communities, ensuring that the curriculum is inclusive and reflective of the students' experiences, with a heightened focus on students furthest from opportunity.

## **2. Curriculum and Instruction:**

a. The Office of Teaching and Learning (T&L), in collaboration with the Office of Multilingual-Multicultural Education (OMME) and other essential offices and educators, aims to regularly review and revise the CPS curriculum in alignment with the CPS Instructional Equity Curriculum Rubric to support a consistent, effective development of high-quality, linguistically appropriate curriculum and ensure it includes diverse perspectives and accurately represents the contributions, histories, and languages of various cultural groups and communities. This includes integrating Black history, Latiné/x history, Indigenous history, Asian American history, and other underrepresented narratives.

b. Supported by the Office of Network Support (ONS) and The Office of Teaching and Learning (T&L), school leaders and educators shall aim to ensure instructional materials and resources are selected using the CPS Instructional Equity Rubric in alignment with the CPS School Leadership Framework to support the diverse cultural experiences of students. This includes literature, multimedia, and other educational tools that reflect a wide range of voices and experiences.

## **3. Professional Learning**

a. CPS shall ensure that all CPS staff, including educators, administrators, support personnel, network, and central office staff, have opportunities to receive ongoing and adaptive professional learning focused on culturally responsive education, linguistically responsive education diversity, anti-racism, and anti-bias practices. a. The Office of Equity, in collaboration with the Office of Student Protections and Title IX (OSP), the Talent Office, and other relevant departments, shall implement district-wide initiatives to promote anti-racism and anti-bias practices. These initiatives will include policies, professional learning, and programs aimed at addressing and eliminating discriminatory practices and systemic inequities. These practices shall align with the CPS Equity Framework and the CPS Final Comprehensive Non-Discrimination, Harassment, Sexual Harassment, Sexual Misconduct and Retaliation Policy (22-0928-PO2).

b. The Office of Social Emotional Learning (OSEL), in collaboration with the Office of Equity and other relevant offices through regular professional development and targeted support, will work to reduce disparities in disciplinary actions and other areas where inequities may exist. This includes ensuring that disciplinary policies are applied equitably and that restorative practices are employed to support student's social and emotional development.

## **5. Workforce Diversity, Equity and Inclusion:**

a. CPS is committed to creating a diverse and inclusive district and school community. The Talent Office, in partnership with schools, networks, and other offices, shall lead efforts to recruit, hire, promote, and retain a diverse workforce that reflects the student population. By doing so, we aim to cultivate learning and work environments where students and staff can see themselves valued and represented while also expanding their understanding of the broader world.

b. CPS is committed to promoting inclusive practices that ensure all students and staff, regardless of race, national origin, ethnicity, language, gender, gender identity, sexual orientation, disability, age, socioeconomic status, religion, education, marital status, physical appearance, or other characteristics, feel affirmed, welcomed, and supported throughout the district.

## **6. Community Engagement:**

a. The Office of Family and Community Engagement (FACE), the Department of Student Voice & Engagement (DSVE), and other relevant departments, in collaboration with the Office of Equity, will aim to engage with students, families, and community members to gather feedback and ensure the implementation of the CRED Policy aligns with the needs and expectations of the CPS

---

community.

b. With the support of the Office of Multilingual-Multicultural Education (OMME), schools will aim to ensure that communication and engagement strategies are linguistically accessible and culturally responsive by engaging families in their home languages and recognizing the cultural assets they bring.

c. Schools are responsible for fostering strong partnerships with families and community members, ensuring their voices are integral to school decision-making processes and where families and community members feel valued, respected, and empowered to contribute to the development of school policies, curriculum, and practices.

d. The district will also collaborate with community organizations, businesses, and city agencies to support the goals of the CRED Policy and enhance the resources available to students, staff, and families.

**7. Accountability and Monitoring:**

a. Each school, office, and department within CPS is responsible for implementing this policy and ensuring compliance with its commitments. This includes developing process guidelines and monitoring mechanisms to track progress and address areas of concern.

b. In alignment with the Continuous Improvement Data Transparency (CIDT) policy, the district shall submit a report to the Board before the end of the calendar year at least once every three years, starting in FY28 inclusive of district findings on the evaluation and impact of the CRED Policy, as well any recommendations for improving the policy based on findings. **AMEND BOARD 01-1128-PO4  
REPORT POLICY ON ACCOMMODATIONS  
FOR STUDENT RELIGIOUS PRACTICES**

**THE CHIEF EXECUTIVE OFFICER RECOMMENDS:**

That the Chicago Board of Education ("Board") amend Board Report 01-1128-PO4, Policy on Accommodations for Student Religious Practices in response to the biennial policy review requirement of Board Rule 2-6.

**STUDENT RELIGIOUS PRACTICES**

It is the policy of the Chicago Public Schools ("CPS") to accommodate student religious practices provided that such practices can be accommodated in a manner which does not violate the Establishment Clause of the U.S. Constitution, and to the extent that the accommodation does not place an undue burden on the school. CPS is committed to continually assessing this policy's effectiveness in addressing the needs of students of all faiths and promoting equitable school environments. This policy shall be implemented in a manner that is consistent with: CPS Policy Against Discrimination on the Basis of Race, Color, National Origin, Gender, Sexual Orientation, Age, Religion or Disability the Comprehensive Non-Discrimination, Harassment, and Retaliation Policy <

Schools will work to create safe and supportive environments where students can use religious accommodations without feeling excluded or unsafe. Families, students, and school staff are encouraged to share feedback, and CPS will use this input to make necessary improvements and provide further training and resources to schools.

**A. Holidays**

1. ~~Students~~ All students, regardless of faith distinction, are entitled to excused absences for the observance of religious holidays.
2. ~~Students~~ All students who are absent for the observance of a religious holiday must have an equitable opportunity to make up any missed work, examination or assignment. Teachers and staff will collaborate with students to provide reasonable deadlines and ensure they do not face academic disadvantages.
3. Any student who avails themselves of the opportunity to make up any work, examination or assignment missed because of the observance of a religious holiday, shall not be penalized based on that absence. Make-up work must maintain the same standards as regular classwork to ensure equitable learning experiences.
4. ~~A school, through its student handbook, may require parents/legal guardians to notify the principal up to five calendar days prior to any anticipated absence for a religious holiday. In accordance with a school's student handbook, parents/legal guardians may be required to notify principals of any anticipated absence for a religious holiday. The process will be communicated in ways that are accessible to all students and families, ensuring inclusive understanding.~~
5. When planning curricular scopes and sequences, schools and educators should anticipate and incorporate religious holidays and practices into the academic calendar to ensure resource equity. This includes offering students alternate ways to engage

---

with learning and to maintain consistency in learning opportunities for all students.

**B. Other Religious Accommodations**

1. Schools shall attempt to make reasonable accommodations for all students who have particular religious needs, regardless of faith distinction, if requested in writing by a parent/legal guardian. Schools are not required to accommodate a religious request if granting such a request would place an undue burden on the school. For example, a high school should grant limited space, if available, and limited time, for prayer, if prayer time and space is requested by a parent in writing. However, the principal need not empty a classroom that is otherwise being occupied in order to accommodate the student. If there is no space available in the building, the principal may deny the request. Prior to denying such a request, the principal must obtain approval from the Law Department.
2. Use of staff time to accommodate students' religious needs is both a burden to the school and support for a particular religious practice which is in violation of the First Amendment of the U.S. Constitution. Therefore, no staff time shall be required to monitor or supervise a student's religious activities. Requests for accommodations which would require staff supervision should be denied.
3. In order to be granted a religious accommodation, a student's parent or legal guardian must submit a written request to the principal. The written request must state: (a) the specific accommodation requested; (b) why the accommodation is needed and (c) the time and duration of the accommodation. Schools must work in inclusive partnerships with students, families, and faith communities to ensure that reasonable requests are considered and fulfilled equitably.
4. ~~To the extent possible, students should fulfill their religious obligations during lunch or a free period.~~ If a student must fulfill a religious obligation during class time, the principal should grant an excused absence for a limited, defined time. Students who are excused from class for religious needs must have an equitable opportunity to make up any work, assignment or test missed as a result of the absence.

**AMEND BOARD REPORT 21-0728-PO21  
ENROLLMENT AND TRANSFER  
OF STUDENTS IN THE CHICAGO PUBLIC SCHOOLS**

**THE CHIEF EXECUTIVE OFFICER RECOMMENDS THE FOLLOWING:**

That the Chicago Board of Education (“Board”) amend Board Report 21-0728-PO1, Policy on the Enrollment and Transfer of Students in the Chicago Public Schools.

**POLICY TEXT:**

**I. ENROLLMENT**

Enrollment decisions should be made in the ~~best educational interest of the child~~ child's best educational interest and to promote equitable and fair enrollment across the district. All children between the ages of five and twenty-one who live in the City of Chicago who seek admission must be enrolled in Chicago Public Schools. Decisions concerning enrollment will be consistent with the Section 34-18(7) of the Illinois School Code.

**A. Students Enrolling In Chicago Public Schools**

1. General Rule

Children who enroll in the Chicago Public Schools (“CPS”) and live within the attendance area of a particular school, must be accepted for enrollment in that school.

2. Exceptions to the General Rule

The general rule governing enrollment does not apply in the following situations:

- a) Where a school has been designated for controlled enrollment, enrollment eligibility is subject to the requirements ~~set out~~ in the Board’s Controlled Enrollment of Elementary and High Schools Policy.
- b) Where the school has no established attendance boundary, such as a magnet school, or a school with established selective enrollment admissions criteria. For schools with no attendance boundaries, and for choice schools that require an application, admissions must comply with the Admissions Policy for Magnet Selective Enrollment and Other ~~Options for Knowledge~~ GoCPS Schools and Programs and the ~~Elementary and High School Guide issued annually by CPS~~ GoCPS Website which ~~identify~~ identifies the admissions requirements for magnet, ~~and~~ selective enrollment, and all other non-attendance area schools and programs.
- c) Where a school offers a preschool program, eligibility for preschool program enrollment is subject to preschool enrollment eligibility criteria and enrollment procedures as further described in section A.7 of this Policy. ~~Except when otherwise specified by the Board, or Preschool Enrollment Guidelines, enrollment in a school’s preschool program does not establish eligibility or guarantee to enrollment in the school’s kindergarten program.~~

3. Age of First Enrollment

To enroll in kindergarten and 1st grade, a student must satisfy the age eligibility requirements specified in Board Rule 6-2 unless the student is accepted into Early Entrance to Kindergarten or Early Entrance to First Grade as defined by the Accelerated Placement Policy (302.12). Children must be 3 or 4 years old, but not yet 5 years old, on or before September 1 of the enrolling academic year ~~in order~~ to be age eligible for a CPS preschool program.

## 4. Enrollment of Students With Disabilities

Where a student with disabilities in grades Kindergarten through 12, seeks to enroll in his or her attendance area school, the attendance area school must immediately enroll that child.

- a. If the attendance area school believes that it is unable to implement the student's Individualized Education Program (IEP) or 504 Plan, the school must then contact the Office ~~of Diverse Learner Support Services ("ODLSS")~~ for Students with Disabilities ("OSD") for appropriate review and placement determination and provide interim services until proper placement is made by ~~the ODLSS OSD.~~
- b. If a student with disabilities' ~~IEP or 504 Plan~~ requires an accessible building, an attendance area school or magnet school that constitutes the nearest building that meets the student's accessibility needs must accept the student, if requested by ODLSS OSD, even if the student *has not applied or has not been accepted* into the school.
- e. ~~Minimum Enrollment Targets. Every school must strive to meet the minimum enrollment targets of students with disabilities established by the Final Report of the Corey H. court monitor. If a school is below the minimum enrollment target, the school and the ODLSS must determine whether the placement of a program for students with low incidence disabilities is appropriate to assist the school in meeting the minimum enrollment target.~~

## 5. Enrollment of English Learners ("EL")

- a. The parent/guardian of all new students enrolling for the first time must complete a Home Language Survey (HLS) at the time of enrollment.
- b. If either question on the HLS is answered yes, the school must use the state-prescribed screening instrument to measure the student's English language proficiency to determine eligibility to receive bilingual education services. For more information, see the Bilingual Education Policy, Section 603.1.
- c. Enrollment in Attendance Area School Without Bilingual Education Program.

~~i. Where an EL student seeks to enroll in the EL student's attendance area school and the school does not offer a bilingual education program aligned with the child's English language proficiency, the child must be enrolled in the attendance area school and given the option to transfer to the nearest school offering a bilingual language program.~~

Where a student who has been identified as an English Learner or identified for screening for EL services seeks to enroll in any school, the attendance area school must enroll the student and provide the most appropriate bilingual services possible, as EL students are required to receive EL services at their school. If their school currently only provides a Transitional Program of Instruction, parents/guardians have an option to request a transfer to a nearby school that provides Transitional Bilingual Education services.

~~ii. Pending identification and transfer to another school, or if the child opts to remain in the home school, the child must be enrolled and provided the most appropriate bilingual education services possible, consistent with their child's bilingual instructional needs.~~

iii. The school responding to a parental/guardian request for a transfer must contact follow the guidance of the Office of Language and Cultural Education Multilingual and Multicultural Education (OMME) for any placement in an alternate program or for assistance in developing the student's language proficiency in the attendance area school.

- d. ELs who also have an IEP must be provided both bilingual education services as well as the services required under their IEP.

6. Enrollment in a New School or Branch

For any new school or branch not identified in the annual [Elementary and High School Guide issued by CPS GoCPS website update](#), the application deadline identified [in the Options for Knowledge Guide on the website](#) will not apply. In these cases, CPS must issue application requirements and deadlines as appropriate for these schools.

7. Enrollment in Preschool Programs

Enrollment in a CPS preschool program is subject to the application and eligibility requirements that are specific to each CPS preschool program and based on applicable federal or state requirements. Enrollment in any CPS preschool program is subject to availability of space. The parent or guardian seeking enrollment for a child must satisfy all documentation requirements set out in this Policy as well as additional program eligibility documentation requirements as set out in the Preschool Enrollment Guidelines issued by the Office of Early Childhood Education ("[OECE](#)") ("[Preschool Enrollment Guidelines](#)"). Modified enrollment eligibility requirements may apply to children exiting the State of Illinois' Early Intervention Program as specified in the Preschool Enrollment Guidelines.

Enrollment in a preschool program is not subject to school attendance boundary requirements. Parents/guardians may seek to enroll their child at any school offering a preschool program for which they are eligible. If there are more applicants than available spaces for a preschool program at a particular school, students will be prioritized for placement in accordance with the Preschool Enrollment Guidelines.

Students with disabilities shall have their preschool program placement determined by [the ODLSS OSD](#). Students who have received an [itinerant CBO Itinerant](#), [inclusive Inclusive](#), or [instructional Intensive](#) IEP from [ODLSS OSD](#) may be able to begin preschool immediately on or after their third birthday, even if it falls after September 1 of the academic year (see Preschool Enrollment Guidelines). If a student with a disability has an IEP in place at the time of preschool enrollment, [the ODLSS OSD](#) will work with the Office of Early Childhood Education in determining the appropriate preschool placement for the student.

[Enrollment of students suspected to have a disability](#): If the school believes after enrollment in any preschool program that a student may have a disability, the preschool program must begin the special education referral process and continue the student's enrollment in the program until the student is determined to have a disability and an IEP is developed and appropriate program placement is determined.

**PURPOSE:** The purpose of this policy is to establish the retention and related requirements for messages, calendars, notes and task items located on the Board's E-Mail Chicago Public Schools' ("District") email and collaboration system(s) applications which include Google Email, Google Tasks, Google Group Posts, Google Chat, Google Calendar, and Google Meet ("Google Workspace Applications").

#### POLICY TEXT:

This Policy applies to all Users, except student users, of any Board E-Mail system whether owned or operated by a third party on behalf of the Board, school or unit. For purposes of this policy, User shall mean Board employees, officers, temporary employees, interns, vendors, consultants, contractors, and authorized agents and volunteers who use the Board's E-Mail system(s).

This Policy includes the minimum retention requirements that apply to items in specific Google Workspace Applications which are implemented by the Office of Information and Technology Services ("ITS") for the District. The minimum retention requirements for items created, received, and maintained in the Google Workspace Applications included in the policy apply throughout the District to all student and non-student users. The minimum retention requirements have been established by the Local Records Commission of Cook County ("Commission").

In accordance with the Local Records Act and the Board's Records Management and Retention Policy, the Commission establishes the record retention periods for District records based on each record's legal, fiscal, administrative, and historical value. The retention period for each record can be found in the District's records retention schedule. Non-student users, including District employees, officers, temporary employees, interns, vendors, consultants, contractors, and authorized agents and volunteers, are required to save each item outside of these Google Workplace Applications if the item qualifies as a record that must be retained for a longer time period as required in the Board's records retention schedule.

#### A. Mailbox Size and Management

The Board's E-Mail email and collaboration application system is to be used as a method of communication among employees and other authorized users for business purposes. It is not intended to be a medium in which to permanently store electronic information. Where the Office of Information and Technology Services ("ITS") has mailbox size or attachment restrictions in place, Users are required to manage the space in their mailbox appropriately. The retention periods described in this Policy do not guarantee that a User's mailbox size will accommodate the storage of all E-Mail email messages for the duration of the retention period. Therefore, Users should regularly review their messages and take timely action on long term retention needs. To stay within mailbox size limitations, E-Mail email messages with large attachments should be saved to offline storage or printed immediately and then deleted from the mailbox.

B. Retention Period

1. E-Mail Email messages and attachments, Google Group Posts, and Google Chats and Note items more than one (1) year in age will be automatically deleted by ITS from a User's mailbox the system. Any E-Mail messages and Note items, including document attachments that need to be retained for longer than one (1) year either (a) pursuant to law, (b) an order of a court, (c) at the direction of the Board's Law Department, (d) pursuant to the Board's records retention schedule registered on file with and approved by the Local Records Commission or that have administrative or historical value must be printed out or copied to offline or local storage by the User.

ITS shall implement a system to suspend the Board's routine for destroying E-Mails outlined herein when requested as part of a litigation hold by the Law Department. This suspension will be in place until ITS is directed otherwise by the Law Department.

2. Electronic Google Calendars and Task items, and Meet items located on the E-mail system email and collaboration application system (Google Workspace) will be available for a period of more than two (2) years in age will be automatically deleted by the system.

Any Google Workplace Application item, including attachments that need to be retained for longer than the minimum retention requirements of one (1) year or two (2) years either (a) pursuant to law, (b) an order of a court, (c) at the direction of the Board's Law Department, (d) pursuant to the District's records retention schedule on file with the Commission or that have administrative or historical value must be printed out or copied to offline or local storage by the User.

ITS shall implement a system to suspend the District's routine for destroying emails outlined herein when requested as part of a litigation hold by the Law Department. This suspension will be in place until ITS is directed otherwise by the Law Department.

C. E-Mail Email and Collaboration Applications Archive

E-Mail messages may be public records and therefore, beginning November 1, 2007, the Board's E-Mail system will utilize an archive system that will automatically record and retain User E-Mail messages for a period of one year. ITS will automatically destroy archived E-Mail messages more than one (1) year in age in accordance with this Policy and the Board's records retention schedule registered with and approved by the Local Records Commission. This retention period and purge process will be applied automatically to a User's archived E-Mails except when a User's E-Mails messages and resources have been quarantined for litigation purposes.

Information in the Google Workplace Applications may be public records and therefore, the District's email and collaboration application system will utilize an archive system that will automatically record and retain User Google Workplace Application items in accordance with the retention periods listed in this section. The system will automatically destroy archived Google Workplace Application items in accordance with this Policy. The retention period and purge process will be applied automatically to a User's archived Google Workplace Application items except when a User's email messages and resources have been quarantined for litigation or for other limited, justified purposes as determined by the Law Department.

Google Workspace Application Retention Policy

<u>Google Email</u>	<u>1 Year</u>
<u>Google Group Post</u>	<u>1 Year</u>
<u>Google Chat</u>	<u>1 Year</u>
<u>Google Calendar</u>	<u>2 Years</u>
<u>Google Meet</u>	<u>2 Years</u>

D. School-Based E-Mail Systems

Any school which elects to operate its own E-Mail system must ensure that its system complies with the requirements of this Policy and all other applicable Board Policies, guidelines and standards as a condition for continued operation.

## Board Report

24-1101-PO5

Agenda Date: 11/1/2024

### AMEND BOARD REPORT 08-0924-PO2 ACCOUNTS RECEIVABLE POLICY

#### THE CHIEF EXECUTIVE OFFICER RECOMMENDS THE FOLLOWING:

That the Board amend Board report 08-0924-PO2, Accounts Receivable policy, in response to the biennial review requirement in Board Rule 2-6. This policy was posted for public comment from August 30, 2024 until September 30, 2024.

#### Purpose:

Establishing the administrative requirements in this policy will ensure the uniform implementation and management of tracking and collecting receivables. This policy will help prevent unreimbursed allocations and delays in deposits while providing a centralized source for payment inquiry. Certain debts are inevitably uncollectible and this policy is required to establish the methodology for removing debt from the books and records.

#### POLICY TEXT:

##### I. CPS Receivables

Whereas many central office departments have agreements with other organizations for the reimbursement of Chicago Public School's expenses, the Chicago Public Schools maintains one payment location for the central office. All payments received by central office departments must be submitted to the Accounts Receivable Unit for deposit on the same day as it is received. All payments will be entered into the Oracle Accounts Receivable Module for tracking and audit purposes. All invoices submitted by any central office unit to a third party must contain an Accounts Receivable Invoice Number and the Accounts Receivable address for the payment location. This information is obtainable from the ~~Division of Revenue, Accounts Receivable Unit~~ Revenue Unit, Accounts Receivable Team. The invoicing department will be required to identify the due date, amounts, description of services, inquiry contact and phone number, and Oracle budget line to reimburse.

##### II. Rebates and Refunds

Rebates and refunds offered by retailers, manufacturers, or service providers based on usage or sales volumes will be credited to the general fund and appropriated as determined by the Office of Management and Budget.

##### III. Write-offs

~~Pursuant to Board Rule 5-32,~~ The Chief Financial Officer shall have the authority to determine if a receivable totaling \$50,000 or under is uncollectible and should be removed from the general ledger based upon a review of the circumstances. The Board shall authorize all write-offs of \$50,001 or more through board action. The Chief Financial Officer shall submit an annual report to the Board at the November or December board meeting of all write-offs and maintain a listing of uncollectible invoices and provide this listing to the General Counsel, Chief Talent Officer of ~~Human Resources~~ and Chief

~~Purchasing~~ Procurement Officer to prevent future board actions, supplier payments or the rehiring of the debtor. Removing the receivable from the general ledger shall not preclude the Chief Financial Officer from seeking collection through legal action initiated by the Board or third-party collection efforts.

#### **IV. Collection Policy**

The Chief Financial Officer has the authority to refer debts owed to the Chicago Public Schools to a third-party collection firm for collection. All referred debts will be reviewed by the General Counsel prior to being referred out to a third-party collection firm that has a contract with the Chicago Public Schools.

## Board Report

24-1101-PO6

Agenda Date: 11/1/2024

### AMEND BOARD REPORT 17-1025-PO2 ACCOUNTING AND FINANCIAL REPORTING FOR CAPITAL ASSETS POLICY

#### THE CHIEF EXECUTIVE OFFICER RECOMMENDS:

That the Board amend Board Report 17-1025-PO2, Accounting and Financial Reporting for Capital Assets Policy in response to the biennial review required by Board Rule 2-6. This policy was posted for public comment from August 30, 2024 until September 30, 2024.

#### PURPOSE:

The “Policy on Capital Assets” defines requirements for accounting for capital assets and expands upon the “Policy on Asset Management” to identify capital asset categories, capitalization thresholds, useful lives, in-service dates, and depreciation methods.

#### SCOPE:

This policy covers all assets purchased, constructed or donated that meet or exceed the established capitalization thresholds and useful lives as defined in Section II B. Capitalization Thresholds and Useful Lives.

#### APPLICABILITY:

This policy applies to all CPS organizational units, including central office departments, network offices, and schools. Adherence to this policy is necessary to comply with federal and state regulations, governmental accounting standards, and to maintain adequate internal control over financial reporting and accounting for capital assets. In addition, Illinois Administrative Code Title 23 Part 100 Section 100.60 (23 IL 100.60.a) requires each school board to adopt a capitalization threshold in order to properly account for capital assets. Finally, proper accounting for capital assets is necessary in order to comply with generally accepted accounting principles as promulgated by Government Accounting Standards Board (GASB) Statements 34, 42, 51, 62, 87, 94, 96 etc. and subsequent amendments.

#### POLICY TEXT:

#### I. CAPITAL ASSET DEFINITIONS

Capital assets are real or personal property that have a value equal to or greater than the capitalization threshold for the particular classification of the asset and have an estimated life of greater than a year.

##### A. Classification of Capital Assets

Assets purchased, constructed or donated that meet or exceed the established capitalization thresholds or minimum reporting requirements must be uniformly classified. CPS records assets in the following categories:

- Land
- Buildings
- Building improvements
- Leasehold improvements
- Personal property (including equipment and furniture)
- Works of art and historical treasures
- Intangible assets

- Construction in progress

## B. Classification Definitions

“Land” is the surface of the earth, which can be used to support structures and may be used to grow crops, grass, shrubs, and trees. Land is characterized as having an unlimited life.

“Buildings” are structures that are permanently attached to the land, have a roof, are partially or completely enclosed by walls, and are not intended to be transportable or moveable.

“Building improvements” are capital events that materially extend the useful life of a building or increase the value of a building by at least 25 percent of the original life period or cost, or both. For a replacement to a portion of a building to be capitalized, it must be part of a major repair or rehabilitation project, increase the value and/or useful life of the building, and be of significantly improved quality and higher value compared to the replaced portion. Replacement or restoration to original utility level is not capitalized.

“Leasehold improvements” are improvements made to existing structures by the lessee, who has the right to use these leasehold improvements over the term of the lease. These improvements will revert to the lessor at the expiration of the lease. Moveable equipment or office furniture that is not attached to the leased property is not considered a leasehold improvement.

“Personal property” is any movable tangible asset used for operations, the benefits of which extend beyond a year from the date acquired and rendered into service. Improvements or additions to existing personal property that constitute a capital outlay or increase the value or life of the asset by 25 percent of the original cost or life will be capitalized as a betterment and recorded as an addition of value to the existing asset. Note: Costs of extended warranties and/or maintenance agreements, which can be separately identified from the cost of the equipment, will not be capitalized.

“Works of art and historical treasures” are collections or individual items of significance which are not held for financial gain, but rather for public exhibition, education or research in furtherance of public service.

“Intangible assets” are assets that have these three characteristics: lack physical (tangible) substance, nonfinancial in nature, and initial useful life that is greater than one reporting period (see GASB 51, GASB 87, GASB 96, and GASB 94). Intangible capital assets include:

1. Major computer system software - Any trademarked software package that is purchased or donated which comprises or adds to the useful life of the legacy database systems, the Oracle™ database system, or the Peoplesoft database system.
2. Minor computer system software - Any trademarked software package that is purchased or donated, or software that is internally developed to create new systems, that is not classified as Major Computer System Software.
3. Intangible right-to-use leased asset - Lease agreements that are capitalized under GASB 87 include an intangible right-to-use leased asset which is valued at the net of the present value of the lease agreement upon capitalization and related accumulated amortization for that lease.
4. Intangible right-to-use subscription asset - Subscription-based information technology arrangements (SBITA) that are capitalized under GASB 96 include an intangible right-to-use subscription asset which is valued at the net of the present value of the SBITA agreement and related accumulated amortization for that SBITA.
5. Intangible right-to-use PPP asset - PPP arrangements that are recognized under GASB 94 include an intangible right-to-use PPP asset which is measured based on the guidance provided by GASB 94.

“Construction in progress” is the economic construction activity status of assets (buildings, building improvements, software, etc.) which are substantially incomplete.

**II. CAPITAL ASSET GUIDELINES**

**A. System of Record and Tracking**

Initial purchases are first recorded via vendor invoice entry into the District’s designated software system for disbursements, then compiled by location and project and recorded for capital asset financial reporting purposes. Donated assets and other non-monetary transactions will be recorded directly in the financial reporting software. In addition to the data elements identified in the “Policy on Asset Management,” capital asset records should include the following:

- In service date
- Useful life
- Depreciation method

**B. Capitalization Thresholds and Useful Lives**

Capitalization thresholds and useful lives for each asset class are as follows:

Class of Asset	Threshold	Useful Lives
Land	Capitalize All	N/A
Buildings	Capitalize All	50 years
Building improvements	Capitalize All	25 years
Leasehold improvements	Capitalize All	Remaining term of lease
Personal property (including Equipment)	\$25,000	5 years
<u>Aggregated Assets*</u>	<u>\$25,000</u>	<u>5 years</u>
Works of art/historical treasures	Capitalize All	N/A
Intangible assets		
Major software	\$25,000	20 years
Minor software	\$75,000	3 years
<u>Intangible right-to-use leased asset</u>	<u>\$25,000</u>	<u>Term of lease</u>
<u>Intangible right-to-use subscription asset</u>	<u>\$25,000</u>	<u>Term of agreement</u>
<u>Intangible right-to-use PPP asset</u>	<u>\$25,000</u>	<u>Term of agreement</u>
Construction in progress	Capitalize All	N/A

*\*Aggregated Assets includes multiple assets purchased as a group that have been capitalized under GASB Implementation Guide 2021-1. See section D below for details.*

**C. Capital Asset Acquisition Cost**

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Historical cost includes the vendor's invoice plus the value of any trade-in or educational allowance, initial installation cost, modifications, attachments, accessories or apparatus necessary to make the asset usable and render it into service. Historical cost also includes ancillary charges such as freight and transportation charges, site preparation costs and professional fees.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Capitalization of computer software includes software license fees if the total dollar amount of the fee divided by the number of units served (terminal or user count) meets the criteria to capitalize the purchase.

Internally developed software costs associated with the preliminary project and the post-implementation/operating phases should be expensed as incurred. Capitalization of costs should begin when the preliminary project phase is complete and management has explicitly authorized or commits to funding the software project with the intent it will be completed and used to perform its planned functions. Capitalization should cease no later than the time at which substantial testing is complete and the software is ready for its intended purpose or rendered in service.

During the application development phase, internal and external costs should be capitalized, including costs to develop or obtain software that allows for access or conversion of old data by new information systems. General and administrative costs and overhead expenditures associated with software development should not be capitalized as costs of internal use software.

#### **D. Aggregation and Capitalization of Groups of Assets**

Per GASB Implementation Guide No. 2021-1, governments are able to aggregate purchased assets whose individual acquisition costs are less than the capitalization threshold if those assets in aggregate are significant and exceed the capitalization threshold. This enables governments to ensure that all significant capital assets are collectively capitalized.

CPS will aggregate and capitalize the costs related to all electronic devices (iPads, laptops, tablets, etc.) that are purchased on an annual basis through the Information Technology Department's standard processes which ensure that each student and staff member (as applicable) are issued a device. The Information Technology Department in cooperation with the Asset Management Department maintains inventory details related to these devices and completes annual procedures to determine obsolescence and impairment of the devices, replaces and issues devices as necessary and to ensure adequate safety stock for the District. These capitalized assets will be depreciated on a straight-line basis as discussed within section H below.

#### **E. Leased Assets : (Land, Building, Vehicle & Equipment)**

Per GASB Statement No. 62, assets should be capitalized if the lease agreement meets any one of the following criteria:

- The lease transfers ownership of the property to the lessee by the end of the lease term.
- The lease contains a bargain purchase option.
- The lease term is equal to 75 percent or more of the estimated economic life of the leased property.
- The present value of the minimum lease payments at the inception of the lease, excluding executory costs, equals at least 90 percent of the fair market value of the leased property.

Per GASB Statement No. 87, a lease is defined as a contract that conveys both (1) the right to obtain the present service capacity of an underlying asset and (2) the right to determine the nature and use of the underlying asset as identified within the contract. Examples of nonfinancial assets that may be leased include buildings, land, vehicles and equipment. Leases may include contracts that are not explicitly defined as leases and excludes leases of intangible assets, biological assets, leases of inventory, service concession arrangements, supply contracts and other similar items.

A lease that meets the criteria above should be capitalized if it meets the following criteria:

- the lease term exceeds 12 months, and
- the present value of the lease exceeds the capitalization threshold of \$25,000.

Leases that do not meet any of the above requirements should be recorded as operating leases above are not required to be capitalized as a lease under the guidance.

Upon capitalization, the following must be recognized by the organization as either the lessor (landlord) or lessee (tenant):

**Lessor:**

1. Lease receivable asset valued at the present value of lease payments expected to be received during the life of the lease less any estimated uncollectible amounts, and
2. Deferred inflow of resources at the amount of the lease asset plus any lease payments received at or before the beginning of the lease term related to future periods and less any lease incentives paid to the lessee at the beginning of the lease term.

Lease receivable assets will be reduced by lease payments received over time net of interest revenues. Deferred inflow of resources will be amortized systematically using the straight-line method over the life of the lease.

**Lessee:**

1. Lease liability valued at the present value of the payments expected to be made over the life of the lease, and
2. Right-to-use lease asset at the amount of the lease liability plus any lease payments made to the lessor at or before the beginning of the lease term related to future periods and any initial direct costs required to place the leased asset into service.

Lease liabilities will be reduced by lease payments made over time net of interest expenses. Right-to-use lease assets will be amortized systematically using the straight-line method over the life of the lease.

**Modifications and Terminations:**

Lease agreements may be modified or terminated prior to the contractual end date. Modifications and terminations of contracts will be reassessed in accordance with the guidance provided by GASB 87 and appropriate accounting treatment will be used to record these changes per the guidance.

**F. Public-Private and Public-Public Partnerships and Availability Payment Arrangements**

Per GASB Statement No. 94, a public-public partnership (“PPP”) is defined as an arrangement in which one government contracts with another government to provide public services by conveying control of a nonfinancial asset - such as infrastructure or another capital asset (the underlying PPP asset) such as land, buildings, vehicles and equipment - for a period of time in an exchange or exchange-like transaction. A PPP under GASB 94 may meet the definition of a lease under GASB 87 and be subject to the guidance provided by GASB 87 provided that the transferred assets are the only underlying PPP assets, the assets are not required to be improved as part of the agreement and the PPP does not meet the definition of a service concession arrangement (“SCA”).

**Public-Private and Public-Public Partnerships**

**Transferor:**

If an underlying PPP asset is an existing asset of the transferor at the time of the commencement term, the transferor should recognize the following at the commencement of the PPP term:

- The underlying PPP asset at its carrying value and continue all other accounting and financial reporting requirements related to the asset including depreciation and impairment,
- A receivable for installment payments at the present value, if any, to be received in relation to the PPP, and
- A deferred inflow of resources related to the PPP as provided by the guidance.

If an underlying PPP asset is purchased or constructed by the operator, the transferor should recognize the following when the PPP asset is placed into service:

- A receivable for the underlying PPP asset purchased or constructed to be received from the operator based on the estimated carrying value of the underlying PPP asset on the expected date that ownership is transferred from the operator to the transferor,
- A receivable for installment payments at the present value, if any, to be received in relation to the PPP, and

- A deferred inflow of resources related to the PPP as provided by the guidance.

Operator:

If an underlying PPP asset is an existing asset of the transferor at the time of the commencement of the PPP term, the operator should recognize the following:

- A liability for installment payments at present value, if any, to be made in relation to the PPP, and
- An intangible right-to-use asset related to the PPP as provided by the guidance.

If an underlying PPP asset is a new asset purchased or constructed by the operator, the operator should recognize the underlying PPP asset until ownership of the PPP asset is transferred to the transferor, if applicable. The operator should continue to apply other accounting and financial reporting requirements related to the asset including depreciation and impairment. When the underlying PPP asset is placed into service, the operator should recognize the following:

- A liability for the underlying PPP asset based on the estimated carrying value of the underlying PPP asset as of the expected date of the transfer of ownership to the transferor, if applicable,
- A liability for installment payments at present value, if any, to be made in relation to the PPP, and
- A deferred outflow of resources for the underlying PPP asset to be transferred to the transferor as provided by the guidance.

### **Service Concession Arrangement**

An SCA is a PPP arrangement between a transferor and operator in which the right and obligation to provide public services through the use and operation of the underlying PPP asset in exchange for significant consideration (up-front payments, installment payments, new facility, improvements to a new facility, etc.) and the operator collects and is compensated by fees from third parties. Further, under an SCA, the transferor determines or has the ability to modify or approve what services an operator is required to provide and the rates to be charged for said services and the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement.

Transferor:

Under an SCA, the transferor will recognize the following items:

- An asset for the purchased or constructed underlying PPP asset when the underlying PPP asset is placed into service,
- A receivable for installment payments expected to be received during the PPP term, if any, to be received related to the PPP at the commencement of the PPP term, and
- A deferred inflow of resources related to the PPP at the commencement of the PPP term.

Operator:

Under an SCA, the operator will recognize the following items:

- A liability for installment payments, if any, to be made in relation to the PPP at the commencement of the PPP term, and
- A right-to-use asset for the underlying PPP asset at the commencement of the PPP term.

### **Availability Payment Arrangements (“APA”)**

An APA is an agreement in which a government enters into a contract with an operator to design, construct, finance, operate and maintain an asset in exchange for fixed payments designed to compensate the operator for those services and variable payments made to the operator based on whether certain measures have been met. An APA may have multiple components and may require treatment as separate components based on the guidance provided.

Components of an APA related to design, construction, or financing of a nonfinancial asset in which ownership of the asset transfers to the government by the end of the contract should be reported as a financed purchase by the government of the underlying nonfinancial asset.

Components of an APA related to providing services for the operation or maintenance of the nonfinancial asset should be accounted for as outflows of resources by the government for the period in which the payment relates.

### **G. Subscription-Based Information Technology Arrangements**

Per GASB Statement No. 96, Subscription-Based Information Technology Arrangements (“SBITAs”), a SBITA is a contract that conveys the right to use another party’s IT software - alone or in combination with tangible IT assets (such as GASB 87 related assets) - for the duration of the agreement in an exchange or exchange-like transaction. The government must obtain both (1) the right to obtain the present service capacity from use of the underlying IT asset(s) and (2) the right to determine the nature and manner of use of the underlying IT asset(s) as specified in the contract. SBITAs may include contracts that are not explicitly defined as a SBITA and specifically excludes contracts that solely provides IT support services.

A SBITA that meets the definition above should be capitalized if it meets the following criteria:

- the SBITA term is longer than 12 months, and
- the present value of the SBITA exceeds the capitalization threshold of \$25,000.

SBITAs that do not meet the requirements above are not required to be capitalized as a lease under the guidance.

Upon capitalization, the following must be recognized by the organization:

- Subscription liability valued at the present value of all subscription payments expected to be made during the life of the agreement plus any other payments made to the vendor associated with the contract and any incentives or penalties related to the agreement, and
- Subscription asset at the value of the subscription liability plus any payments made to the vendor at the commencement of the agreement term and any capitalizable implementation costs related to the SBITA.

The subscription liability will be reduced by SBITA payments made over time net of interest expenses. The subscription asset will be amortized systematically using the straight-line method over the life of the SBITA.

#### **Modifications and Terminations:**

SBITA agreements may be modified or terminated prior to the contractual end date. Modifications and terminations of contracts will be reassessed in accordance with GASB 96 and appropriate accounting treatment will be used to record these changes per the guidance.

### **H. Depreciation Method**

Capital asset costs are depreciated over their estimated useful lives. The straight-line depreciation method (historical cost divided by useful life) will be used. Depreciation expense and accumulated depreciation will be calculated in the system of record and posted to the accounting general ledger on a monthly basis.

Land and works of art and historical treasures are deemed inexhaustible and are not depreciated.

Depreciation is not applicable while assets are accounted for as Construction in Progress.

Buildings designated as "historical" by the City of Chicago will not be depreciated unless used in the operations of CPS. However, building improvements not deemed "historical" by the City of Chicago will be depreciated the same as any other building improvements.

Leasehold improvements are amortized over the shorter of (1) the remaining lease term (as determined by the guidance), or (2) the useful life of the improvement. ~~If the lease contains an option to renew and the likelihood of renewal is uncertain, the leasehold improvement is amortized over the life of the initial lease term or useful life of the improvement, whichever is shorter.~~

Intangible right-to-use assets (discussed within section B above) that relate to GASB pronouncements 87, 94 and 96 will be amortized on a straight-line basis over the life of the related agreement. An accumulated amortization account will be maintained in the accounting general ledger annually to present the net carrying value of these assets.

### **I. Impairments**

Per Statement No. 42 of the Governmental Accounting Standards Board, “governments are required to evaluate prominent

events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred. Such events or changes in circumstances that may be indicative of impairment include evidence of physical damage, enactment or approval of laws or regulations or other changes in environmental factors, technological changes or evidence of obsolescence, changes in the manner or duration of use of a capital asset, and construction stoppage. A capital asset generally should be considered impaired if both (a) the decline in service utility of the capital asset is large in magnitude and (b) the event or change in circumstance is outside the normal life cycle of the capital asset.”

The general ledger and fixed asset subledger book value of impaired assets will be reduced to reflect the impairment amount. Impaired assets will not be retired from the general ledger and fixed asset subledger until disposal.

#### **J. Disposals and Retirements**

Disposal of capital assets purchased with grant funds must be coordinated with the appropriate grant administrator. Disposal of capital assets purchased with bond funds must be coordinated with the CPS Treasury Department.

Upon disposal, capital assets and their related accumulated depreciation are removed from the general ledger and fixed asset subledger. The use of proceeds from the sale of capital assets may be restricted, depending on the funding source used to purchase the assets.

## Board Report

24-1101-EX2

**Agenda Date:** 11/1/2024

### APPROVE THE CONSOLIDATED DISTRICT PLAN

#### **THE CHIEF EXECUTIVE OFFICER RECOMMENDS:**

That the Board approve the FY25 Consolidated District Plan outlining the educational objectives for the district and planning processes for various grant-funded programs, as required by the Illinois State Board of Education (ISBE); the Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA); and other legislation.

#### **DESCRIPTION:**

The Chief Executive Officer is requesting Board approval of the FY25 Consolidated District Plan. ISBE requires that the Consolidated District Plan is approved by the local school board. An approved Consolidated District Plan is required for approval of FY25 grant applications.

The Consolidated District Plan describes the measures the district will take to ensure all children receive a high-quality, well-rounded education and meet challenging State academic standards. The Plan includes needs assessments, professional development plans, and stakeholder engagement efforts for the following federal programs:

- Title I, Part A - Improving Basic Programs
- Title I, Part A - School Improvement Part 1003(a)
- Title I, Part D - Delinquent
- Title I, Part D - Neglected
- Title II, Part A - Preparing, Training, and Recruiting High-Quality Teachers, Principals, and Other School Leaders
- Title III - Language Instruction Educational Program (LIEP)
- EL - Bilingual Service Plan (BSP)
- Title IV, Part A - Student Support and Academic Enrichment
- IDEA, Part B - Flow-Through
- IDEA, Part B - Preschool
- Youth in Care Stability Plan

The Consolidated District Plan is aligned with the CPS strategic plan, "Success 2029: Together We Rise" and informed by key stakeholders, including content owners. Once approved by the Board, the Office of Budget and Grants Management will submit the plan to ISBE via its online grants system.

The Board approved the FY20 Consolidated District Plan in June 2019 (19-0626-EX3) and the FY23 Consolidated District Plan in September 2022 (22-0928-EX2). The Chief Executive Officer seeks re-approval for FY25 due to changes to our Title I grant approach, as well as the adoption of the new strategic plan. The Chief Executive Officer requests the Board delegate authority to the Office of Budget and Grants Management to review and revise as necessary.

**FINANCIAL:** A Board-approved Consolidated District Plan is required for approval of the FY25 grant applications listed above.
